

TRAFFIC DEPARTMENT CHANGED

Announcement of important changes in the traffic department of the Wash and Wheeling and Lake Erie railroads and of the appointment of a new general manager for the eastern Gould line, the Western Maryland, have been made. Vice President B. A. Worthington of the Wash lines east of Toledo has issued circulars announcing the appointment of C. H. Newton to be joint agent of the Wheeling and Lake Erie and Wash-Pittsburgh terminal railroads at Toledo, effective on Dec. 1. It is also announced that the office of general freight agent of the Wash at St. Louis is to be abolished, and S. B. Knight, the present incumbent, has been appointed industrial agent.

Horace Clark, general manager of the Western Maryland and West Virginia Central railroads, the Gould Tidewater lines, has resigned, and Alexander Robertson, formerly general manager of the St. Louis Terminal railroad, has been appointed in his stead.

Kelly Gets Higher Position.

Instead of R. F. Kelly coming to Chicago to supersede Frank Palmer as assistant general passenger agent of the Wash at Chicago, it was announced yesterday that Fred H. Tristram, formerly assistant general passenger agent at Pittsburg, will have the Chicago post, and Mr. Kelly will succeed Tristram at Pittsburg. This promotion will place Tristram next in authority to the general passenger agent of the Wash.

Documentary Proof of Idiocy.

"Look here, old chap, I'll give you a valuable tip," said the experienced married man to the prospective bridegroom. "Don't let your wife keep a diary on the honeymoon. My wife did that, and now whenever we quarrel she brings it out and reads some of the idiotic things I said to her then."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, or imperfect hearing, and when it is entirely closed, deafness is the result, and the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by a catch, which is nothing but an inflamed condition of the mucous surface. We will give you Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sent free on request.

JOYS OF MATERNITY

A WOMAN'S BEST HOPES REALIZED

Mrs. Potts Tells How Women Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age. Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble bear healthy children? Mrs. Anna Potts, of 510 Park Avenue, Fort Springs, Ark., writes: "During the early part of my married life I was delicate in health; both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headaches and backaches left me, I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home. Lydia E. Pinkham's Vegetable Compound is certainly a splendid remedy, and I wish every woman who wants to become a mother would try it."

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

France, Italy, Austria-Hungary, Spain, Russia, Greece and Switzerland follow in order. Asia has not less than 3,000 periodicals, and Africa 200 dailies. America has 17,223 publications, of which 2,215 are dailies.

The Diner's Pet Joke.

"I never do things by halves," remarked Birkins, and the waiter at his elbow put on an expectant grin. He had only expected a 50-cent tip—maybe the gentleman would give him more. "As I was saying," said Birkins, pushing back his chair and accepting his hat, "I never do things by halves. Especially in tipping. I always use quarters. Here you are."—Cleveland Leader.

Small Village; Small Pledge.

Here is an English story: A factory foreman used to drink inordinately; afterwards he reformed, and then there was a conspicuous relapse. His employer rebuked him for not sticking to his solemn agreement. But the man, in good faith and with perfect gravity, explained: "I only took the pledge in a small village—quite a small village, in Yorkshire."

Cable Tolls to Japan.

It costs \$1.76 a word to send a message to Japan; and, with war raging in the far East, the cable tolls for war news are something tremendous. But as the people will have the war news in connection with their morning dish of Pillsbury's Vitos, the cables are kept busy day and night.

Drink Beer from Mugs.

Bavarians have long insisted that beer is better and more wholesome if drunk out of stone mugs than out of glasses. Dr. W. Schultze has now examined the matter scientifically, and has found that beer is made injurious by a chemical process which dissolves the oxide of lead in the glass.

Judge's Kind Admonition.

On one occasion Judge Dewey of Boston had before him a couple of girls charged with stealing ribbons from wreaths on graves. As the evidence of their guilt was not satisfactory, he ordered their discharge, accompanying it with this admonition: "Girls, keep out of the cemeteries as long as you can."—Law Notes.

To Prevent Chapped Hands.

Many women who do their own work are much annoyed in winter with chapped hands. This may be avoided by using Ivory Soap for dish washing and toilet purposes. Dry the hands thoroughly each time after they have been in water, and rub with a little oatmeal-water or some good lotion.

Find Wealth in Bag.

Discovering a bag in the streets of Sydney, Australia, a man took it to the police station, where it was found to contain gold and bank notes to the value of £850, and subsequently a hatless old man, a lunatic, who was wandering aimless through the streets was found to be the owner.

In Days of Old.

