Dinsdale last Friday.

PAINT
THAT
LASTS

To preserve your horse—your property—your dollars, you might say—you
must use paint. To do so economically the paint you use MUST have lasting qualities.
Remember, poor paint costs more than good paint, for the work has to be done
over. Start right by getting
Horse Shoe Paint

and you can make up your mind it's on to stay. The reason for this is plain. Horse
Shoe Paint is wholly composed of the strongest and best materials known in the
science of paint making—it contains no cheapening or adulterating materials what-
ever. It's made of strictly Pure Zinc and White Lead for pigments. Add to this
Pure Linseed Oil—crushed by the manufacturers themselves to insure its purity—then
the necessary drier and coloring matter and you've got the best paint that money,
brains and material can produce.
Horse Shoe Paint has stood the test for 20 long years—it's a proven paint—and
is sold in almost every town and city in the United States. Should not that fact
alone convince you that Horse Shoe Paint gives satisfaction beyond question?
Horse Shoe Paint does all we claim—we guarantee it to be pure and to wear.
Horse Shoe Paint is absolutely pure; you buy it subject to chemical analysis and
it's paint that lasts.
Paint your horse with Horse Shoe Paint this season by all means.
