

CURED OF GRAVEL

Not a Single Stone Has Formed Since Using Doan's Kidney Pills.

J. D. Daughtrey, music publisher, of Suffolk, Va., says: "During two or three years that I had kidney trouble I passed 2 1/2 pounds of gravel and sandy sediment in the urine. I haven't passed a stone since using Doan's Kidney Pills, however, and that was three years ago. I used to suffer the most acute agony during a gravel attack, and had the other usual symptoms of kidney trouble—lassitude, headache, pain in the back, urinary disorders, rheumatic pain, etc. I have a box containing 14 gravel stones that I passed, but that is not one-quarter of the whole number. I consider Doan's Kidney Pills a fine kidney tonic."

TONIC FOR MOTHERS

Dr. Williams' Pink Pills Are Safe and Reliable—A Favorite Household Remedy.

Motherhood may be the crowning blessing of a woman's life or it may bring grief and sorrow. Mrs. M. J. Wright, of 177 Seventh Street, Auburn, Maine, relates her experience after the birth of her daughter in 1901, as follows: "I was all run down at the time the baby came and did not improve in health rapidly after. I was pale, thin and bloodless. My stomach distressed me being full of gas all the time and my heart fluttered so that I could scarcely breathe."

"Finally I remembered that a friend had recommended Dr. Williams' Pink Pills to me, so I commenced using them. I gained in strength rapidly, while the baby thrived also. When I expected my next child I started taking the pills again as a tonic and strengthener and had no such difficulty as before. I got up better and my strength came back much sooner."

"A year ago last winter I had an attack of rheumatism in the hands which went from one hand to the other. The joints swelled up and were so stiff I could not move them. The pain extended up through my arms and shoulders. I felt sick enough to go to bed but did not do so. This attack lasted for several months. I tried several remedies but finally came back to using the pills which had done me so much good before and found that they benefited me almost at once. I have not been troubled since."

All druggists sell Dr. Williams' Pink Pills, or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y. Send for book of cures.

THE CANADIAN WEST IS THE BEST WEST

100 ACRES OF FARM IN WESTERN CANADA FREE

The testimony of thousands during the past year is that the Canadian West is the best West. Year by year the agricultural returns have increased in volume and in value, and still the Canadian Government offers every inducement to settlers.

Some of the Advantages

The phenomenal increase in railway mileage in this country has put almost every portion of the country within easy reach of markets, schools, churches, shops, etc., and every modern convenience. THE NINETY MILLION BUSHEL WHEAT CROP of this year means \$10,000,000 to the farmers of Western Canada, apart from the results of other crops and cattle.

SICK HEADACHE

Positively cured by these Little Pills. They also relieve Distress from Dyspepsia, Indigestion and Too Heartly Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, BILIOUSNESS, etc.

THE REPORTER'S STORY

Clever Detective Work That Proved Fruitless.

"I think I must have been born on Friday," said the disconsolate reporter, as he dropped into a chair near the window in a downtown hotel recently.

"A blue envelope in the mail box, I suppose?" said his brother scribe.

"No, I was not fired—at least, I was on the pay roll when I left the office," said the first speaker.

"For two days," he continued, "I have been turning every angle to dig up a story. To-day I got the first line on it, and I worked like a Trojan. Ten minutes ago I met the fellow who knows the whole story. He laughed and showed me some newspaper clippings—the yarn was published three weeks ago."

"How long have you been in the newspaper game?" asked the other man, as he slid a little further down in the comfortable chair.

"Three years," was the reply, "but this is the first time I ever got on such a sidetrack as this."

"Cheer up, old fellow. Let me tell you a story—a true one—that has happened to me five years before you became a 'cub.'"

"One afternoon," he continued, "an anonymous letter came to the city editor. It told of a woman held prisoner in Chinatown. Beyond stating that the writer had seen her in a third-story window, and further, that the writer shrank from publicity, there was no clew to the writer. Parrish, who has long since quit the newspaper game, was assigned to the story with me."

"What do you make of this letter?" said he, as we stood at Harrison and Clark streets.

"Past me," said I, ready to get rid of the assignment.

"Look again," said he. "Can't you see that it was written by a woman? It is written with a stub pen. It is written on business stationery, and the woman who wrote it is not accustomed to writing with a stub pen. It was written from an office building, from an office that is on a floor lower down than the tenth floor."

"How do you make that out?" said I.

