VISITING SPECIALISTS

FROM THE
Cleveland Institute of Medicine
and Surgery,
(Legally Chartered and Incorporated)
CLEVELAND, OHIO,
will pay their first visit to
LOUP CITY, NEBR.,
and will be at the
MONDAY, MAY 20th.
TELL YOUR SICK FRIENDS.
ST. ELMO HOTEL,
ONEDAY ONLY

This institute, composed of a group of regularly graduated, physicians and surgeons, licensed, legally chartered and incorporated under the laws of the State of Ohio, sends at its own expense these eminent medical specialists in order to introduce the newest methods and discoveries in medicine and surgery such as the system of treatment under X ray, Violet ray, Finsen ray, Hydrotherapy, Etc., to give to those who call on the above date, consultation, examination, advice and all medicines required to complete a cure, absolutely free. These specialists will diagnose your case and give you the benefit of their skill and medical knowledge.

There is in this case no experimenting or guess work at your expense. You will be told whether you can be cured or not. If your case is curable they will put you under treatment immediately; if incurable they will give you such advice as may prolong your life. Their treatment always gives quick relief and ultimately positively cures. Being prepared to cope with each individual case the human system is thoroughly cleansed of the disease in a natural and direct manner and improvement is noticed at once; even the worst cases are treated without any inconvenience to the patient or the pursuing of his or her daily vocation.

If you are improving under your family physician, do not come and take up their valuable time as they absolutely refuse to treat any one who is under the care of the local physicians. They wish besides to give each patient plenty of time and their undivided attention but can not listen to long stories not pertaining to your trouble. They have discarded the old methods and remedies used for ages by the medical world, and which it would be folly to depend upon any longer, for they are not known to cure, as thousands die, depending on them for relief. The following list of diseases only are taken under treatment, to-wit: Diseases of the Nervous System, Heart, Stomach, Lungs, Kidneys, Catarrh, (purulent or dry), Consumption, Epilepsy, Deafness, Diseases of Women, Tumors, Pseudo Cancers, Piles, of a Chronic Nature only. They treat Deafness by an entirely new method, and hearing in many cases is restored at once. Catarrh in all its varied forms, like other diseases if once taken under treatment, are cured permanently to remain so and to never return. It matters not whom you have seen, or with whom treated, do not fail to call, as a visit will cost you nothing, and may restore you to health, or even save or prolong your life, as thousands of persons will testify by unassailable testimonials in all parts of the country. If you suspect Kidney Trouble bring a two ounce bottle of your Urine for chemical and microscopical analysis.

REMEMBER!—The free offer is during this visit only, and will not be repeated. Persons commencing treatment upon their future visits, will be required to pay, but not one cent will be asked from those commencing treatment during this visit. For any medicine necessary to effect a cure; Irrespective of your position in life, or the number of those who come on above date. Whenever, or by whom wanted, a positive guarantee to cure will be given under their system of treatment. Those having long standing and complicated diseases who have failed to get well and become discouraged, are particularly invited to call.

NOTICE:—Married ladies, without their HUSBANDS, and minors without their FATHERS, will positively not be admitted to consultation, unless accompanied by one of their local physicians.
