Candidates' Cards
FOR COUNTY SUPERINTENDENT
I hereby announce myself a candidate for
Superintendent of Schools of Sherman county,
subject to the will of the democratic and popu-
list voters at the coming primary election.
R. D. HENDRICKSON.

I hereby announce that I am a candidate for
the office of County Superintendent of Schools
of Sherman county, Nebraska at the Republi-
can ticket, subject to the will of the voters
at the August primaries. Your support will
be appreciated.
MARY A. K. HENDRICKSON.

I hereby announce myself as a candidate for
the office of County Superintendent of Schools
of Sherman county, subject to the good will
of the Democratic and people's independent voters
at the August primary election. I earnestly
solicit your support.
L. H. CHAMBER.

I hereby announce my candidacy for the of-
fice of Treasurer of Sherman county, subject
to the will of the democratic and populist vot-
ers expressed at the coming August primary
election.
FRANK LOUSCHKE.

I hereby announce myself a candidate for the
office of Treasurer of Sherman county, subject
to the decision of the democratic and populist
voters at the coming August primary elec-
tion.

night and Sunday and was well
worth the price. There were 1.92
inches of it in Loup City.

Reports of penitentiary figures give
the average time of life-sentences as
about eight years in Nebraska, and
the maximum time served by any
life-terminer as not exceeding fifteen
years. Is it any wonder life sen-
tences do not prove deterrent to fu-
ture crimes?

This week among the announce-
ments political will be found that of
Prof. L. H. Currier as candidate for
county superintendent of schools by
democratic and populist votes. Prof.
Currier ranks high as an educator
and school man and is personally a
fine fellow. He has a strong follow-
ing in those parties.

The primary election for the pur-
pose of selecting candidates to fill the
various county offices will be held this
morning on the third Tuesday in August.
Thirty days previous to that time all
names that are to appear upon the
primary ballots must be on file in the
office of the county clerk. The time
is growing short.

At the head of these editorial col-
umns will be found the announce-
ment of O. F. Petersen, as a candi-
date to succeed himself as county
treasurer, at the hands of the demo-
cratic and populist voters. Otto is
a pleasant, affable gentleman, and is
a force to be reckoned with in the
primaries or at the polls.

A law passed by the last legisla-
ture, which went into effect April
8th, requires all male persons over 18
years of age, to procure a county
license, costing \$1 per annum, en-
titled them to the privilege of fish-
ing in any Nebraska stream, pond or
lake. Women and children under 18
years of age are exempt under the
law.

On the occasion of Doc Birby's visit
here with the Lincoln boosters, Biz
spoke thus of our beautiful, hand-
some and costly court house. It's fine;
read it and be ashamed of the dry
goods box in which our county offi-
cers do business: "Loup City has a
beautiful park and hidden away
in the forest fastness, the poorest ex-
cuse of a county court house ever
tolerated by a county as rich as Sher-
man. why, the building is so in-
significant it is ashamed to peer out
at you from under the trees that gen-
erosly shield it from the gaze of
the scornful. The people really ought
to get busy and build a real house
to contain the county records and give
the officials elbow room so they can
all write at the same time."

A Kansas editor announced that he
would try for one week to tell the
truth and he is still in the hospital.
He didn't get past the first day. The
following item appeared in Monday's
issue and now the boys are getting
out the paper. This is what he said:
"Married, Miss Sylvia Rhode to
James Cauwahan, last Sunday evening
at the Baptist church. The bride is
an ordinary town girl who doesn't
know any more than a rabbit about
cooking and has never helped her
mother three days in her life. She
is not a beauty by any means and has
a gait like a duck. The groom is an
up-to-date loafer, has been living off
the old folks all his life and doesn't
amount to shucks anyhow. They
will have a hard life while they live
together."—Wahoo Democrat.