"Well, the stationery you will allow. The finger print shows the girl got ink on her fingers, then left its imprint when she folded the letter. At the top here is about one-third of the last line on the letter head. Note the left end of that line—three figures or three letters are partly left on the margin. Ninety to one those are figures denoting the room number. Do you follow me?"

"I replied that I did.

"Now, three figures being the conjecture, the room must be between the first and the tenth floors of the building from which this letter came. The rest of that line shows seven type faces. Naturally, let us conclude that is the remnant of the building's name—a seven-letter name."

"Go ahead," said I.

"Chinatown's back windows can be seen from Dearborn street only. The writer of this letter is employed in an office in a building the name of which contains seven letters—that building is on the west side of Dearborn street and also north of Harrison street."

"True enough, but how are you going to find the building and the room and the girl who wrote the note?"

"We are going to make a canvass of Dearborn street for a building with seven letters in its name. A very easy job, inasmuch as we have only one block to cover. This paper is a peculiar blue. Janitors sell waste paper, you know, and when we locate the building we locate the janitor. Ask him for what office paper similar to this has come."

"Clever idea," said I.

"To locate the building was an easy matter. A half dollar got the information from the janitor. There were four rooms in the building from which paper of such a tinge had come. One of these rooms had a window with a west view and was on the eighth floor."

"In that room we found a young woman of perhaps 23. Parrish and I walked in. He did not mince words with the girl.

"Kindly point out to us the window in which you saw that girl—a prisoner in Chinatown."

"The young woman gushed. But she was not to know how we located her. When assured that she would not be involved in any stories that might come of it she pointed out the window."

"I saw her in the window several times," said the young woman, "and for a white girl to be in Chinatown is unusual. These are the glasses I used. They belong to the 'boss,' who uses them at the race track."

"Let me have them," said Parrish. "He turned them on the window where the woman was seen. Half an hour later the woman appeared. He took a long look and then laid aside the glasses.

"Young woman," he said coldly, "you mean well, but you are in bad. That girl is not a prisoner in Chinatown. On the contrary, her picture was published in every paper in Chicago two weeks ago. She is the girl who married the mayor of Chinatown."

"We left the room, and there was just a bit of spite in the manner Parrish slammed the door. After all the gumshoe work we got no story."

"Well, that fruit I got was an orange, not a lemon," said the man who had worked so hard for the story three weeks old.

GHOSTS PLAY MANY PRANKS.

Grab Rope from Bellringer and Cut Down Trees.

Ghostly happenings have disturbed the town of Kirkwall, the capital of the county of Orkney. On Wednesday night, says the London Daily Mail, the wife of the bellringer went to St. Magnus cathedral to sound the curfew at eight o'clock. This is an ancient custom still observed in the burgh. The bell had been tolled for less than a minute, when, it is alleged, a figure suddenly appeared at the woman's side, snatched her hands from the rope and as mysteriously disappeared.

Another morning 20 trees which a few years ago were planted in front of the cathedral were found to have been cut down. The night was a calm one, with brilliant moonlight, and the trees were standing at one o'clock in the morning.

Hundreds of windows have an outlook on the spot, and many people who were still sitting at three o'clock in the morning did not hear the slightest sound outside. Yet an hour later every tree had been destroyed. The police are baffled.

BLOOD GETS SOUR.

Every Family Should Make Up This Home Mixture and Take Now.

At this time of year, says a well-known authority, the Kidneys become weak, clogged and inactive, failing to filter out the poisons and acids, which sour the blood, causing not only facial and bodily eruptions, but the worst forms of Rheumatism, Nervous and Stomach troubles, Backache and painful, annoying Urinary affections.

It is worth anyone's time now to get from some good prescription pharmacy the following ingredients: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after your meals and at bedtime.

This simple home-made mixture will force the Kidneys to normal, healthy action, so they will filter and strain all uric acid and poisonous waste matter from the blood, and expel this in the urine, at the same time restoring the "full blood count"—that is, 95 per cent. red blood corpuscles—which is absolutely indispensable to perfect health.

Indians in United States.

In round figures, there are 254,000 Indians in the United States at the present time, 91,000 of whom are in Indian territory and 15,000 in Oklahoma, or 106,000 in the coming state. Those of Indian territory, the five civilized tribes—Cherokees, Creeks, Choctaws, Chickasaws and Seminoles—have been managing their own affairs for two-thirds of a century, and are in all respects fitted for the citizenship which they are soon to exercise.

All of these, and nearly all of those in the Oklahoma end of the coming state, wear civilized dress, and have schools, churches and the other accompaniments of civilization.—Leslie's.

