DAGOES ON THE WAR-PATH

Go After Train Crew at Hazard With Knives and Guns.

A Burlington train crew made up of Engineer George Hicks, brakemen Polenz and Hutchison, and Conductor Lawson were attacked by a gang of Italian track laborers at Hazard, one evening last week, in which guns and knives played a very conspicuous part. The train in switching at that point accidentally struck the string of boarding and bunk cars occupied by the Italians, jolting them up quite a bit. This infuriated the dagoes and they swarmed out of the cars fifty or sixty in number and took after the train crew armed with knives, revolvers and clubs. One of the Italians made a vicious jab at brakeman Hutchison with a knife, catching him in the sleeve of the coat, but inflicting no wound. Others pulled a gun on Engineer Hicks and forbade him moving his engine, but he pulled out just the same and with the train crew got away from the infuriated mob without any great damage being done. The Burlington sent officers to Hazard the last of the week, but we have heard of no arrests being made.—Bavenna News.

Have you read the Tramp Law?

Talk about class legislation, discrimination, etc., have you ever read the state law relating to tramps? If a tramp refuses to do some work for you after he has asked you for food clothing or lodging, and you have asked him to do the work, he can be fined or imprisoned for failure to perform his part of the contract. If a tramp—and this applies only to roving vagabonds—grows angered over a refusal to give him a handout, and assaults you or your property, or by threats or force secures food or clothing, he is guilty of a penitentiary offense. And no officer need have a warrant to arrest a tramp for any offense. Furthermore, this law does not apply to women, to blind persons or boys under sixteen. Don't believe it? Well, here's the law:

"Any person going about from place to place and asking or subsisting upon charity shall be taken and deemed to be a tramp.

"Any tramp who shall ask and receive from any person of any precinct town or village or city within this state any food, clothing or lodging or other assistance, may be requested by such person, in his or her discretion to form a reasonable amount of labor therefore and any such tramp who shall refuse to perform any such labor when so requested shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than three dollars or more than twenty dollars and cost of prosecution and shall stand committed until the same is paid, but not exceeding one day for each dollar of fine; or may be imprisoned in the county jail at hard labor, not less than three days nor more than twenty days in the discretion of the court; but no such tramp shall be required to perform any such labor before six o'clock in the morning nor after six o'clock in the evening.

"Any tramp who shall wilfully and maliciously do any injury to any person, or to the property real or personal of any person of any person, or who shall procure food, clothing or other property from any person by threats or by force shall be deemed guilty of a felony, and on conviction thereof, shall be punished by confinement at hard labor, in the state prison for a term not exceeding three years and not less than one year.

"This act shall not apply to any minor under the age of sixteen years nor to any female or blind person.

"Whenever any tramp in this state shall have committed any offense described in this act, any sheriff, deputy sheriff, constable, city marshal, or policeman of the county, precinct, town or city in which such offense is committed may without warrant, and it is hereby made their duty to apprehend such person and retain him in custody at the expense of the county, town or village in any place within the county, and to prepare and file with the proper magistrate or court his complaint against such offender and it shall be the duty of the officer making the arrest, to forthwith file with the proper magistrate, or court his complaint against such offender, and to prosecute the same."

Send fifty cents to the Lincoln State Journal and you will receive that big state daily all the rest of the year. It will stop at the end of that time. The Journal is different from other state papers. It is independent, progressive and fearless, not in politics for its owners or friends, does not print liquor or nasty medical advertising, spends more money for state news, all the associated Press, splendid Washington service and does good things for Nebraskans. It prints more columns or reading matter than any other state paper, has many high class special features, and fifty cents is worth the fifty cents. Try it at this low price. Including Sunday paper, 75 cents.

'Rah for Rebraska

Secretary W. R. Mellor of the state board of agriculture, in a speech as presiding officer at the Omaha land show during the Nebraska day exercises last Friday handed out a bunch of facts about the farming and live stock industries of this commonwealth and its per capita possessions which made the alluring advertisements of other states look cheap by comparison. Mr. Mellor took the ground that Nebraska's resources afford the best promise of returns for honest industry that can be found in the union.

"We do not see any reason why a citizen of Nebraska should be attracted to some other state to seek a home or make investments," he said. "Why do you know that the average corn production of Nebraska during the past ten years has been 175,000,000 bushels per annum; that wheat has averaged 45,500,000 bushels and oats 61,000,000?"

