## Surprised Their Friends

The many friends of Mr. Thos. Dinsdale and Miss Mary Minshull were given a surprise Monday, when the popular young people slipped away to Grand Island that morning and were quietly married, returning to Loup City that evening, where they appeared at the home of the bride's parents, Mr. and Mrs. John Minshull for the parental blessing. Mr. Dinsdale drove up from Palmer Sunday in his auto, and undoubtedly the young people had the surprise worked out in advance, and with a clock-like precision all above took place. We understand they are to make their home at Palmer. The groom is a prominent stockman while the bride is the eldest daughter of Mr. and Mrs. John Minshull of this city and a young lady most highly respected by all our people.

## Death from Appendicitis

Richard, the 14-year-old son of W. C. Dieterichs, our county clerk, died about 5 o'clock Tuesday afternoon of this week, following an operation for his relief. The boy had been suffering for some days and an operation had been decided upon, when on Monday evening he was taken decidedly worse, the appendix suddenly breaking, causing peritonitis. Dr. Roder of Grand Island was hastily summoned, arriving by auto about 3 a. m. when it was found the patient was so low an operation would be fatal and was not undertaken. However, at 9 o'clock that morning as the only chance of saving his life, an incision was made in the lower part of the abdomen, and a drainage tube inserted, drawing away the puss, the boy only being administered local anesthetics, other means impracticable, but all in vain, as after lingering a few hours mentioned, human nature could endure no more and life was over. The funeral took place from the home yesterday (Wednesday) afternoon. Richard was a bright, winsome boy, and loved by classmates and held in high esteem by all who knew him. The bereaved parents, brothers, sisters and other relatives have the sympathy of all.

## Death of Mrs. Perkins

A telegram was received by Miss Arlie Corning yesterday from Cortez, Colorado, giving intelligence of the death in that city on the day previous, the 21st, of Mrs. L. A. Perkins, who went from here to Cortez some three years ago. Deceased lived many years. We are in receipt of no particulars.

## Auto Men Organize For Good Roads

About a week ago, a number of our auto owners met in this city to form an auxiliary organization to the Nebraska Automobile Association, the prime motive being the good roads proposition. On Monday of this week the organization was effected by the election of Dr. Dickinson of Rockville as president, Arthur Elsner as vice president, Bob Dinsdale as secretary-treasurer, and the appointment of usual committees, whose names and the details of the meeting we have been unable to learn, the newspapers not having been taken into the confidence of the boys. We understand some thirty-five of the horseless carriage men have become members so far. The Northwesters would be pleased to publish anything regarding the movement and help push it along, if those in it will put us next as to their doings of public interest. Good roads is a good banner to enlist under and we trust the movement will obtain best results.

## Has-Beens Victorious

In a fiercely contested football game at Jenner's Park, last Friday, a pick-up team, composed mostly of "has-beens," surprised everyone present by defeating the Loup City Football Team by a score of 5 to 0. Both teams were better on offensive work than on the offense, which accounts for the small score. The First Team successfully worked some forward passes for gains, but did not succeed in making a touchdown. The Has-Beens had their opponents' goal in danger twice after their touchdown, which their claim was made by a fake center rush in which their half back slipped away with the ball. The First Team claim that this was merely a fumble. The latter had the Has-Beens' goal in danger just at the end of the game, when in order to prevent their punt out from being blocked the Has-Beens touched the ball down behind their goal, making a safety and giving the First Team two points. A fair crowd enjoyed the game. Some of the boys have been pretty lame since the game, but they seem anxious for another, which we are told will be played at Jenner's Park on Thanksgiving Day.

## Proposed New Hotel Bakery and Restaurant

Henry Ohlsen yesterday showed us plans and specifications he had made of a proposed fine new two-story hotel to be erected by Herman Jung on the corner site of his present bakery. According to the plans, the building is to have a frontage on the north of 26.6 feet, extending south 100 feet with that frontage on the street running north and south. It will be a combined hotel, restaurant and bakery. It will be an imposing looking structure of brick. While Mr. Jung has not closed the contract with Mr. Ohlsen, and specified the date of its erection, it will probably be begun in the early spring, and possibly within a very few weeks.

## We Take It All Back

The Northwestern wishes to correct an item of last week in which we erred in regard to the ladies of the M. E. Aid Society making arrangements with the manager of the Gem Theatre for a showing of films of a nature particularly suited to please those likely to attend when given under their auspices. The error was in stating they had "completed" arrangements for the production and had for some reason failed to make good with the management. The ladies had talked with the management in regard to an evening of pictures under their auspices, but no fixed time had been set therefor and the intent was to have pictures produced on some evening not definitely fixed. The item worked an injustice upon the ladies concerned and arose from a misunderstanding in regard to the date. However, the ladies intend to have an evening under their auspices for a showing of a choice evening at the picture show and the Northwestern will be pleased to give it due publicity. We regret the misunderstanding.

## Failed to Organize

Last Friday evening, a gentleman named Becker, representing the Nebraska Federation of Retail Dealers, came to Loup City, with intent to organize a subordinate branch of the Federation in this city. He conferred with a number of business men and Monday evening of this week was made the date and Society hall the place for a meeting to talk over the matter and if thought best to organize the branch association. On that evening, five merchants, and representatives of the two local papers, were the only ones present, when Mr. Becker stated in substance the matter, giving in detail the work of the organization and showing to the satisfaction of those present the urgent need of such organization among the business men of every town. However the following morning he found so little interest among the business men that he shook the dust of Loup City from his shoes and left on the noon train for St. Paul where he was to organize a branch of the Federation that evening. As we understand the intent of the Federation it is to weld in one big organization the interests of business in every town in the state causing unity of action among business men and in fact having all the functions of a commercial club, and more even, having a parent state organization with branches in every town in the state. In conversation with various business men of the city since each and every one feels the necessity of concerted action of all the business interests and we believe ere long they will with one accord find some method to that end, either locally or as so many other towns of the state have done, become a factor in the State Federation.
