Candidates' Cards

FOR COUNTY SUPERINTENDENT I hereby announce myself a candidate for Superintendent of Schools of Sherman county, subject to the will of the democratic and populist voters at the coming August primary election.

I hereby announce that I am a candidate for the office of County Superintendent of Schools of Sherman county, Nebraska, on the republican ticket, subject to the will of the voters at the August primary election. I earnestly solicit your support.

I hereby announce myself as a candidate for the office of County Superintendent of Schools of Sherman county, subject to the good will of the democratic and people's independent voters at the August primary election. I earnestly solicit your support.

I hereby announce my candidacy for the office of Treasurer of Sherman county, subject to the will of the democratic and populist voters, as expressed at the coming August primary election.

I hereby announce myself a candidate for the office of County Judge of Sherman county, subject to the decision of the democratic and people's independent party voters at the coming August primary election.

I hereby announce myself as a candidate for the office of Sheriff of Sherman county, subject to the good will of the republican voters at the August primary election. I earnestly solicit the support of all moral, upright citizens.

Old last week organized commercial club. That is one thing Loup City should have.

Sherman county had 2,981 children of school age accounted for last year, which makes her get \$2,984 of the apportionment this year just made.

The thermometer got busy here last week and jumped above 90 several days, on Friday humping itself to 96 above. On the same day it was 92 in Omaha, just to go up 2 points better, while Ft. Worth scored 102 and Enid, Okl., 101.

Six republicans have so far filed for nomination for supreme judges. Let-for-re-election, J. E. Cobbley of Beatrice, J. E. Hainer of Kearney and A. C. Eperson of Clay being the latest aspirants, and the woods seem full of 'em.

For the alleged reason in complaint that the advertising of saloon petitions was not sufficient, lacking the full 14 days, at Lincoln, the authorities threw out all petitions and compelled them to re-advertise the full times specified in the complaint, hence the Lincoln papers reaped a second harvest of saloon legends, and the opening of saloons delayed till June 19th. The printers were satisfied and the other fellows had to be.

With a socialist speaker and a socialist chairman in charge of the Decoration Day exercises this year, Loup City was going same on the "red flag" order, don't you think? And when a speaker says he would prefer shaking hands with the worst red-handed anarchist than with a captain of industry on the monopolistic order, do you wonder at the pleased nods of approval from a certain element?

Among the announcements this week will be found that of Herman J. Johansen, asking the republican nomination for Sheriff. Herman is one of the best men in the county, thoroughly reliable, painstaking and competent to fill that most important office, and if nominated will, we believe, easily receive a goodly majority vote and attend to the duties of that trying place with equal satisfaction to all. He has been a citizen of Sherman county from boyhood up to the present and is known and respected by our entire people. We can cheerfully commend him as a fitting man for your support. He is the first to announce his name for the office on either side.

It is a sad commentary upon the intelligence of a community, or at least upon their taste for decency, when it supports even with a precarious existence a so-called newspaper that has as its sole reason for existence the attempted downfall of those with whom its ignorant projector is not in good graces. A publication which lives for spite work and in endeavor to besmirch the fair name of citizens and like a turkey buzzard befoils with its putrid breath the very best citizens of a community, some of whom represent the brains and financial interests thereof, is a thing too despicable in its entire make-up to be even named or noticed among decent people, and is extremely hurtful to the town and county where it spews its venom, and while, though, it falls in its hellishness to ruin those upon whom it throws its spite, yet proves, like lice, bedbugs, fleas and other insects of its kind, a disagreeable factor in a community and exasperating to all sense of decency. A community is never built up by tearing down its best citizenship, and a publication that from week to week is engaged in such malicious work is detrimental to the up-build of any community in all respects.