Churning Dogs.

A curious point in regard to the new dogs act occupied the attention of the Carnarvon county bench on Saturday, says the London Daily Mail. The superintendent reported that eight persons had applied for exemptions in respect of dogs which were used for churning. Issard Davis inquired whether it had not been decided that to use dogs for such a purpose was cruelty, but several of his colleagues replied in the negative. The bench decided that the owners of the churning dogs must take out licenses.

Benefits of the X-Ray.

It is noted from Baltimore that during the ten years since the discovery of the X-ray important research has been made by the medical department of Johns Hopkins university through the use of the ray as a diagnostic agent; and the results of great benefit derived from the early diagnosis and study of aneurisms, or morbid dilation of the walls of arteries, through this agent, have just been compiled and described by Dr. F. Howard Baerjar, of the university.

The Cheerful Bohemian.

"I never see you that you aren't light-hearted and cheerful," they said to the seedy Bohemian. "Why is it, we wonder."

"Well, you see," the Bohemian explained, "I've got so used to never having any money, to being always broke, to realizing that I've come to the end of my rope and there's nothing left for me, that I've made up my mind to make the best of it and take my medicine with a smile."

A FRIENDLY GROCER.

Dropped a Valuable Hint About Coffee.

"For about eight years," writes a Mich. woman, "I suffered from nervousness—part of the time down in bed with nervous prostration.

"Sometimes I would get numb and it would be almost impossible for me to speak for a spell. At others, I would have severe bilious attacks, and my heart would flutter painfully when I would walk fast or sweep.

"I have taken enough medicine to start a small drug store, without any benefit. One evening our grocer was asking husband how I was and he urged that I quit coffee and use Postum, so he brought home a pkg. and I made it according to directions and we were both delighted with it.

"So we quit coffee altogether and used only Postum. I began to get better in a month's time and look like another person, the color came back to my cheeks, I began to sleep well, my appetite was good and I commenced to take on flesh and become interested in everything about the house.

"Finally I was able to do all my own work without the least sign of my old trouble. I am so thankful for the little book, 'The Road to Wellville.' It has done me so much good. I haven't taken medicine of any kind for six months and don't need any.

"A friend of ours who did not like Postum as I made it, liked mine, and when she learned to boil it long enough, her's was as good as mine. It's easy if you follow directions."

How a Swan River Settler Has Succeeded.

Benito, Manitoba, Nov. 25, 1906. At Swan River Valley, in May, 1900, a settler took up a homestead on Section 30, in Township 24, Range 29 West of the First Meridian, at that time 50 miles from a railway, telegraph, school or church. There is now a railway within two miles of my farm, and all these other advantages close at hand. His story is:

"After making my homestead entry fee of \$10 I had \$45.00 total (forty-five dollars) capital. Through doing homestead duties in slack times of the year, I managed to get a start. I am a married man of 28 years of age.

"I built my first house, or shack, and broke up 8 acres, putting five acres in crop the first year.

"This year, 1906, I had 80 acres in crop—65 acres in wheat, 20 acres of which yielded 850 bushels, or 42 1/2 bushels per acre; 15 acres of oats, which yielded 355 bushels, and one stack of oats in sheaf for feed.

Many Children Take Sacrament.

A notable confirmation took place recently in Dublin, at the pro-cathedral. Archbishop Walsh conferred the sacrament of confirmation on nearly a thousand children. The actual conferring lasted two hours, and the ceremony was concluded by the administering of the temperance pledge and a strong exhortation to the children to discharge faithfully all their religious duties.

FURIOUS HUMOR ON CHILD.

Itching, Bleeding Sores Covered Body—Nothing Helped Her—Cuticura Cures Her in Five Days.

"After my granddaughter of about seven years had been cured of the measles, she was attacked about a fortnight later by a furious itching and painful eruption all over her body, especially the upper part of it, forming watery and bleeding sores, especially under the arms, of considerable size. She suffered a great deal and for three weeks we nursed her every night, using all the remedies we could think of. Nothing would help. We tried the Cuticura Remedies and after twenty-four hours we noted considerable improvement, and after using only one complete set of the Cuticura Remedies, in five consecutive days the little one, much to our joy, had been entirely cured, and has been well for a long time. MEN ADMIRE

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ affected and the nerve centers, dispelling effectually all those distressing symptoms.

No other medicine in the country has received such unqualified endorsement or has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes:—"For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints: Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of the excellence of the product.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always when, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
