

Something New!

The **FIRST NATIONAL BANK of Loup City** hereby gives notice that they have purchased one of the world famous "TISCO" Manganese Steel Safes, recently tested at Canton, Ohio, in the presence of one of their officers by experts cunning in the art of Burglary.

Also, that they have ordered a new system of **SAFE DEPOSIT BOXES** to be placed in their strictly fire proof vaults as soon as received from the factory.

Further notice will be published in this space within a few weeks that this new equipment has arrived and we then promise to show our friends and the public one of the best protected banks in the state of Nebraska.

Yours respectfully,

L. HANSEN, Cashier.

The High School Glee Club will give a musicale at the opera house next week Friday evening. There is some most excellent musical talent among the girls of our high school, which has been gathered into a musical organization and we may expect some splendid numbers on the occasion spoken of above.

There will be Thanksgiving services at the M. E. church this forenoon at 10:30. Rev. Montgomery will deliver the address, and assisted by Rev. Harper and Rev. Dr. McEwen of Kearney, who, with his family, is spending Thanksgiving with friends in this city. His services will be suspended in the city at that hour, there will undoubtedly be a large attendance on the services.

From The Bee we see that Bellevue has this year another of the winner football teams. They went to Highland Park College, Des Moines, the 12th instant, and carried the Highland scalps home with them, the score being 10 to 6. Our own Ray Kearns is the franchise manager of the team, which insures that important adjunct to a team to be handled in first class shape.

Dr. A. J. Kearns of this city a few days since received notification that he had been nominated and elected a member of the National Geographic Society, with headquarters at Washington, D. C. This society was founded some twenty years ago, by some of the leading men of this country, and counts among its membership the supreme court, ambassadors, and noted men in governmental affairs and educational and business interests of the country. The good doctor is to be congratulated upon his preferment for membership in this great society.

A number of Loup City young people will give a comedy-drama at the opera house this evening and Saturday night, written by Mr. Watts of the Electric Theatre. The plot and situations are said to be most happily put together, and we feel assured the play will be staged in the most acceptable manner. Both Mr. and Mrs. Watts will take leading parts and the other portions of the cast will be taken by home people for whom they were especially written. Loup City people are always partial to home talent and we have no doubt the house will be crowded both evenings to witness the production.

Loup City Men Honored

At the meeting of the state impement dealers last week at Lincoln last week, T. M. Reed was again and for the third or fourth year chosen one of the directors of the association.

Monday's State Journal contained a good likeness of R. P. Starr of this city, who at the state meeting of Municipal Leagues at Lincoln last week, was chosen as president of the league for the coming year. When it comes to officering state associations, Loup City is always in evidence.

Mr. Starr is about the twentieth man from Loup City who has been chosen to preside over various state associations. Among other of our leading citizens who have been so honored in the past are, W. R. Mellor, E. S. Hayhurst, J. S. Pedler, J. W. Long, A. B. Outhouse, T. M. Reed, T. L. Figger, and other city boys. Loup City is always on the map when men of moment are in evidence.

The young people in the M. E. Church drove out to Orchard Slope farm last Wednesday evening for a good time along with their usual practice, there being about fifteen of them.

William Hartman of St. Joseph, Mo., is visiting at the homes of Mrs. Abbie and M. A. Gilbert.

4-Act Comedy-Drama
Written by

And presented by the
LOUP CITY DRAMATIC CLUB

This play was written especially for the stage which presents it. The plot deals with modern religious and scientific problems, and contains a touching heart-story of a blind, orphan singer. At the same time a thread of rich comedy pervades the production, intensifying the interest by sharp contrasts from pathos to humor. The aim is to produce in every hearer
