A petition was circulated this week to impound the dogs and rid the town of the many curs that have over-run gardens, flower beds and other places. The village fathers have hearkened unto the cries of the people and now the dogs must stay at home. Perhaps it may now be said that the dogs will go to the country, instead of the country to the dogs.—Sargent Leader.

The citizens of Loup City earnestly request the country people to attend Memorial services on Sunday, the 26th, 10:30 a. m., at the opera house. Also Decoration Day, come and bring your children to the high school building by 9 o'clock a. m., as we desire them to join in the procession. Try to provide each child with a small flag. Let us try to observe this day more fully than ever before. We would like to say to our country friends, that it is just as essential that you observe the day as it is for a few in town. The day is set apart to inculcate a spirit of patriotism, a love of country, to honor those who so valiantly fought for freedom and to decorate the graves of those who sacrificed their lives that we might worship one God, one country, one flag.

A careless newspaper man a few counties north, noting the signs of spring, among other evidences noted the bicycle riders and mentioned that Miss Jones looked cute on her wheel in her short skirt. In some way an "h" had wandered into the "k" box, and the typo got an h instead of a k, and the proof reader was blind. The poor innocent editor lost fifteen subscribers in less than twenty minutes after the paper was issued. The woman said it was real mean. And it was.—Ex.

William M. Orr of this city has been studying the Hicks weather almanac long enough to discover that the cold April was caused by exactly the same influence that made trouble for the crops between 1892 and 1895. "Well," adds Mr. Orr, "that was caused by the self same influence that we are now under, namely, the Equinox of the Ringed Planet Saturn. These equinoxes come every fifteen years and they cast their special spell of weather freaks over a term of four years on each visitation.—State Journal
