Result on State
and County Tickets

The early returns from the state indicate the sure election of Letton and Rose, republicans, to the supreme bench, with the probable defeat of Hamer by Dean, Democrat.

For railway commissioner, Hall defeats Harman, democrat, by a substantial majority, while the republican candidates for regents, Haller and Lyford, have an easy victory over their democrat opponents.

Sherman county casts a republican majority vote for Hamer, republican, but lose out on Letton by three votes and on Rose by four votes. Hall, republican for railway commissioner, defeated Harman by ten votes. Haller, republican, and Knapp, democrat were high men for regents in this county.

On the county ticket, the Republicans won out in every instance, except on superintendent of schools, Currier, democrat, winning over Mrs. Hendrickson, republican.

For supervisor, in District 4, Dan McDonald, fusion, wins over Johnson, republican, while in No. 2, Welty, republican, wins, and in No. 6, Aden, democrat, is winner, the two latter having no opposition.

The vote on assessorship resulted 205 for and 729 against.

For a wonder, the returns were in from every precinct by Wednesday afternoon and the official canvass of the votes was completed by 5 o'clock. We are thus enabled this week to give the official vote. We give the returns of the vote on the state ticket by totals and the county ticket by precincts.

We will give the totals on the county ticket next week. Too late to do so in this issue.

Those "crutches" were evidently of the "sprinter" type. Wonder if the editor can't borrow them when he gets ready to go after an office.

Uncle Lou Williams may be getting somewhat along in years, but he seems to be a faster political sprinter every time he runs. He wins by 600 majority.

F. M. Henry, republican candidate for county treasurer, won out by between 300 and 400 majority even if he did have to use those "crutches." Jimmy, where would he have elevated his vote to, if he had not been handicapped by them?

If Sherman county did not get into the republican column with both feet this election, she came so near it as to show that the progressive republicans were not influenced to any extent by the visit of William Jennings Bryan to Loup City lately.

The question "for" or "against" the election of county assessor, was answered very emphatically in the negative, the majority against being several times to one. Judging by that gentle hint of the voters, Sherman county does not want a county assessor to any very serious extent.

It was nip and tuck in some precincts between Sheriff Williams and Treasurer-elect Henry as to which would receive the largest vote. In Loup City, Henry did Uncle Lou up one vote, but they both received nearly 200 majority over their opponents.

We trust that before another election day rolls around, arrangements will be made so that the returns from each township will be either phoned or brought in by some one at each polling place other than the sealed ballots. As it is now the agony is too prolonged.

Currier, the democratic-populist-socialist candidate for county superintendent of schools, seems to have won by a majority of between 600 and 700 over Mrs. Hendrickson, the republican candidate for the same office judging by the unofficial returns from all the precincts but three. Every other republican county candidate seems to have won out easily.

For county supervisors, Hylo Aden was re-elected in District No. 6, composed of Hazard and Scott; and J. H. Welty was elected from No. 2, composed of Logan and Washington, neither having opposition. In this the 4th supervisor district, there was a hot fight on between A. J. Johnson, republican, and Dan McDonald, dem.-pop.-soc. candidate, in which the combined bellows of the three party organization blew McDonald over the home plate with a big majority. Of course, the cyclone came from the south, blowing McDonald toward the county seat, while Johnson lived north of supervisor headquarters and had the cyclone in his face.

MOTION PICTURES AID RED CROSS SEALS

Motion pictures will again be used in the Red Cross Seal Anti-Tuberculosis Campaign. A picture prepared by Thomas A. Edison, Inc., entitled "The Awakening of John Bond," will be ready for exhibition about Dec. 5th, according to an announcement made here to-day by the National Association for the Study and Prevention of Tuberculosis.

The film is the fifth health film, and the second dealing with tuberculosis and the Red Cross Seal movement which has been issued by Edison. It is about 1,000 feet long and tells an interesting story of everyday life in New York City.

The leading characters in the story are Bond, a political boss, his wife, Grace, and Nellie O'Brien, aged 18, living on the lower East Side of New York. The O'Briens, a large family, live in a miserably kept tenement owned by Bond, who refuses to do anything to clean up his building for fear of losing money. Bond is married and sails with his wife on a cruise for a wedding trip taking with him as a deckhand, George O'Brien, Nellie's brother who has consumption. On the cruise George falls rapidly and finally dies; Bond's wife having nursed him during his sickness and being with him at the last so takes his death bed messages. As a result of this close communication with George Mrs. Bond contracts tuberculosis from him, and is brought back to New York for treatment. On her arrival home she sends for Nellie to give her George's dying messages, and there Nellie sees and denounces Bond as a murderer of her brother, because he refused to clean up the tenement in which they lived or to help secure a hospital where consumptives might receive free treatment.

Meanwhile, Bond has been trying to find a sanatorium where he may place his wife, but to his horror, finds every private sanatorium full, and no room for more patients. He then proceeds to the Tuberculosis Society and finds that there is no public place because he voted against it. He tries to bribe the secretary to make a place for his wife, but the official takes his money and gives him a package of Red Cross Seals. Bond is at first angry but when he learns what the Red Cross Seal means, he writes out a check for \$150,000 for the campaign and agrees to support the hospital bill. The secretary then shows Bond a tuberculosis exhibit and an open air school, and arranges for the placing of his wife and the O'Brien children who also have tuberculosis, in a sanatorium. The last scene shows Bond's wife and the O'Brien children recovered playing in Bond's parlor, and a committee waiting on Bond, showing how his candidate is being supported because he believes in the tuberculosis hospital.

The film will be shown in thousands of moving picture theatres during December, and will be used by tuberculosis societies all the year round. The picture is produced under the supervision of National Association for the Study and Prevention of Tuberculosis and the New York Committee on the Prevention of Tuberculosis.

From oil painting of the Wakefield Tower, Tower of London. The Kirschbaum models shown (trading from left to right) are the Strand and the "Yungfeio" Wales.

WE deal in A. B. Kirschbaum & Co. Clothes
for these reasons:

Because Kirschbaum Clothes are the clothes sold by progressive merchants everywhere. And, more particularly, because the Kirschbaum standard of quality, tailoring, finish and style squares with our ideas of what we want to offer our most particular customers.

There is never any question about the fabric. A suit or an overcoat with the Kirschbaum Cherry Tree Brand label is as surely "All-Wool" as the coat on a sheep's back.

Kirschbaum tailoring is hand tailoring—shape and style are needle molded into the cloth by hand and will stay, insuring permanent good looks.