"I guess I'm an old sorehead," remarked the Manynugh philosopher, "but I can't be for the life of me imagine Abraham Lincoln at the age of 16 going round with football hair, an' his britches turned up over a pair of low quarter shoes an' openwork socks."

Honor the Laying Hen.

The Swiss village of Zofingen, in the Canton of Aargau, was decorated with flags recently in honor of a hen which had laid her thousandth egg. Five adjacent villages sent deputations, accompanied by bands, which serenaded the industrious hen.

No Use for Beef.

In Uruguay, until within a few years, the sales of hides was the only part of the cattle industry that yielded any cash, the meat being mostly discarded as of no value.

GOOD BLOOD FOR BAD

Rheumatism and Other Blood Disorders are Cured by Dr. Williams' Pink Pills.

"In the lead mines I was at work on my knees with my elbows pressed against rock walls, in dampness and extremes of cold," said Mr. J. G. Meukel, of 2973 Jackson avenue, Dubuque, Iowa, in describing his experience to a reporter, "and it is not surprising that I contracted rheumatism. For three years I had attacks affecting the joints of my ankles, knees and elbows. My ankles and knees became so swollen I could scarcely walk on uneven ground and a little pressure from a stone under my feet would cause me so much pain that I would nearly sink down. I was often obliged to lie in bed for several days at a time. My friends who were similarly troubled were getting no relief from doctors and I did not feel encouraged to throw money away for nothing. By chance I read the story of Robert Yates, of the Klauer Manufacturing Co., of Dubuque, who had a very bad case of rheumatism. I decided to try Dr. Williams' Pink Pills for Pale People, the remedy he had used. In three or four weeks after beginning to use the pills, I was much better and in three months I was well. The swelling of the joints and the tenderness disappeared, I could work steadily and for eight years I have had no return of the trouble. My whole family believe in Dr. Williams' Pink Pills. Both my sons use them. We consider them a household remedy that we are sure about."

What Dr. Williams' Pink Pills did for Mr. Meukel they are doing for hundreds of others. Every dose sends galloping through the veins, pure, strong, rich, red blood that strikes straight at the cause of all ill health. The new blood restores regularity, and braces all the organs for their special tasks. Get the genuine Dr. Williams' Pink Pills at your druggist's or direct from the Dr. Williams Medicine Co., Schenectady, N. Y.

Victor Emanuel Monument.

Giuseppe Sacconi is dead, and the colossal Victor Emanuel monument in Rome which was selected to build is far from completed. "Petrified megalomania," his enemies have called it. It will probably be completed by G. Koch, who, though a son of a German painter, is himself an out-and-out Italian. It was he who built the palace of the Banca d'Italia.

Storm in Swimming Bath.

In Munich, Germany, there is a large bath where the sea is imitated by means of sea salt added to fresh water, and an ingenious electrical contrivance which beats the water at frequent intervals, causing big waves to roll along the bath. The size of the waves is regulated by the switch controlling the electric machine.

Satisfied With Seeing Smoke.

A smoker can do without dining and wining, they say, but he cannot do without smoking. A Swedish captain during the seven years' war, deprived of his beloved tobacco, filled his pipe with straw, avowing that provided only he could see the smoke rising from his pipe beneath his nose he was satisfied.

Facts and Proof.

Hulet, Wyo., Dec. 4th (Special)—An ounce of fact is worth a ton of theory and it is evidence founded on facts that backs up every box of Dodd's Kidney Pills. The evidence of people who know what they do. Mrs. May Taber, highly esteemed resident of Hulet, says:

"I know Dodd's Kidney Pills are a valuable medicine because I have used them. I took seven boxes and they cured me of a severe attack of Kidney Trouble. They relieved me from the first dose, and when I had finished the last box I had no pain and my kidneys are now acting properly."

Dodd's Kidney Pills are now recognized all over the world as the greatest Kidney Remedy science has ever produced. They cure Rheumatism, Dropsy, Gout, Lumbago, Diabetes, Urinary and Bladder Troubles, Bright's Disease, and all disorders arising from any form of Kidney Disease.

TRACTS IN MANY LANGUAGES

Feats of Printing Done Here for Missionary Work Abroad.

One of the most difficult of all publishing tasks is accomplished by the American Tract society, which prints not only tracts, but also books in native African languages such as Mpongwe, Bulu, Umbundu, Benga and Fang. Inasmuch as these tongues, though spoken by millions of blacks, were not written—or, at all events, were not written until recently—the problem of rendering such works as the "Pilgrim's Progress" into their vernacular in printed form is beset by many obstacles.

