makes kitchen work a delight instead of drudgery; saves  
your money, time, fuel; protects your health against  
metal poisoning and serious troubles resulting from chip-  
ping of small particles into the food, which is one of the  
dangers from the use of the old style enameled wares.

You buy patent carpet sweepers, egg-beaters, dish-  
washers, clothes-wringers and many other time and labor  
saving conveniences, but there is nothing that will prove  
a greater practical household blessing than the "1892"  
Pure Spun Aluminum Ware.

Loss no time in seeing for yourself what it will do.  
Your money back if this ware fails to do what is claimed  
for it.
