

The State Capital

Matters of General Interest from Nebraska's Seat of Government

Rule to Favor Soldiers.

J. H. Prosser, commandant of the Nebraska Soldiers and Sailors' home at Millard, under appointment from Governor Sheldon, and who also served in the same capacity under the administration of Governor Mickey, declared in a statement that the old soldiers and the public generally should understand that the recent resolution fixing terms of admission to the old soldiers' homes is more favorable to the old soldiers than any action ever before taken by state officers. The change was made for the sole purpose of giving to the old soldiers advantages which they never before had. Dr. Prosser's statement is as follows:

"The criticism of the action of the present state board resulted from a misunderstanding of its duty, and what it has done. Under the original management a soldier drawing more than \$1 a month could not be admitted. Later the rule was changed to require, as a condition of admission, payment of all of the pension in excess of \$12 a month. In the interests of the soldiers the present state board has made a rule by which those drawing a monthly pension of more than \$12 may have the benefit of the home by paying to the institution a percentage of income up to \$30 a month."

"The state board could not depart from the provisions of the statute, and the liberal course taken can only be justified under that provision of the law which authorizes the state board to make rules. It may not be generally known, but it is a fact that the statute under which the home was created and under which it is now maintained, extends its free benefits only to those who are dependent upon public or private charity."

"The home was first controlled by a visiting board composed of soldiers and the wives of soldiers. This board adopted a rule to the effect that soldiers drawing a pension of \$12 a month could not be admitted under the terms of the statute since they were not subjects of public or private charity."

Interest on County Deposits.

The last report made by the county treasury examiners shows a remarkable difference in the amount of money collected by the various treasurers as interest on county deposits. This matter is now being agitated in some of the counties and in instances it has been made an incident of the campaign. This report shows that the treasury of Douglas county was examined January 7, 1904, and on January 3, 1906. During the time between there was collected interest on the county deposits \$7,472.61. The balance on the first date was \$108,291.93 and on the last date \$243,713.85. Lancaster county was examined January 4, 1906, and December 31, 1906. The interest collected on deposits during this period between the two dates was \$2,120.15. The balance on hand on the first date was \$162,195.63 and on the last date \$209,776.01. Richardson county fell down below these counties in collecting interest. That county was examined January 1, 1905, and January 3, 1906, with a balance the first date of \$62,772.06 and on the last date \$57,954.48. The interest collected was only \$490.50. But Richardson county came in ahead of Webster, Otoe, York, Gosper, Bart and others. These counties failed to collect any interest on deposits. Otoe county was examined January 4, 1906, and March 18, 1907, showing a balance of the day of its first examination of \$100,346.44 and on the last date of \$83,833.12.

Sample Ballot.

The sample ballot, as sent out by Secretary Junkin, is as follows: For Judge of the Supreme Court—M. A. Reese, republican; George L. Loomis, democrat; republican's independent; John D. Grayson, prohibition; Lucien Stephens, socialist.

For Regents of University—Charles B. Anderson, J. George Coupland, republican; R. J. Millard, democrat; John L. Sundeen, democrat-people's independent; John H. Van Steen, prohibition; J. N. Carter, G. C. Porter, socialist.

For Regent of the University (to fill vacancy)—W. C. Rodgers, socialist.

For Railway Commissioner (to fill vacancy)—Henry T. Clarke, jr., republican; Samuel Lichty, prohibition; E. F. McClure, socialist.

Prosecutions Begun.

A number of prosecutions have been begun in Blair because of the failure of grocerymen to comply with the provisions of the new food laws, according to information received by Food Commissioner Johnson. He has also received notice of the prosecution of Albert H. Lyons of Fairbury on the charge of selling unbranded butter.

Creamery Men Try to Settle.

The centralized creamery men of the state appeared before the railroad commissioners in an effort to secure an order compelling the express companies and railroads to give them better service. They told a story of delays, poor service at terminals, insufficient employees to handle the cream and detailed with much exactness the conditions less profitable and most annoying. It developed that greatest fault with found with the terminal facilities at the Union station in Omaha.

James Novel of Albion, president of the State Liquor Dealers' association, and a saloonkeeper of Lincoln, called on Food Commissioner Johnson to discuss the matter of branding packages of liquor. Johnson has ruled that when liquor is poured out of a large bottle and delivered to a consumer in a small bottle, the small bottle must be labelled. The law relating to the branding of packages is not being enforced, so Mr. Johnson says, though he has not yet set the date when prosecutions will begin.

