JOHNSON & LORENTZ

To Messrs. Gibson & Mathew:

Since you are attempting to justify the 15 per cent reduction in Ashton township, please explain to the people of Elm township why the Conklin quarter in Oak Creek valley at the southeast corner of Ashton, should be valued originally at \$419 and raised by order of the State Board to \$527, when at the same time the eighty acres on which D. C. Leach lives, on Sec. 6-15-16, is valued at \$582 and the northwest 1-4 of 9, Coppersmith's land, is valued at \$510? Don't you know that the Conklin quarter in Ashton township would sell on the market for \$1000 more than both of these Elm township farms combined? Please explain why this Ashton township quarter and \$1000 in value additional be assessed at only a valuation of \$527 when the same valuation in Elm township is assessed at \$1092. W. R. MELLOR.