Detailing further the wealth of Nebraska, Mr. Mellor gave the following data: "We have in Nebraska 3,000,000 cattle, 3,000,000 hogs, 500,000 sheep, 1,000,000 horses, 1,000,000 mules, and 23,000 automobiles. Nor is this all of the wonderful showing of Nebraska. The last bank statement shows that we have more than \$200,000,000 in bank deposits. Nebraska has a million two hundred thousand inhabitants; therefore, the per capita wealth of each man, woman and child for products named shows for each individual:

"145 bushels of corn, 38 bushels of wheat, 50 bushels oats 1 horse, mule or automobile, 3 cattle 3 hogs, 1/4 sheep

"And in addition \$168.00 in cash deposited in the banks. The amount of cash for all the people of the United States is given out at about \$36 per capita while that in Nebraska is \$168. In the face of these conditions actually existing, why should our citizens search elsewhere for a home of investment?"

To Our Flour Trade

Our old wheat flour is now all sold but we have flour that is fully up in quality to any flour on the market and is sold by all merchants in town. LOUP CITY MILL AND LIGHT CO.

Notice

Having sold my store, I wish to notify all parties knowing themselves indebted to me to please call and settle at once. C. W. Conhiser

Careful Men; those who have made a financial success of their business, will tell you they started an account with their town bank when they were just boys. Some of their companions took no interest in "a bank account" and today amount to practically nothing. Young men, if you expect to become successful business men, save part of your earnings and lay them away in a strong bank and you will have made an excellent start for a bright future. Come in and get acquainted with us.

Loup City State Bank.

Building Materials

And Lumber of every sort. Shingles Flooring, Planking, Framing Timber and Lath. We are now in a position to make

TEMPTING OFFERS

to early buyers. If you are going to do any building or repairing this is a fine opportunity to get a "lot" for a little.

Keystone Lbr. Co.

Coal yards at Loup City, Ashton, Rockville and Austin.

The Labor of Baking

is many times reduced if you use the right kind of Flour, and if the question, "What is the best Flour?" was put to vote among the bakers and housekeepers in this part of the country, the unanimous reply would be

White Satin

You would vote for it if you were used to it. Isn't it worth giving a trial?

Loup City Mills

A Gift With a Thought in It.

What other Christmas present costs so little and means so much as a subscription to The Youth's Companion—52 weeks for \$1.75? It is a gift which benefits not only the one who receives it, but every member of the same household.

With many Christmas presents the sense of novelty wears off by the week's end, but The Youth's Companion is as new and sought after the fifty-second week of the year as the first. It is elastic in its adaptability, too; for it does not matter whether the present is for a boy or a girl, young married people, sedate couples, grandparents—there never was one yet who did not set store by The Youth's Companion. You cannot make a mistake if you give The Companion—and it is only \$1.75 a year now. On January 1, 1912, the price will be advanced to 2.00.

The one to whom you give the subscription will receive free The Companion's Calendar for 1912, lithographed in ten colors and gold, and you too, as a giver of the subscription will receive a copy of the Calendar.

THE YOUTH'S COMPANION, 144 Berkeley St., Boston, Mass. New Subscriptions Received at this Office.

Crop Statistics

Despite an unfavorable crop season in some portions of the state, Nebraska shows up a good average value of cereal staples of this year. State Labor Commissioner Louis V. Guye has prepared a tabulation of the agricultural data gathered by his office and finds that where there has been a loss of crop value in one section, or on one kind of grain it is made up by gains on other products or in more favored districts.

Regarding the results of this year's investigation, Mr. Guye said:

"The 1911 report while being slightly below the general average yield, seems to have gained through the advanced prices and our enormous gain in fruit crops, hence the total value of our 1911 crop will be slightly in advance of the 1910.

"The rapid strides made in fruit growing have necessitated the getting out of a separate bulletin on this subject and the total result of the fruit crop for 1911 will not therefore be known until this bulletin is completed."

The estimates on valuation for corn, wheat, oats, rye and barley for 1911 and 1910 was based upon the current market value of crops at date of compilation, which was:

Corn	1910	1911
Wheat	1.50	1.00
Oats	.75	.60
Rye	.60	.75
Barley	.50	.55

FENCE POSTS
We have a good stock of lumber and all kinds of building material on hand. A carefully assorted stock of Fence Posts ranging in price from 12c to 25c. No trouble to figure your bills and show our stock.
