PARK AMUSEMENTS

Opening Day

The Opening Day at Jenner's Park last Thursday was a genuine success, as to the day, the large crowds present and the fine attractions given. Arcadia, St. Paul and the country hereabouts was well represented, and the day was most pleasantly observed by the large numbers of people who made it a day of sight-seeing and genuine pleasure. The forenoon was given over to visiting and witnessing the wonders in the park. Mr. Jenner having added a number of cages of animals to his large collection, while the number of concessions, the ocean wave, etc., gave old and young much pleasure during the morning hours. The first attraction of the afternoon was the race between the "Big Bulls" of St. Paul and the home club, who kept the visitors busy during the first half of the game, but allowing them to win by a score of 6 to 2. Following this came a basket ball game between two Loup City teams, which created intense interest from start to finish. It had been expected that Hazard would send over a team, and when it could not, Taylor promised to send over their finest, but owing to smallpox ravaging that section of the country, canceled the engagement and it was up to Loup City to furnish both teams. Following came numerous sports, such as ring throwing, boys' foot race, high jump, potato race on horseback, men's foot race, the most interesting event being in the early evening when Prof. Owen, the armless wonder, did some fancy shooting with his toes. This man is simply a wonder in his line. He shoots, plays various instruments and performs miracles with his toes, that would seem great even if performed by one who had the use of all his members. We understand he was born without arms, and it shows what can be accomplished under the most unmountable difficulties. In the evening, the hours were most pleasantly passed at the pavilion by lovers of the dance.

Fourth of July

The next event on tap at the Park will be a glorious Fourth of July celebration. Mr. Jenner informs us that he will spare no pains nor expense to make our National Day at the Park one of the best ever celebrated here or in this section of the country. For a number of years past our people have given over into Henry Jenner's keeping the celebration of the Fourth and each year he has worked strenuously to give us the best that money and earnest work can give. This year he is better prepared than ever to make the day one of amusement and pleasure to our people. In the park he has all kinds of legitimate games and sports for the occasion, but of one thing it may be assumed, no gambling devices or games of chance are allowed, only the most innocent and diverse amusements and games are allowed to obtain a foothold. Each year he has princely offers from gamblers, with their devices, skin games, and all methods of making money, but he turns them all down. For this alone, he should have the heartiest support of our whole people and they should hold up his hands in his effort to give us a park and amusements decent and respectable, and a place where our families can go for a day of pure pleasure to make our National Day so often to the forefront in such public resorts. Let our people join hands with Henry Jenner in making this Fourth the best ever celebrated here.

Miss Houston of Poole visited here over last Sunday with the family of her sister, Mrs. Martin Enevoldsen.

Mr. and Mrs. Geo. S. Leininger and baby leave the first of the week on a two or three weeks' trip to Denver and various points in Colorado.

Miss Lena Smith, representing the Presbyterian church; Mrs. B. M. Thompson and Mrs. J. I. Depew, both representing the county association, and O. S. Fross representing the Methodist church, went to Beatrice Monday morning as delegates to the 42nd Annual Sunday School Convention. They will all return Friday evening except Miss Smith, who will visit friends at Wymore, Neb.

C. H. Kee of Washington township accompanied his oldest brother, Mr. Arthur Kee, to Omaha last Saturday morning, where the latter will enter the M. E. hospital for treatment for stomach trouble. The brother and family had been visiting here for some time, hoping to benefit his health, but his condition became so serious that it was thought best to send him to the hospital. Mr. Kee returned Tuesday evening, reporting his brother's condition favorable.

Mrs. H. A. Sleeth and children left for Lincoln last Saturday morning, from which point Mr. Sleeth is a traveling salesman, and they will make their home at 1644 F street.

The ladies of the P. E. O. society, of which Mrs. Sleeth is a member, gave a farewell reception last Friday afternoon at the home of Mrs. C. C. Outhouse, and as a token of esteem presented her with a beautifully engraved and ornamented souvenir spoon. She will be missed by a large circle of friends.

Rev. W. C. Harper and sons returned home last week Friday from Omaha, leaving Mrs. Harper much improved and seemingly out of danger. The reverend returned to Omaha Monday morning to remain with his wife till the latter part of this week, when he hopes to bring her home with him.

Mrs. Alice Bascomb of Omaha, who has been with the editorial family for the past three months, has been engaged to look after the ministerial household pending Mrs. Harper's recovery. Later, Rev. Harper was called home for the funeral ceremonies of John M. Taylor, but Mrs. Harper will not be well enough to return before next week.

Loup City now has a moving picture theatre in full blast every evening of the week, save Sunday. Mr. H. A. Watts of Broken Bow has leased the Daddow opera house for a year, rebuilt and fixed up the same with an electric lighting plant and box ticket office, with the upper part devoted to the picture machine, and proposes to give genuine and up-to-date amusement to our people. He will, we understand, also deal in pianos and will soon have a number here on sale. Mr. Watts has rented the opera house and went to Broken Bow Friday to pack up and ship his household goods to this city. His family consists of his wife and 3-year-old daughter, and as both Mr. and Mrs. Watts are accomplished musicians they will be splendid additions to the musical talent of our city.

An effort is being put forth to reorganize the band at this place and we understand with good success. We have a first-class leader in Robt. Pritchard and quite a number of old band men among our citizens, and if the reorganization is affected right away, they say they can be ready to play by this coming Fourth. By all means, let the effort succeed, and let our business men without exception boost the enterprise.

In the wrong place is no worse than bad flour in the right place. They both cause trouble in the family.

The Right Place