After July 5 the law denying the
use of cigarettes, pipes and tobacco
to boys and youths under 18 years of
age will go into effect. This new law
effects the boy who purchases these
filthy weeds as well as the dealer who
dispenses them. The boy who is
captured smoking will be arrested,
and if he refuses to take the court of
the officer into his confidence and
inform upon the seller, the boy will
be declared guilty of offense and fined
or sent to jail, but if he tells who or
sold him the tobacco or cigarettes,
he will be given an immunity bath
and sent home and the dealer will
be made to sweat. If the law is enforced
as rigidly as the law prohibiting
bicycle riding on the sidewalks, all
the boys in Loup will be putting
cigarettes and pipes on every street
corner in the town.—Kearney Demo-
crat.

FOR SALE, TRADE OR RENT
Flour Mill, General Store and
Modern Hotel
SUMMER RESORT FULLY EQUIPPED

THIS HALF-TONE REPRESENTS DORIS LAKE
Situated on the Middle Loup river, in Custer county, the water is taken
from the Middle Loup river, which is made from Mineral Springs, Victory
Creek, which is made from the famous New Helena Springs, and also the
Dizmal and other running water that is very fine and soft and noted for its
mineral ingredients. The water in this lake runs a 100 bbl. flouring mill
and is constantly moving, and therefore makes a very healthy resort, with
a large quantity of shade trees, with bath houses and bathing suits, a
modern hotel offers special low rates to visitors and is surrounded with
some novelties: a merry-go-round run by water power and a shooting gallery
and many other attractions.

You are invited to come fish in this lake and be happy
The entire plant of R. G. Carr, at Doris, Neb., is for sale, trade or rent,
and consists of a 100 barrel flouring mill run by water, large modern hotel,
large store building full of goods, shop fitted for all kinds of wood and iron
work—runs by water power, blacksmith shop all up-to-date and modern, (a
good place for repair shop).

Plant includes a merry-go-round—run by water, two motor boats, one
carrying twelve and the other sixty people, six row boats, shooting gallery,
striking machine, baby rack and ice cream stand. Good shade and resting
places. Waterworks, gas plant and opera hall. Will sell or rent any part
of the whole property. Will close out my entire stock of general mer-
chandise, \$12,000 stock, at auction sale to commence Saturday, March 4th,
1911. I expect to sell 1000 acres of land at auction on June 5th, as my
opening will be on June 3rd and 4th. The plant is situated on Doris Lake
and the Middle Loup river, and as a pleasure resort and business propo-
sition, is the finest in the world. Juyers show will give free exhibition at 11
o'clock and in the evening in the hall at 25c and 35c.

Share of Trouble

That the Henry Bauman family,
residing in Monmouth, is experienc-
ing their share of trouble will not be
doubted by any who are familiar
with these prominent people, and
adding them in every way possible.
The latest misfortune that has be-
fallen them was that of Monday,
when Mr. Bauman, with several
other persons, was engaged in work-
ing at the home of August Walters,
in Union township, baling hay.
Something went wrong with the ma-
chinery and going to the baler, Mr.
Bauman tried to force a narrow
narrow opening to clean it out, and
while doing this a heavy plunger
jammed his arm, crushing and bruising
it in a very painful manner. The
wrist was badly cut, further up the
arm the flesh was grabbed and shoved
entirely back to the bone, making a
horrible sight. Dr. D. Clark was at
once sent for and the injured man
taken to his home at Monmouth, he
and the doctor arriving at the home
at the same time. The injured mem-
ber was dressed and the flesh put
in the proper place, but it was so
badly swollen that nothing could be
determined as to whether or not
any bones had been broken. This
morning an X-ray taken by Drs.
Coverdale and Clark at the former's
office, showed that there were no
bones broken and that all joints were
in their proper places. Although very
sore and suffering intense pain the
wound will heal all right, but it
will be some time before the arm can
be used. To add to their list of
sorrows, this morning, while they
were engaged in dressing the arm of
Mr. Bauman, a message was received
by the family from Aberdeen, South
Dakota, telling that Mrs. Bauman's
brother's wife, Mrs. Lee Fulliton,
and infant child had passed away on
Monday and the funeral would be
held at that place Thursday morn-
ing. Just last fall Mrs. Bauman's
mother, Mrs. David Fulliton of Wad-
dena, was operated upon and this
spring died from pneumonia. Five
weeks ago, Mrs. Bauman, herself,
underwent a triple operation and at
the present time is just able to sit
up. The sad accident to her hus-
band and the news of the deaths,
which came to them this morning,
has indeed been more than their
share, and the home, although as
cheerful as would be expected under
their many trials presents a sad
spectacle.—Decatur (O.) Times.