Will Change Speed Limit.

The Nebraska railroad commission decided to modify the Missouri Pacific speed limit order promulgated on the recommendation of Commissioner Williams. Henceforth on certain stretches of the Missouri Pacific track in Nebraska, the engineer may pull the throttle to a 45-mile an hour notch. This was brought about by the plea of the engineers and conductors of the road, who showed the first order was unjust to them and to the road. Their earnings are based on mileage, and the reduction of running speed to 25 miles an hour, it was said, would cut their wages to a point below cost of living. They said some of the track between Kansas and Omaha is fit for a 60-mile an hour, while at other places 10 miles an hour is all it will bear.

All who appeared before the commission were men who had been in the employ of the road for more than twenty years, and they assured the commissioners they were not misrepresenting conditions at all in their request. They said records would show not a single passenger was injured on the Missouri Pacific road in the state and that, as compared with other roads, they were noted for exercising greatest care in operation. It has been their custom to watch for bad places in the track and to warn trains they passed of the same.

Defect in Kenison Trial.

Is there a technical defect in the instructions given the jury in the trial of Ernest Kenison?

Attorneys in the supreme court allege that this is the case. Kenison was sentenced to twenty-four years in prison for the murder of Sam D. Cox, a newspaper man.

On the technical mistake alleged in the Kenison trial, Lucas Hayes recently secured a reversal. The deputy attorney general is preparing a brief in defense of the instructions of Judge Grimes. At his trial Kenison was sentenced to twenty-four years in the state penitentiary, although the jury recommended a life sentence. The murder took place on the streets of Minatare. The two men had an altercation, which came to blows. Kenison deliberately drew his pistol from his hip pocket and fired at Cox, who closed in on him, receiving the second ball through the forearm in such a manner as to fracture the ulna bone. Kenison then threw his right arm over the back of the newspaper man and fired again, the bullet passing down through his shoulder into his back-bone.

The trouble arose over the anxiety of Kenison to have a saloon in his hotel, which was opposed by Cox in his paper. Cox was nine years older than his slayer and fifteen pounds lighter, but he put up a game fight until he received the fatal bullet.

Officers' Pay Held Up.

Officers of the Third Nebraska regiment in the Spanish-American war, headed by Colonel William J. Bryan and including Governor George L. Sheldon, who was a company captain, must furnish proof of the dates of their service before the government will pay them for the time that elapsed from the actual date of enrollment in the state organization until they were formally mustered into the service of the United States. There is no dispute over the question of serving and money due, the privates in the regiment having already been paid, but the claims of the officers are held up until the date of transfer can be distinctly ascertained in individual cases. The amounts are not large enough to warrant much effort on the part of the officers, and Colonel Bryan has ignored the matter entirely. Adjutant General Schwarz took the matter up, and hopes to arrive at an early settlement with the government.

Complaint From North Platte.

According to Attorney W. V. Hoagland of North Platte, traffic on the Union Pacific is congested and the passenger trains are seriously handicapped in getting over the line. Mr. Hoagland declared that his town is paying the Union Pacific about \$40,000 annually in freight, and he predicts that the time is ripe for a large amount of this going to the Burlington as soon as it gets into the city. The Burlington has already spent \$125,000 in purchasing a right of way through North Platte and the arrangements are all made for building the line. He believes that it is a mistake to think the Burlington would establish its division at Bignell, the new town which is being platted by Ed Bignell about nine miles east of North Platte. The Burlington could not afford to offer such an insult to a city of 5,300 inhabitants, he believes.

Ex-Governor Mickey Recuperating.

Ex-Governor J. H. Mickey is now living quietly at his old home at Osceola. He left Lincoln in very poor health, but since moving to Osceola has spent a great deal of time out doors, visiting and looking after farm property and has regained his vigor.

For failing to stamp net weights on meat packages, County Attorney F. M. Tyrell of Lancaster county has filed complaints under the pure food law against the Cudahy Packing company, Swift & Company and Armour Packing company. Food Commissioner J. W. Johnson is backing the prosecutions. He wrote to County Attorney English of Douglas county notifying him of the need of action under the law and the response given was a desire to know whether the attorney general of Nebraska had passed upon the case.

