Loup City Mercantile Co.

Auctioneer Kaufman is reported quite ill.

Miss Effie Moon was reported on the sick list Monday.

Harvey O'Bryan and wife were up from Grand Island over last Sunday.

Mr. and Mrs. O'Bryan returned from their Utah trip Monday evening.

Born, Friday, Aug. 16, a daughter to Mr. and Mrs. J. G. Badura, of Oak Creek.

Mrs. Gardner has two houses for rent, and rooms in another house also for rent. See her for particulars.

Harvey Criss, from near Greeley, arrived here Monday, called by the dangerous illness of his aged father, Grandpa Criss.

Stewart Conger has purchased the Geo. Truelsen place in the east part of town and will move his family here in the spring to occupy it.

Mrs. Lewis Bechtold and son, Oscar, left Monday morning for a month's visit with relatives and friends in and around Grand Junction, Colorado.

Mr. and Mrs. W. H. Gunn of Kearney were called here Monday by the illness and subsequent death of the infant daughter of their son, Bert Gunn.

Martin Enevoldsen and his section crew are working near St. Paul at present, going to and from on their car, thus allowing of their being at home nights.

Mrs. Winquist, an aunt of B. J. Swanson from Omaha, arrived here Tuesday evening. She has been visiting at Seattle, Wash., and stopped here on her way home.

Every Sir Knight of Pythias is requested and earnestly urged to be at the Castle next Wednesday evening, Aug. 28, as Marmon Lodge has business requiring their presence.

Word was received here Tuesday that Mr. George Kontor of Logan township, living some six miles north-east of Loup City, had died the evening previous of heart failure. We have no particulars.

The infant daughter of Mr. and Mrs. Bert Gunn, of Wiggle Creek, died Tuesday afternoon. The little one was their first and only child and about 2 years of age. The sincere sympathy of the many friends of the estimable young couple is with them in their bereavement.

At the Presbyterian church next Sunday the pastor will preach both morning and evening. The subject of the evening's sermon will be "Escape From the Thot's Troubles Us." Besides the regular music by the choir, Miss Jess Culley will sing at the evening service. Let all the friends be present at our evening meeting.

The Fats and Leans will have a grand base ball contest on the grounds tomorrow afternoon. There will be no admission fee and the lady friends of each aggregation are pleadingly requested to attend and "rah" for them. Just imagine Bob Starr and Bert Charlton doing magnificent work in their respective batteries, and don't fail to attend.

Our people were treated to a genuine surprise last Saturday evening by the news that Mr. John O'Bryan, son of Engineer O'Bryan, and Miss Sadie Swanson, daughter of our townsman, B. J. Swanson, had gone to St. Paul that morning, where they were to be married. They went to Omaha that day to make purchases of household goods, returning Wednesday evening. The news was a pleasant surprise to their many friends, who welcome them home with warmest congratulations for a long and happy wedded life.

* R. J. Nightingale and son, Herbert, returned last Friday evening from their visit to the Jamestown Exposition and other points of interest in the east. They report a very pleasant vacation, although they found the Jamestown Exposition very incomplete and of little interest. Mr. Nightingale says the exposition is on swampy land, where the workmen do their stunts in part in water up to their waists, and that it will be impossible to have the exposition in proper condition even by the close of the time allotted for the show to close.

A prominent farmer gives out the following information: "This year is white clover year, and it might be well for the newspapers to warn the farmers against allowing their horses and stock from eating too much white clover. White clover is all right, but it causes a horse to slobber, thus bringing on indigestion. The saliva of a horse is requisite for his digestion just the same as that of the human, and if it is prevented from its natural channel the animal will suffer from the effects of the loss. The coming winter many horses will be sick and farmers will be doctoring for this, and another disease, when there is nothing in the world the matter with the horse but indigestion caused from eating too much white clover." Our farmer friends will do well to heed the warning, as indigestion is as fatal to a horse as to a human, and an ounce of prevention is worth the

NOTICE TO FARMERS.

I am in the market for all kinds of steers, young cows, and heifers and bulls, so see me before selling. Leave word at Loup City State Bank.