Wrongs of the Poor
Departures from the old way in
things educat onal come in the hand
raps, first and last, but not often are
they assailed as in the letter which a
glowering boy handed to his teacher
the other day: "Madim, you kept
telling my son to breathe with his
diaphragm I sepose rich boys and girls
all has diaphragms, but how about
when their father only makes 2 dol-
lers a day and theres 4 younger I tel
you its enour to make everybody
socialists first its one thing and then
its another and now its diaphragms its
too much."—P. R. Benson in June
Woman's Home Companion.

Half a business day will soon be cut
from the Chicago-San Francisco time
of the Union Pacific-Southern Pacific
San Francisco Overland Limited, en-
abling that train to make the trip in
68 hours, instead of 72 as at present.
"This annihilation of distance," said
J. C. Stubbs, Director of Traffic of the
Union Pacific, today, "which will
be accomplished upon Sunday, May 28,
is the initial step toward realizing to
the travelers using the Union-South-
ern Pacific System the advantages
made possible by the vast sum of
money expended in improving our roadbed, in
installing electric block-signal protection,
in double-tracking, betterment
of power and equipment, etc. "Time
is money, and the clipping of four
and a half hours from our schedule
is in the nature of a dividend to the
traveling public, which we believe
all travelers, especially business men,
will appreciate, since the increase in
speed is made without any decrease
in the comfort of travel." The Over-
land Limited under the present
schedule leaves Chicago at 7 p. m.
and arrives in San Francisco at 5:28
p. m., seventy-two and a half hours
later. Under the new schedule it
will leave Chicago at about 8:30 p. m.
arriving in San Francisco about 2:28
p. m. The train now passes through
Omaha westbound at 8:15 a. m. and
under the new schedule will make it
about 9:30 a. m. Eastbound, the
train now leaves San Francisco at
10:40 a. m., and arrives in Chicago at
1 p. m., seventy-two and a half hours
later. It will leave San Francisco at
10:20 a. m. under the new schedule
and arrive in Chicago about 9:10 a. m.
Eastbound it now passes through
Omaha at 11:45 p. m., and will here-
after make it about 8 p. m.

Paint That Lasts

To preserve your house—your property—your dollars, you might say—you
must use paint. To do so economically the paint you use MUST have lasting qualities.
Remember, poor paint costs more than good paint, for the work has to be done
over. Start right by getting
Horse Shoe Paint
and you can make up your mind it's on to stay. The reason for this is plain. Horse
Shoe Paint is wholly composed of the strongest and best materials known in the
science of paint making—it contains no cheapening or adulterating materials what-
ever. It's made of strictly Pure Zinc and White Lead pigments. Add to this
Pure Linseed Oil—crushed by the manufacturers themselves to insure its purity—then
the necessary drier and coloring matter and you've got the best paint that money,
brains and material can produce.
Horse Shoe Paint has stood the test for 20 long years—it's a proven paint—and
is sold in almost every town and city in the United States. Should not that fact
alone convince you that Horse Shoe Paint gives satisfaction beyond question?
Horse Shoe Paint does all we claim—we guarantee it to be pure and to wear.
Horse Shoe Paint is absolutely pure; you buy it subject to chemical analysis and
it's paint that lasts.
Paint your house with Horse Shoe Paint this season by all means.
