WILLING TO SHARE WITH GOD

Simple Faith and Gratitude of a Little Child.

The simple faith of a little child. whether applied to parents, friend or to God, found an illustration in a story recently told by Dr. Levi G. Broughton of Atlanta, Ga., when he was in Boston. It was related to him by a friend in the railroad service as follows:

"My little girl came to me a little while before Christmas and said: 'Papa, I want you to pray to God and ask him to have Santa Claus bring me a dolly for Christmas.' I promised, and on Christmas morning she found her doll, and called me to see it. As she looked it over, examining the face, the eyes, the hair, and the clothes, she said, 'Papa, hain't God good? He's gooder than I thought he was. Do you think he sent little brother anything?"

"I told her she might go over to her grandma's, where brother was visiting, and find out. Presently she returned, with her face all covered with happy smiles, and exclaimed, 'O, papa! God sent brother a beautiful great big hobby-horse.

"Breakfast came soon after and as we sat down at the table she climbed upon my knee, and putting her arms around my neck she said again, 'Hain't God good? and he was gooder to broth er than he was to me, wasn't he?'

"I replied, "Yes, he is good, and now what are you going to do for God. "'O. I'm going to let God play with

#### Busy American Women. The American woman is going

ahead. The census returns show that 5,000,000 and more women are employed in the nation's industrial life. There are now three times as many women stenographers as there were ten years ago, while the number of women bookkeepers and accountants has doubled. The percentage of saleswomen also shows a corresponding increase. Women have risen to be treasurers of street railways, presidents of national and savings banks. secretaries of financiers on salaries of \$10,000 and \$12,500, executive heads of building and contracting firms, buyers for large stores, etc. They are to be met with in a hundred responsible capacities, all of them outside the once circumscribed field of female occupations, and in all of which a talent for figures is a prime requisite of success.

Suffered for a Long Time Without Relief-Doctor Was Afraid to Touch Them-Cured by Cuticura.

"For a long time I suffered with sores on the hands which were itching, painful and disagreeable. I had three doctors, and derived no benefit from any of them. One doctor said he was afraid to touch my hands, so you must know how bad they were: another said I never could be cured; and the third said the sores were caused by the dipping of my hands in water in the dye-house where I work. I saw in the papers about the wonderful cures of the Cuticura Remedies and procured some of the Cuticura Soap and Cuticura Ointment. In three days after the application of the Cuticura Ointment my hands began to peel and were better. NO MAN IS STRONGER THAN
HIS STOMACH.

Let the greatest athlete have dyspepsia
and his muscles would soon fail. Physical strength is derived from food. If a
man has insufficient food he loses strength.
If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the
strength of the stomach to what extent
food eaten is digested and assimilated.
People can die of starvation who have
abundant food to eat, when the stomach
and its associate organs of digestion and
nutrition do not perform their duty.
Thus the stomach is really the vital organ of the body. If the stomach is "weak"
the body will be weak also, because it is
upon the stomach the body relies for its
strength. And as the body, considered as
a whole, is made up of its several members and organs, so the weakness of the
body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the
body is weak because it is ill-nourished
that physical weakness will be found in
all the organs—heart, liver, kidneys, etc.
The liver will be torpid and inactive,
giving rise to biliousness, loss of appetite,
weak nerves, feeble or irregular action of
heart, palpitation, dizziness, headache,
backache and kindred disturbances and
weaknesses.
Mr. Louis Pare, of Quebec, writes: "For

Mr. Louis Pare, of Quebec, writes: "For years after my health began to fall, my head grew dixxy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors chaimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."
