

# AFRAID OF PARALYSIS

A NERVOUS SUFFERER CURED BY DR. WILLIAMS' PINK PILLS.

The Medicine That Makes Rich, Red Blood and Performs Wonders as a Tonic for the Nerves.

Why are nervous people invariably pale people? The answer to that question explains why a remedy that acts on the blood can cure nervous troubles.

It explains why Dr. Williams' Pink Pills for Pale People are also for nervous people.

It is because of the intimate relation between the red corpuscles in the blood and the health of the nerves. The nervous system receives its nourishment through the blood. Let the blood become thin, weak and colorless and the nerves are starved—the victim is started on the road that leads to nervous wreck. Nervous people are pale people—but the pallor comes first. Enrich the blood and the nerves are stimulated and toned up to do their part of the work of the body. Dr. Williams' Pink Pills make red blood and transform nervous, irritable, ailing people into strong, energetic, forceful men and women.

Mrs. Harriet E. Porter, of 20 Liberty avenue, South Medford, Mass., says: "I had never been well from childhood and five years ago I began to have dizzy spells. At such times I could not walk straight. I was afraid of paralysis and was on the verge of nervous prostration. Then neuralgia set in and affected the side of my face. The pains in my forehead were excruciating and my heart pained me so that my doctor feared neuralgia of the heart. I tried several different kinds of treatment but they did me no good.

"One day my son brought me some of Dr. Williams' Pink Pills and I found that they strengthened my nerves. I took several boxes and felt better in every way. There were no more dizzy attacks, the neuralgia left me and I have been a well woman ever since."

Dr. Williams' Pink Pills are invaluable in anemia, rheumatism, after-effects of the grip and fevers, in sick headaches, nervousness, neuralgia, and even partial paralysis and locomotor ataxia. Our booklet "Nervous Disorders, a Method of Home Treatment" will be sent free on request to anyone interested. Write for it today.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

# 68, BUT PERFECTLY WELL.

The Happy Experience of a New Castle, Pa., Woman.

Mrs. John Mansell, 614 So. Jefferson St., New Castle, Pa., says: "For years I was running down with kidney trouble without knowing what it was, and finally got so bad I was given up. The urinary passages were painful, sometimes scanty and again very profuse. My limbs, feet and ankles bloated dreadfully, and sometimes my whole body. My heart palpitated and I had smothering spells. A week's treatment with Doan's Kidney Pills helped me and a few boxes cured me. At 68 I am strong and well."

PAT SET ONLY ONE LIMIT.

Would Quit When He Was Done With All Things Earthly.

A rich man out in the suburbs who owns a large place has among the many people employed to keep it in shape an Irishman of whom he is particularly fond on account of his unobtrusive wit, says Harper's Weekly. This Irishman is something of a hard drinker, and, as his income is limited, he is more particular as regards the quantity than the quality of his liquors. The other day the employer, who had been awaiting a good opportunity, remarked in a kind tone, as the closing sentence of a friendly lecture: "Now, Pat, how long do you think you can keep on drinking this cheap whiskey?"

To which Pat instantly replied: "All my life, if it doesn't kill me."

ECZEMA COVERED BABY.

Worst Case Doctors Ever Saw—Suffered Untold Misery—Perfect Cure by Cuticura Remedies.

"My son, who is now twenty-two years of age, when four months old began to have eczema on his face, spreading quite rapidly until he was nearly covered. The eczema was something terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I used many kinds of patent medicines, to no avail. A friend teased me to try Cuticura. At last I decided to try Cuticura when my boy was three years and four months old, having had eczema all that time and suffering untold misery. I began to use all three of the Cuticura Remedies. He was better in two months; in six months he was well. Mrs. R. L. Risley, Piermont, N. H., Oct. 24, 1905."

"Very likely," replied the critic. "But he makes the mistake of supposing that Bacchus is one of the muses."

# HOME TRADE NOTES

LITTLE GLEANINGS THAT POINT MANY MORALS FOR ALL.

A NEW TEN COMMANDMENTS

Carefully Revised by the Catalogue Houses—Mail-Order Houses and Pure Foods—The Local Dealer.

The ten commandments as revised to fit the mail order catalogue house plan:

First—You shall sell your farm products for cash whenever you can, but not to us; we do not buy from you.

Second—You shall believe our statements and buy all you need from us because we want to be good to you, although we are not personally acquainted with you.

Third—You shall send the money in advance to give us the chance to get the goods from the factory with your money; meanwhile you will have to wait patiently a few weeks because that is our business method.

Fourth—You shall apply to your nearest city to aid you in building good roads so you may conveniently get the goods from the depot which you buy from us, for we do not build country roads.