For the copy dependence must be had upon the missionaries, who write it out in typescript. It has to be set all the way to New York to be set up in type, and, as a matter of course, care must be taken that it shall be as close to perfect accuracy as possible.

The languages are not understood either by the men who set the type or by the proofreaders, and so the editors, who are equally ignorant on the subject, must follow copy slavishly. As far as possible the typewritten words represent phonetically the spoken words as uttered by the natives.

Having thus translated their vocal speech into print the missionaries have taught the blacks to read their own languages, an accomplishment which has helped greatly in their mental and moral elevation. They have not only simple dictionaries, but also primers illustrated with excellent woodcuts.—New York Sun.

Too Thirsty to Stay Alive.

Some years ago, at the time Gen. Wm. A. Bancroft was colonel of the Fifth Massachusetts the regiment was camped at South Farmingham. A private in one of the companies, named Fought, was one day on guard. Before going on post at 11 p. m. he drank a number of glasses of rum punch.

While on post he fell asleep, and was found sleeping by the relief. He was taken to the guard house, and in the morning was brought before Col. Bancroft.

The colonel said in a stern voice: "Private Fought, do you realize that it is a very serious offence to sleep while on post? Why, if this were in time of war, in his loudest tones, 'you would shot for sleeping on post.'"

"As I am very thirsty, sir, kindly consider me shot."

He then faced about and started to leave. He was brought back, severely reprimanded, and returned to the guard house. It was very hard for the officers present to hide their smiles at the look on the colonel's face.

Cleveland and the Women.

When Grover Cleveland was president a young woman from Cleveland, Ohio, had been a schoolmate of the president's wife as a guest at the White House. A matter of large public moment was up for the president's decision, and Mrs. Cleveland and her guest brought it up for discussion at the breakfast table.

Their views were of the radical, persuasive order, and were quite emphatically expressed. Mr. Cleveland listened with an amused smile behind his newspaper. Finally the girl from Ohio said to him:

"Now, Mr. President, you have heard our views. Are you prepared to endorse them?"

The president folded his paper and arose.

"You girls," he said, with a smile "can beat me all to pieces in millinery and dressmaking. But when it comes to my end of the house, I feel under obligations to do my own thinking."—New York Tribune.

War Novelty From Austria.

A simple, but effective method for transporting infantry across rivers has just been invented by Capt. Ungermann, of the Austrian Technical Military Academy. The whole equipment and clothing of the soldier is converted into a floating body, the outward covering of which is composed of tent canvas and cloak. The rifle is used as a connecting stay under-neath. A piece of thin cord, which every Austrian soldier carries, serves as a towing rope, and the soldiers who can swim tow the bundles across the river. The non-swimmers are also towed over. Experiments carried out at Ragusa and Trebinje under the supervision of the war office are reported to have been entirely successful. The new method costs nothing and involves only a small expenditure of time and trouble.

The Parson's Explanation.

A Scots minister had forgotten to bring his manuscript to the church and on going into the pulpit gave his congregation this explanation: "I am very sorry, my friends, to have to tell you that I have mislaid my manuscript. I must, therefore, this morning just say to you what the Lord has put into my mouth, but I trust I shall come out this afternoon better provided."—The Tatler.

South African Centenarians.

"A native centenarian died recently in Natal," says a South African newspaper. "He was Kwezi Mixinyeki, of the Nyalvosi clan of the Celes, under the chief Mshweshwe, and was born when the Zulu potentate Chaka was about five years old, in 1788. He had served under Dingaan and Mpanza. Kwezi was thus 117 years old. His eldest sister is still living and her age is given as 120."

He Had Cause.

A Missouri man was arrested on the charge of loud swearing. He proved to the judge that he had used improper language because he had fallen from the roof of a barn and been nearly killed. The judge said this was a valid excuse and dismissed the case.

Christian Science.

In the United States there are about 400 Christian Science churches, with about 100,000 adherents. According to Mrs. Eddy, its founder, the church is making tremendous strides in popularity, in which respect it resembles Pillsbury's Vitos, the popular cereal food.

Qualified Simplicity.

The charm of the "simple life" no doubt is great, but the first necessity for its success is that it should be made quite as comfortable as the complex life.—Ladies' Field.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 3 1/2-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 oz." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

Are You Tired, Nervous

and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not on properly nourished blood; they are starved nerves. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and thereby the nerves are properly nourished and the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and vigorous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol starts up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper the Dadge of Honesty, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has such an endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compound is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherry bark, Bloodroot, Mandrake root and chemically pure triple refined glycerine.