Dr. Marcy's Mother

The following was taken from the Sterling (Ills.) Evening Gazette of May 23, concerning the last sad rites to Dr. W. L. Marcy's good mother:

The funeral of Mrs. Lucy Sands took place this afternoon at 1 o'clock at the home of her daughter and family, Mr. and Mrs. S. H. Green, on Sixth avenue. Dr. C. A. Riley, pastor of the First Congregational church of this city, conducted the services. His words were very impressive and a comfort to the ones left behind. Miss Ella Richards sang three beautiful songs, the last one being "My Soul be on Thy Guard." This was sung upon request. This beautiful song was learned by the deceased when a young girl, and it was one of her favorites. On her deathbed, just a little while before she passed to the other shore, her face illumined, and she burst forth in song, and sang this song, "My Soul be on Thy Guard, Ten Thousand Foes Arise." They were fitting words to close the last sad service over the bier.

The remains were taken to the Burlington train, and at 3:25 were taken to Erie where they were consigned to the tomb with a short prayer by the pastor. The pall bearers were her four sons, Charles H. Marcy, Dr. William Marcy, Edward Marcy, Sumner Marcy, and Roy Green and Roy Douglass, relatives of the woman. There were a great abundance of beautiful flowers, and the casket was literally covered with them.

NEW BUILDING COMPLETED

Paine-Fishburn Granite Company Building Completed (Grand Island Independent)

With the conclusion of the new home on North Walnut street for the Paine-Fishburn Granite & Marble Works, Grand Island has added another valuable improvement to the business section of the city, and one of which the "Third City" may well feel proud.

Its location one block west of the Union Pacific depot, in the heart of the south side business district, with yardage of 132 feet square and private spur track to its loading platforms, added to the big building makes it beyond question the finest establishment in this line of business in the state.

In making this advancement it has well done its share in reaching out and enlarging the scope of its business along with other industries not similar but all good.

The firm, which was established here twenty-three years ago, has just moved into these handsome and commodious quarters, but it will be some time before it gets everything in proper shape.

This fine new building measures 66x110 feet. Its frontage lies the long way on Walnut. It is two stories high, and has a basement under the construction department. The display room, which has not yet been finished up, is 35x90 and the work room 27x90. Both these rooms are supplied with mammoth traveling cranes which will permit of the moving around of massive stones without difficulty, and to any part of the building. These cranes will handle seven and one-half tons at a load with ease.

The machinery is located in the basement, as are the air tanks which provide pressure. The machinery used for sharpening tools, the heating plant and other et ceteras are also there.

The building has one of the finest fronts in the city. It is well constructed for an attractive display on the interior of goods for a view from the exterior. Arrangements for platform room and yard space are provided and every facility has been provided for the handling of granite.

The second floor has been leased to Mrs. Mahar who will open in it a rooming house. All rooms are light, pleasant and airy, twenty-nine of them in all.

The three office rooms and vault are located in the south end of the main street floor, and in their appointments will be in perfect keeping with the other excellent arrangements of the structure, and will be fitted out in the most approved manner in every detail.

This is said by the firm to be its busiest season, and everybody around the plant has an air of activity. Yesterday three carloads of granite were received and shipped.

The firm is to be congratulated upon its acquirement of this fine new home. It certainly has done its part in the upbuilding of the "Third City"

The State Fair this year will be Sept. 4-8. Of course you will go.

Strengthens feeble Women

But very few women possess constitutions that will withstand the wear and tear of daily routine—

Be it in the home, the office, the schoolroom, the store, or in the factory—there is an excessive strain on the delicate functional organs—these become irregular in their action, the nerves give way under the strain, the blood becomes impoverished and the result is a complete collapse.

Nyal's Vegetable Prescription

If taken in time, will guard against this—its tonic properties will fortify the system, supply a nourishing blood flow, act as a sedative and tonic to the nerves, and bring about regularity in body functions.

Nyal's Vegetable Prescription is the foundation for the building of perfect health,—one that will stand the strain imposed upon it

Remember that this is not a "patent" that we are recommending—it is a prescription medicine, composed of ingredients of well known virtues and we can tell you what they are. We will stand back of Nyal's Vegetable Prescription—results have proved that it does as represented. 18.00 for a large bottle.