Fifth—You shall buy church bells and interior fixtures from us and forward the money in advance, for that is our business method, and you shall collect from the business men in your vicinity as much money as you can for the benefit of your churches. Although we get more money from you than they do, still it is against our country to donate money for building churches.

Sixth—You shall buy your tools from us and be your own mechanic, in order to drive the mechanics from your vicinity, for we wish it so.

Seventh—You shall induce your

a part of the business of the ranchman and miner in his vicinity, but the consumer, who has been caught by the "cheap" prices offered, has not got what he has been paying for by a long way, and there is no way for him to get even.

As it has proved with the groceries sent out by the eastern mail order houses, so it is with the other lines they work off in Montana. The saddles and harness offered at phenomenally low prices, the buggies and wagons, at prices which seem almost like giving the vehicles away, the kitchen utensils which are priced in the voluminous catalogues at figures that indicate the local merchants are highway robbers, the dry goods that are offered at such infinitesimal cost as to compel the ordinary woman to believe the mail order man is a public benefactor, all of these eastern mail order house offerings are on a par with the proved quality of the groceries they have been selling—fraudulent and put out to sell and not for service. The confession on the groceries should make the eastern mail order house patrons think before they send off another order for "cheap goods."—Helena Record.

Your local dealer stands ready to duplicate every offer so seductively set forth in the catalogues of mail order houses and more, says an exchange. He will trump the best trick the mail order house ever played if you will put down the spot cash and accept from him a class of goods devoid of respectable ancestry, and upon which no reputable manufacturer will place his name. He can sell cheap goods, too, if you will buy them from him with your eyes shut. He can meet the best price ever made by a mail order house if you will plank down the money and accept what he gives you without question and without recourse— but you must not expect him to be in his place of business every day in the year ready and willing to furnish expert help when you are in trouble, ready and willing to stand back of everything he sells with his own reputation.

Send the lifeline of home trade to your local merchants. When you do so you are not only helping him, but you help your community and yourself. If you permit the competition of the mail-order houses to engulf him, his destruction means the destruction of your town and your interests. Keep your dollars at home.

neighbor to buy everything from us, as we have room for more money—the less money there is left in your community the sooner we can put your local merchants out of business and charge you any price we please.

Eighth—You shall look often upon the beautiful pictures in our catalogue, so your wishes will increase, although you are not in immediate need of the goods, otherwise you might have some money left to buy necessary goods of your local merchants.

Ninth—You shall have the mechanics who repair the goods you buy from us book the bill so you can send the money for his labor to us for new goods, otherwise he will not notice our influence.

Tenth—You shall, in case of accident, sickness or need, apply to your local dealers for aid and credit, as we do not know you.

The secret of how it has been that some of the eastern mail order houses which have done business in Montana and elsewhere were able to undersell local merchants on some lines of groceries has been revealed. The revelation has come about through the operation of the national pure food law.

One of the big mail order concerns, which has done a great business in Montana, makes the announcement that it has closed its grocery department, giving in a circular its reason for doing so "because its maintenance has been made impracticable by the pure food laws just passed by congress."

If that is not an acknowledgment that the consumers have been furnished with adulterated food stuffs when they ordered groceries, then the English language is not understandable. By selling the stuff that has been put under the ban because of its impurity, the mail order concerns have been able to undersell the local merchants living hundreds of miles away from the great centers of supply.

In carrying on this trade in impure goods, the mail order houses have done the greatest injury to the consumer. While the local merchant has

Honest, now, don't you really put yourself on the back when you spend your money in such a way that in supplying your own wants you help build up the neighborhood in which you live? Of course you do, and you act on that idea yourself, but the trouble is that you don't talk it enough to your friends.—Streator (Ill.) Press.