Farmers Take Notice!

We have rented the Farmers' elevator at Loup City, and also the Omaha Elevator Co.'s elevator for the purpose of storing corn and are glad to have you call on us with just as little expense as possible and on only a reasonable margin. Now, do not sell a bushel of grain before you get our prices. We expect to feed a large number of cattle this year and want your corn and expect to keep one of these elevators open all the time. We also buy livestock and hay. DINSDALE & SON.

Lou Williams has been quite ill at the St. Elmo, with the prevailing complaint of what is denominated "summer grip".

The Air Ship scheduled to make daily flights at the State Fair, Sept. 2-6, will consume three tons of sulphuric acid and three tons of iron filings during the five days of the Fair. Every visitor will have an opportunity to see this 20th century invention at close range on the Fair grounds.

Mrs. Geo. Stork and baby returned home from their visit to Kearney last Saturday, accompanied by Miss Mamie Sullivan, a sister of Mrs. Stork, who will visit her some time. George met them at St. Paul—couldn't wait till they got home to see the heir apparent to the family throne.

Dr. Bilon—Kearney Eye Specialist, will be in Loup City at the St. Elmo hotel, Monday, Aug. 20th. Be sure to read his article in this issue on "The Eye" and if you have any such troubles, don't fail to consult him. Remember the date, one day only. Come early.

Pastor Guernsey of the Baptist church handed in his resignation to the congregation last Sunday morning, to take effect the first of October. Mr. Guernsey has not outlined his plans so far. Mr. Guernsey will be missed by our people, as well as the church, as he is a very gentle gentleman, as well as a pulpit orator of much power.

During the week commencing with Sept. 2, a class of beginners will be started in the Loup City schools. It is requested that those having children who have never been to school and whom they wish to have in school this year start them at this time. It is not likely that another class of beginners will be started during the year. R. E. DALE, Supt. City Schools.

We have received a letter from Secretary Whitton of the Lincoln Commercial Club calling attention to the fact that the club has secured some 2,500 rooms in private families in the capital city for use of guests of the State Fair. If you are going to attend the Fair and have not yet secured accommodations, write W. S. Whitton, Secretary of the Commercial Club, and he will attend to the matter for you.

The Kensington given by the ladies of the Presbyterian church last Thursday afternoon at the home of Mrs. A. P. Culley was a most enjoyable affair, and realized a neat little sum for the society. Besides dainty refreshments, a short program was rendered, including a recitation by Mrs. C. C. Cooper, two instrumental evenings by Miss Mattie Nesbit of Waterloo, Neb., a niece of Rev. and Mrs. McEwen, and vocal solos by Miss Jess Culley and Mrs. M'Belie Burleigh, all of which were well received. If we were to express an opinion over these pleasant church entertainments, we would suggest they be held more often and a general invitation extended to all to attend, thus giving us male bipeds happy times as well, and by the way naturally adding to the net receipts.

On Tuesday evening of this week, at her home, was given the first recital of Miss Beth Zimmerman's large class of musical scholars. The class numbered eighteen members, as follows: Irene Truelsen, Edith and Lilla Brown, Ruth Taylor, Chris Petersen, Blanche Fisher, Retta Gaster, Flora Brown, Jess and Mildred Culley, Marie Cooper, Fay Galloway, Bertha Hayes, Amy Draper, Mabel and Florence Depew, Iva Henry and Elva Zimmerman, and each did their part in a manner to their studies.

Quite a number of the friends of both teacher and pupils, besides the families of those taking part in the recital were present on invitation, and were a unit in their expressions of pleasure over the successful work done.

Your Eyes, Your Ears

A Few Timely Hints by Dr. Bilon, the Kearney Eye Specialist.

Read This Carefully. It May Save You Many Dollars and Much Suffering.

SORE, WEAK OR INFLAMED EYES.

