Last Friday night Oct. 25th, 1907, at her home in the northwest part of Loup City, occurred the death of Mrs. Frances Janulewicz, wife of Mr. Matthew Janulewicz, aged 39 years, 8 months and 22 days. Deceased was born in Germany, March 3rd, 1868. She came to America and to Sherman county with her parents when ten years of age. She was married to Mr. Janulewicz on the 3rd of May, 1885, and to this union nine children were born, including an infant child but two weeks old. She has two sisters in this county, and her parents are living in Washington on the Pacific coast. The Great Joy of Giving.

Character is never complete, and no man is refined until he is purged of selfishness, this is not a trite saying but a truism, and how few of us are thoroughly unselfish? We all have our faults in this direction to a greater or lesser degree, but for all that, there is not one of us that does not enjoy and appreciate a character that is utterly devoid of selfishness. Mr. Edwin Milton Royle's hero, Jack Paden, in "My Boy, Jack," is one of us, and when he appears at the opera house, Loup City, Neb., Tuesday evening, Nov. 12th, don't be afraid to call and introduce yourself, his heart is big, and there is room for all.

Card from Mr. Hiddleston.

To the voters of Sherman county: I regret that my office work as your treasurer prevents my visiting you personally in my candidacy for reelection. I feel that I am justly entitled to your support for a second term, as you know there is nothing in one term to justify the sacrifice one is obliged to make. Thanking you kindly for your past support, and soliciting your vote on Nov. 5th in my candidacy for a second term, I again thank you for your support.

Farmer, this is a good thing for you, you can't lose if all combine. There is plenty of cream to support a creamery. Show your willingness and take one share. Stand up for your rights and get all out of the cream there is in it and don't let the trust rob you in broad daylight.

Uncle Billy vs. Jaw Bone

EDITOR NORTHWESTERN: Last week the "Gouger" told the public about making a great discovery, a few weeks ago. He (we) dropped into the postoffice's private end a few weeks ago and discovered an outrage, viz: one of the packages of his papers was lying on my desk opened and untied. Well, now, it was real mean of him to come in like that, so unexpectedly, and catch us red-handed. He surely must have attended guessing school, and I don't wonder that he should wonder how such a thing could be, and the wonderment lasted for weeks until one of his faithful few dropped in and solved the mystery for him, saying that every one of his subscribers in the county was also getting the Times-Independent. Now, while I think of it, he (George) claims to have about four hundred subscribers scattered over the county. How many miles that poor fellow must have traveled to interview each of those subscribers to find out that every one of them got the Times, also he must have had a copy of George's mailing list himself before he could find all of his subscribers, or did he, like George, do a little guessing? The latter is most probable, as facts would not be in harmony with the rattling of the jaw bone (or the braying) of an ass. Say, George, this thing of telling the public about that outrage on your virtuous paper don't look or sound right. You should read a little between the lines to them or some of your readers will think you've been fishing and might become somewhat skeptical about your infallibility. And, now, Mr. Gibson, let me tell you something. I extend to you a special invitation to drop into the postoffice, expected or unexpected, once a week, soon after you bring or send packages of your paper, (as you always bring them first), and you will see one of your packages opened, unless you bring some in about the same time that do not require untying to get to examine the contents, for your paper will be examined every week before any of it leaves the office. Do you ask why? It is to see that you don't smuggle any more higher class matter enclosed in your paper and get the 1 cent a pound rate of postage on it. You can pin that in your hat, so that you may sure have it with you when you go to Washington to dictate to the president whom he shall appoint as my successor.

In conclusion, will say to you, Mr. Brown, if you cannot swipe without being caught or found out so easily, you are not entitled to membership in the band, and Samuel S. is out with his jaw-bone and you don't look as though you were much of a runner.

W. T. OWENS.

The Northwestern printed the ballots for the coming election the past few days, kindly assisted by Bro. Brown of the Times. They numbered some 5,250 and made strenuous work around this print shop for a few days.