The people of Rulo, the town of Rulo bridge fame, have applied to the railway commission to get the Burlington to stop a train there occasionally so the traveling public can get out of town after the noon hour. Four trains pass through that town from St. Joseph daily after noon, but they only whistle and the people are not fast enough to board them. The traveling man who stays in Rulo after noon cannot get out until the next morning, so the complaint says. It was liberally signed by business men of Rulo.

ADVICE TO VICTIMS

TELLS READERS HOW TO CURE RHEUMATISM AT HOME.

Directions to Mix a Simple Preparation and the Dose to Take—Overcomes Kidney and Bladder Trouble Promptly.

There is so much Rheumatism everywhere that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Everything Bad.

A prominent planter recently had occasion to visit some of his holdings in southern Arkansas. The land was situated several miles from a railroad, and it was necessary to finish the journey in a buggy. So he took a friend with him and started out. After traversing several miles of sparsely settled country, they came upon a farmer plowing corn on the side of a hill. The planter, wishing to appear civil to his neighbors, stepped his horse and yelled at the man, who came to the fence, mopping his face with a red bandana.

"Good morning,"
"Mornin', mister!"
"You live here, I suppose?"
"Yep."
"How's crops?"
"Fair to middlin'."
"That's a bad bill you're plowing."
"I know it. Bad hoss, pullin' the plow, bad plow, bad everything."
"Why, you talk like you were the poorest man in Arkansas," laughed the planter.
"I ain't, though," was the response, as the young fellow smiled good-naturedly. "Another feller owns half of this crop."

A Standard Measure.

After being ten years in the making there has just been deposited in the government standard weights and measures strong room a new standard yard measure. It is made of 90 parts of platinum and ten of iridium, which when combined are not upset by either heat or cold. After the elaborate marking it was submitted to a number of tests, coming through all with high honors. Every year of the next ten years it will be examined, and if it varies by the millionth part of an inch it will be consigned to the rubbish heap, otherwise it will become a standard.—London News.

Protecting His Magazine.

"While waiting at the doctor's the other day, I picked up a magazine from his table to pass the time," said the man who observes things. "All through the book, on nearly every other page was stamped his name, and it so irritated me that I spoke to him about it."
"If I didn't fill that magazine up with my name," he said, "it wouldn't last ten minutes in this place. Somebody would be sure to carry it away. Even as it is, I lose one every little while."

Had Tried It.

"You ought to wear glasses. They'll save your eyes," said his friend.
"Nuttin' in it," contemptuously answered Bill de Bruiser. "I ought 'dey would meself wunst, an' I put on a pair when I heard a big chap wuz layin' for me. It's acin de law, ye know, to hit a man wid glasses on 'im. Well, sir, de big chap happened along. He reached over, lifted dem glasses off me face, an' den he bunged me eyes up, good an' proper."

TAKE THEM OUT

Or Feed Them Food They Can Study On.

When a student begins to break down from lack of the right kind of food, there are only two things to do; either take him out of school or feed him properly on food that will rebuild the brain and nerve cells. That food is Grape-Nuts.

A boy writes from Jamestown, N. Y., saying: "A short time ago I got into a bad condition from overstudy, but Mother having heard about Grape-Nuts food began to feed me on it. It satisfied my hunger better than any other food, and the results were marvelous. I got fleshy like a good fellow. My usual morning headaches disappeared, and I found I could study for a long period without feeling the effects of it."
"My face was pale and thin, but is now round and has considerable color. After I had been using Grape-Nuts for about two months I felt like a new boy altogether. I have gained greatly in strength as well as flesh, and it is a pleasure to study now that I am not bothered with my head. I passed all of my examinations with a reasonable good percentage, extra good in some of them, and it is Grape-Nuts that has saved me from a year's delay in entering college."
"Father and mother have both been improved by the use of Grape-Nuts. Mother was troubled with sleepless nights and got very thin, and looked care worn. She has gained her normal strength and looks, and sleeps well nights." "There's a Reason." Read "The Road to Wellville" in pigs.

"Smokers have to call for Lewis' Single Binder cigar to get it. Your dealer or Lewis' Factory, Peoria, Ill."

"Whom fortune favors the world favors.—German."

BACK GAVE OUT.

A Typical Case of Kidney Trouble and a Typical Cure.

