This association not only give a life policy, but also pay for personal injuries and when a policy holder reaches the age of 70 he is given a paid up policy. The editor of THE NORTHWESTERN was surprised and highly pleased last Thursday, when Capt. J. S. Williams, an old and valued friend from Tingley, Iowa, whom he had not seen for over twenty-seven years, suddenly came into the office. In those good old days, we used to publish a paper in Mt. Airy, the county seat, of the county in which Capt. Williams was one of the most extensive farmers, and it was our good fortune to have the captain enrolled as a correspondent from the portion of the county in which he lived, and to say he kept up the history of his section in splendid shape, are words inadequate to express the tip-top shape in which it was done. This the captain did as a little side entertainment to a great deal of work for prominent magazines, and as he was a most extensive reader, having a library of over 700 bound volumes, besides all the greatest magazines and newspapers of the day, his writings were a great feature of our paper. Quizzing the captain as to what brought him up this way he said he understood an old-time friend of his was running a newspaper in Loup City, and as he had a few days of leisure, run up from Grand Island to see if he was the same breezy fellow he knew nearly thirty years ago. The captain is an old veteran of the Rebellion, and while he has passed the 71st milestone in the journey of life, he is the same genial old soldier of yore, with the same merry twinkle in the eye and the same inexhaustible fund of stories that makes an hour in his company one to remember through long years to come. His visit made us feel ten years younger.
