

If You Are a Farmer

We wish to impress on you the advantages and convenience of a bank account.

Right now is a good time to put your business on a systematic basis. After once you have used the check plan of paying all bills, you will realize the risk of the haphazard, lose money in the pocket method you are now using. The old

First National Bank

of Loup City is the Pioneer bank of Sherman county and conducts its business on such systematic and independent lines as to make us a necessity to you, and we cordially invite you to come and do business with us. Come and see about opening a deposit account.

Daniel Baumann Dead

Tuesday noon of this week, May 9, 1911, Daniel Baumann, living a few miles up the valley on the Stenger farm, breathed his last. Mr. Baumann has been in ill health for over a year, and some months since was operated upon for an abscess on the lungs, his health gradually failing until death as above. He was born in Switzerland July 21st, 1837, coming to this country some thirty years ago, and to Sherman county from Columbus some six years ago. He leaves a wife and six children. By a startling coincidence, a telegram was received here as he passed away that a brother in Columbus had died just an hour previous. The funeral will be held from the German Evangelical church in this city, of which he was an honored member, at 2 o'clock this afternoon, in charge of the German Verein, the services to be led by his pastor, Rev. P. Joelling. The bereaved family have the sympathy of all in their time of sorrow.

An Ohio editor says if a news gatherer should meet fifty persons each day and put the inquiry "Any news?" 49 out of the 50 would reply after a vigorous scratching of the head, "No I guess not," when he might know a number of local happenings that would help make the paper just what everyone wishes it to be, a paper full of news of the community. So if the item which you expected to see in print is not there, it is your own fault—you failed to inform us of the fact.—Ex.

P. Joelling, Pastor.

S. F. Reynolds last Saturday sold his strip of 15 acres on which his slaughter house is situated for \$2,000. Pretty good price for Sherman county soil, but is even lower at that than other parcels of land near this city have been sold at and are being held for. Felix Dzingie was the buyer.

G. W. Marvel was down from his farm in east Custer county last Friday to attend the Pfleaster sale of chattels by the First National Bank, returning home Saturday morning. George is yet too far away to satisfy his legion of friends and he can only satisfy them by coming back to his land holdings in Ashton township.

Mrs. Chas. Masin arrived from Ord Monday noon of this week to join her husband in this city. They are fixing up their property adjoining the M. E. parsonage in fine shape, preparatory to occupying the same. Their little son came with the mother, but their older boy will remain at Ord till the close of school. G. W. Collipriest went to Spaulding Friday morning to see if the job of railroad agent at that place is to his liking, he being offered that place with advanced financial recompense. Later—George and little daughters arrived home Tuesday evening. Did not like the outlook at Spaulding and will stay here.

Through the kindness of Mrs. Jas. Conger, Mrs. Katie Burrows and Mrs. W. C. Harper, refreshments were prepared and sent in at a time that appealed to the strong appetites of the "chevaliers." There is quite a number of candidates for membership who could not be present this meeting, who will be mustered in at a later meeting.

The families of Wm. Larsen of the Mercantile and R. M. Hiddleson were quarantined for smallpox Saturday. Later Mr. Larsen had two of the leading physicians called to his home to see his little daughter, who was the subject of said quarantine, and they decided it was merely a rash or pimply eruption, and not the dread disease. It would seem that no one person be physician or not, should be able to place a home under the ban of smallpox or any other loathsome and infectious disease, but on the contrary they should be a board of quarantine composed of the most reputable physicians in a town or city, to the number of three or more, to decide in the matter. It places too much power in the hands of one person, who can not, as a matter of course, be omnipotent.

Season—Mondays, Fridays and Saturdays at Round Front barn, balance of week at farm one mile northeast of town. Terms of service—\$10.00 to insure colt to stand and suck; \$7.50 to insure mare safe in foal. If mare is traded, sold or removed from county, foal bill of same will become due, and I will expect immediate settlement. Care will be taken to prevent accidents, but will not be responsible should any occur.

As we are using the improved capul system this year, it will be necessary for all mares to be at the barn not later than 4 o'clock, as they must be examined and ready to be bred at 4:30 p. m. each day. Statistics show that this method of breeding will get 30 per cent more colts than by the actual service of the horse. Bring in your shy breeders and we will breed them for you.

SPENT \$500.00 -- REFUSED \$3000.00

Two years ago one of Uncle Sam's soldiers filed on a 40-acre homestead adjoining the town of Powell, Wyoming. By applying his time served in the Army, this homesteader has now made final proof. He has paid out only \$500.00 on the ten payment plan, towards water rights and improvements, and has just refused a \$3000.00 offer for his 40-acre farm.

This illustrates the value of irrigated farms under Government Canals in the Big Horn Basin.

Your Chance Soon

More of this same kind of land will be opened soon to entry. The Ralston Unit is already platted and 12 miles more of the main canal is more than half finished by the contractors. If you want to get one of these rich Government prizes send me your name and address for my mailing list and I will notify you as fast as new tracts will be supplied with water. The next one will be announced very soon.

NEW FOLDER: The new Shoshone Project folder contains a map of the Big Horn Basin, plats of the Garfield, Powell and Ralston Irrigated lands several farm scenes and two beautiful pictures of the Shoshone Dam. It is yours for the asking. Write today for particulars about our personally conducted excursions to these lands first and third Tuesdays.