Mrs. Chloe Page of 510 S. Pitt Street, Alexandria, Va., says: "My back hurt me terribly, I had sharp, shooting pains, changing to a dull, dragging ache. I could not stand for any length of time and my back hurt me when I sat down. My feet and ankles were badly swollen every evening, and my stomach was out of order. Doan's Kidney Pills cured me of these troubles in 1902, and for five years I have had no return."
All dealers, 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

THE NUMBER OF ANIMALS.

Recent Attempts to Tabulate the Beasts That Perish.

Every now and then some naturalist endeavors to make an approximate numerical count of known animal species. This kind of attempt is surely not without interest, but it must be acknowledged that its results are very uncertain. We are far from knowing all species, and there is yet a delightful prospect ahead for those who love systematic zoology and for zoologists who bestow mutual honors by giving each other's names to some animal hitherto unknown.

BABY IN TERRIBLE STATE.

Awful Humor Eating Away Face—Body a Mass of Sores—Cuticura Cures in Two Weeks.

"My little daughter broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, but she continued to grow worse. Her body was a mass of sores, and her little face was being eaten away. Her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of Soap and box of Ointment the sores had all healed, and my little one's face and body were as clear as a newborn babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents. Mrs. George J. Steese, 701 Coburn St., Akron, O., Aug. 30, 1905."

Ranchman's Novel Courtship.

Louis L. Kramer came all the way from Yuma, Cal., to marry a girl he had never seen. The bride was Miss Flora Weise, a pretty young woman of Tazewell county.

The groom wrote to his aunt here, Mrs. Patterson, to put him in communication with a girl who would make him a good wife, as he was lonely on his ranch in Colorado. Mrs. Patterson recommended Miss Weise, a neighbor's daughter, and correspondence was begun.

The girl was taken with the romance of the affair and when photographs were exchanged and proved satisfactory a proposal quickly followed. An acceptance was written and then Kramer came east to claim his bride. The marriage was celebrated the day after his arrival and the couple departed immediately afterward for Yuma.—Denver News.

An Ambition.

"So you want to become an ambassador," exclaimed the man of power.
"Yes," replied the opulent person.
"I thought you were devoted to your automobile. When did you become interested in diplomacy?"
"I'm not especially interested in diplomacy. What I want is to get some position where I'll have government protection against arrest for violating the speed regulation."

Single Blessing.

Pearl—They say blessings never come singly.
Ruby—Yes, but blessings come singly sometimes.
Pearl—Single? What do you mean?
Ruby—Why, Belle captured an old bachelor worth a cool million. He was a single blessing, wasn't he?

Give Defiance Starch a fair trial—try it for both hot and cold starching, and if you don't think you do better work, in less time and at smaller cost, return it and your grocer will give you back your money.

A bachelor friend of mine says it isn't safe to ask a girl to marry you unless you are sure she won't. Even then a fellow is taking a long chance.

The man who thinks he is wealthy because he is wordy usually is short weight when it comes to work.

Hidea, Felts and Wool.
To get full value, ship to the old reliable N. W. Hyde & Fur Co., Minneapolis, Minn.

If a man sleeps in church he doesn't necessarily dream of heaven.

A Wonderful Thing.

Mr. Brown had just had a telephone connection between his office and house and was very much pleased with it, says the Home Magazine.
"I tell you, Smith," he was saying, "this telephone business is a wonderful thing. I want you to dine with me this evening, and I will notify Mrs. Brown to expect you."
Brown (speaking through the telephone)—My friend Smith will dine with us this evening.
"Now listen and hear how plain her reply comes back."
Mrs. Brown's reply came back with startling distinctness:
"Ask your friend Smith if he thinks we keep a hotel."

Her Recipe.

A lady famed for her skill in cooking was entertaining a number of her friends at tea. Everything on the table was much admired, but the excellence of the sponge cake was especially the subject of remark.
"Oh!" exclaimed one of the guests, "it is so beautifully soft and light! Do tell me where you got the recipe."
"I am very glad," replied the hostess, "that you find it so soft and light. I made it out of my own head."—Illustrated Bits.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is a specific prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of these two ingredients is what produces such wonderful results in curing Catarrh. Sent free, with full directions, to
F. J. CHESEBURY & CO., Props., Toledo, O. Take Hall's Family Pills for constipation.