If you suffer from SORE, WEAK or INFLAMED EYES, Failing or Painful Vision, Dizziness, confusion in the brain, that heavy dull feeling, Nervous Prostration, Sick Headaches, Facial Neuralgia, etc., Headaches over the eyes and in back of the head. This is a positive symptom of eye-strain, and the person who dopes himself continuously by taking headache powders, wafers, tablets, dain pills and various patent medicines, which are all composed of various heart-depressants, such as anti-pyrim, anti-kanimo, anti-febrine, acetaminol, bromide and narcotics, such as opium, morphine, etc., only relieves his condition temporarily and at the expense of all the poisonous and deleterious after-effects of these drugs, a temporary relief at the best. Stop! You are the person we are looking for; we can give you permanent relief by removing the cause of the trouble. Properly adjusted glasses are the remedy as they remove the cause—eye strain—and therefore permanent in their effects, unlike the headache powders which only relieve the effects, and the cause (eye strain) is left to do the mischief over again.

GOOD VISION.

Good vision, contrary to popular opinion, is not a sign of good or strong eyes, but means that such eyes are able to perform the function of vision, but does not tell at what enormous outlay of nervous energy or strain. Therefore the up-to-date Eye Specialist asks not how well you can see, but what are you paying for your vision in the form of nerve energy, expended through the eye muscles, in order to focus the eyes at all times to obtain such vision. It is a notorious fact that often the person having the best seeing eyes is the greatest sufferer from the afore mentioned diseases. Space forbids, but if you will call personally we will be pleased to explain how this is possible to your entire satisfaction.

The country is full of Traveling Jeweler and Pedler Opticians, who have practically no qualification at all, but all of whom possess a set of Test Cards and Trial Lenses and various Optical Machines. They are qualified very much as the reader might be by going to a Surgical Supply House and buying a set of surgical instruments and pretending to do surgery, but you know this would not make you a surgeon by any means. A sensible person wouldn't take his horse to the shoemaker to be shod, nor would he think of going to the Blacksmith with his toothache, although the Blacksmith might have all manner of pliers, tongs or forceps, by means of which he could remove the tooth; no, he looks about for the best dentist that he can find. You should be just as careful, or more so, in the selection of your Eye Specialist. Remember that you have but one set of eyes, and when they are gone you can't get others to replace them, so be wise and take care of the ones you have.

GRADUATE OF THE FOREMOST SCHOOL.

DR. BILON is a graduate of the foremost school in the United States, the McCormick Optical College of Chicago, and if ten years' practical experience, honest, painstaking effort, a reputation for success won't other Opticians have failed, and constantly repeated visits to the same locality, stand for anything, it is the "Square Deal." It is our motto, in fact, and you will surely get it. By this method we have acquired the confidence and esteem of the people of this vicinity.

NOTICE.

DR. BILON was formerly of the Ferrigo-Bilon Optical Co., who gave the illustrated Lecture on the Eye and a Moving Picture Entertainment at the opera house. This combination has been dissolved. DR. BILON has no longer any business connection with the old firm, but is doing Optical Work independently and for himself only.

ABOVE EVERYTHING ELSE

the Studebaker Wagon stands for the qualities that make wagons desirable. Light-running and easy on the team, durable because the lumber is seasoned right before being finished. Made to stand up under heavy loads.

THE STUDEBAKER WAGON

is built from first-class material down to the minutest detail. The slow-growing, fine-grained, tough-fibered black birch from the rocky hills of New England is used in the hubs, select white oak is made into spokes and felloes and choice second growth, butt cut hickory is used for the axles. Every other part as carefully selected. The skeins, tough and hard, are forced into place on the axles under 100 tons pressure. Studebaker slope shoulder spokes are driven into the hub under the same tremendous pressure. Best and toughest iron and steel strongly reinforces every part where needed. The Studebaker is

The Unapproachable Wagon

and we sell it because the name is the best guarantee we can give of its excellence. We keep them in stock, and if we haven't the kind you want, in size or style, we can get one for you in the shortest possible time. We shall be glad to talk wagon to you and if you will come in we will give you some interesting reading matter about wagons.

AS A MATTER OF GENERAL INFORMATION

to parties thinking of buying wagons within the next twelve months, will say: that the stock now in the hands of most of the retail merchants has been bought prior to the two last advances in price, which took place on May and July 1st, of this year, and that