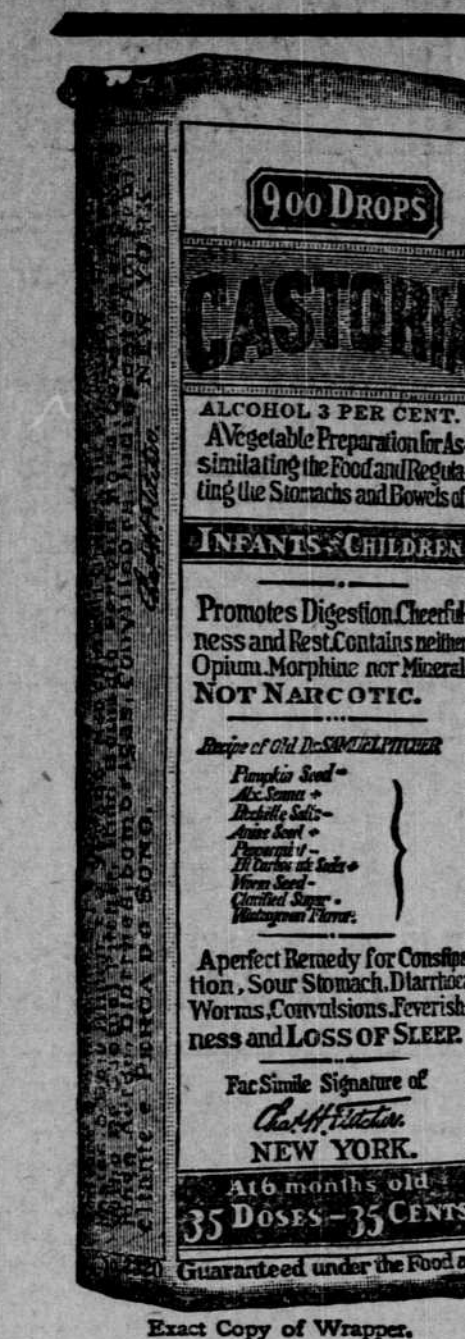

Tree Planting by Squirrels. Those who have argued that instinct that will lead a squirrel to bury a nut for winter use will lead him to find it when the winter comes may find some facts in the Statehouse yard that will cause his faith in this statement to shake a little.

Let him examine the lawn on each side of the walk leading from the gate at the northwest corner of the grounds, where most of the visitors feed the squirrels, and he will see that the grass is thickly studded with the shoots of many kinds of nut trees and bushes, each one springing from a buried nut that the squirrel which buried it did not dig up. One who sees this must credit the squirrel with having much to do with the planting of our forests.

As a promoter of forestry the squirrel is entitled to first place among the animals.—Columbus Dispatch.

Search for Old Cannon. A tradition still survives in Luzerne county, Pa., that when Gen. John Sullivan marched through that region in 1779 on his expedition against the Indian confederacy of central New York, he buried some superfluous brass cannon along the Wilkes-Barre mountain. To search for these revolutionary relics a number of the best known citizens of Ashley have formed themselves into a historical society. One recent Sunday the members ascended the mountain in the vicinity of Laurel Run, but could find no relics except a few Indian arrow points.

Fashion is Ever Changing. Mrs. Shopper—Is that hat that was \$25 this morning the same price still? Milliner—Certainly! Why not? Mrs. Shopper—Well, it's not such a

Wants the Rod Restored. The Shanghai Times editor says: The jail has been well administered, but is fuller than it should be, due, I fear, to the abolition of the cangue and bamboo. The ordinary criminal has no great objection to repeated short visits to the jail, but shrinks from a repetition of corporal punishment. Punishment with the bamboo is in vogue throughout China, and here only has it by special edict been abolished. We deprecate the Chinese authorities making this settlement a field for experiment, and will press for the reintroduction of this salutary method of punishment.

Made for Fat Men. One of the narrow arches in the gallery of the chapel at Columbia university is not exactly symmetrical, although the defect is not noticeable to the casual observer, says the New York Globe. The reason for the widening of the arch after its original construction had rise in a somewhat humorous occurrence. One of the early visitors was a remarkably fat man, who found himself wedged into the arch when he tried to squeeze through and was extricated with difficulty. The builders, recognizing the possibility of other fat people being numbered among the future visitors, decided to widen the arch, sacrificing symmetry and harmony to practical need, as the pier was constructed as to bear no loss of width on one of its sides.

Corporations Oust Miners. The Klondike proper—that is, that portion of the Yukon territory in the vicinity of Dawson—as far as the individual miner is concerned, is on a rapid decline owing to the immense area of ground being acquired by dredging companies. One company alone has purchased nearly all the placer ground on the three principal creeks, namely: Bonanza, Eldorado and Hunker, and has bonded considerably more on Dominion and other creeks for various reasons. Where formerly hundreds of miners were working for wages or working their own ground, thus creating a demand for provisions, clothing, machinery, hardware, etc., and the transportation from Dawson to the different mining operations, now dredges are either operating or in course of construction.—Consular Reports.

AN OLD EDITOR Found \$2000 Worth of Food. The editor of a paper out in Okla., said: "Yes, it is true when I got hold of Grape-Nuts food, it was worth more than a \$2000 doctor bill to me, for it made me a well man. I have gained 25 pounds in weight, my strength has returned tenfold, my brain power has been given back to me, and that is an absolute essential, for I am an editor and have been for 35 years."

"My pen shall always be ready to speak a good word for this powerful nutritive food. I had of course often read the advertisements regarding Grape-Nuts, but never thought to apply the food to my own use, until, in my extremity and sickness the thought came to me that it might fit my case. The statements in regard to the food are absolutely correct, as I have proven in my own case. One very fortunate thing about the food is that while it is the most scientifically made and highly nourishing, concentrated food I have ever known, it has so delicious a taste that it wins and holds friends."