Double Protection.

"I wish," a lady recently said to her husband with what Punch discreetly terms "considerable emphasis," "I wish you wouldn't always sit on the piano-stool when we have company. Everybody knows you can't play a note."
"Neither can anybody else when I'm sitting there," returned the sage—Youth's Companion.

Starch, like everything else, is being constantly improved, the patent Starches put on the market 25 years ago are very different and inferior to those of the present day. In the latest discovery—Defiance Starch—all injurious chemicals are omitted, while the addition of another ingredient, invented by us, gives to the Starch a strength and smoothness never approached by other brands.

Undisturbed.

"Does the strike give you any hand seriously inconvenience your company?"
"No," answered Mr. Dustin Stax; "on the contrary, it affords us a better excuse than usual for the bad service that is constantly complained of."
—Washington Star.

Important to Mothers.

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of Dr. J. C. Watson.

In Use For Over 30 Years. The Kind You Always Bought.

Wisdom of Experience.

The Bachelor—I wonder why a woman always lowers her voice when she has occasion to ask a favor?
The Benedict—Oh, it gives her an opportunity to raise it higher in case the favor isn't granted.

That an article may be good as well as cheap, and give entire satisfaction, is proven by the extraordinary sale of Defiance Starch, each package containing one-third more Starch than can be had of any other brand for the same money.

The preservation of health is a duty. Few seem conscious that there is such a thing as physical morality.—Herbert Spencer.

GIRLHOOD TO WOMANHOOD

Lydia E. Pinkham's Vegetable Compound

ELLEN M. OLSON

CLARA E. DARMSTADTER

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularity. It has been thus depended upon for two generations.

Hundreds of letters from young girls and their mothers, expressing gratitude for what Lydia E. Pinkham's Vegetable Compound has done for them, are constantly being received.

Miss Ellen M. Olson, of 417 N. East St., Kewanee, Ill. writes—

Dear Mrs. Pinkham—
"I have had the best doctors in our town for my sickness and they all thought an operation was necessary. I had headache,

sideache, and I felt worse so sore I could hardly stand. I took two bottles of Lydia E. Pinkham's Vegetable Compound when my periods were established and now I am perfectly well. Mama says she won't be without your medicine in the house. I have told one girl what Lydia E. Pinkham's Vegetable Compound has done for me and she is taking it now."

Miss Clara E. Darmstadter, of 483 Breckenridge St., Buffalo, N.Y., writes: Dear Mrs. Pinkham—

"For about a year, except during the past few months, I suffered with severe pains every month, with backache and headaches. I had the blues so bad that I was in despair. It is a pleasure to tell you that Lydia E. Pinkham's Vegetable Compound has cured me. The change in my appearance is wonderful and I desire that this good may come to every sufferer. Any one desiring to know further details may write to me and I shall be glad to give them."

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham, at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs cures where others fail.

No other remedy has such a record of actual cures of female ills. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound and what it has done for them.
Lydia E. Pinkham's Vegetable Compound: a Woman's Remedy for Woman's ills.

W. L. DOUGLAS
\$3.00 & \$3.50 SHOES
SEEK IN THE WORLD
SHOES FOR EVERY MEMBER OF
FAMILIES AT ALL PRICES.
\$25,000 Reward (To any one who can prove W. L. Douglas does not make & sell more Men's \$3 & \$3.50 shoes than any other manufacturer.)
THE REASON W. L. Douglas shoes are worn by more people in all walks of life than any other make, is because of their excellent style, comfortable, and superior wearing qualities. The selection of the leathers and other materials for each part of the shoe, and every detail of the making is looked after by the most complete organization of superintendents, foremen and skilled shoemakers, who receive the highest wages paid in the shoe industry, and whose workmanship cannot be excelled. If I could take you into my large factories at Brockton, Mass., and show you how carefully W. L. Douglas shoes are made, you would then understand why they hold their shape, fit better, wear longer and are of greater value than any other make.
My \$3.00 and \$3.50 Gill Edge Shoes cannot be equalled at any price. W. L. Douglas name and price stamped on bottom. Take No Substitute. Ask your dealer for W. L. Douglas shoes. If he cannot supply you, send direct to factory. Shoes sent everywhere by mail. Catalog free. W. L. Douglas, Brockton, Mass.
