DYNAMITE PLOTTERS.

A Conspiracy Prevailing Over the Country that Demands Vigorous Investigation.

Los Angeles, Cal.-"The United States government and the California authorities are cooperating to uncover one of the most gigantic conspiracies ever conceived in the history of this country."

This was the declaration of Assistant District Attorney W. Joseph Ford, second in command to District Attorney John B. Fredericks, and the man who was arrested in indianapolis for alleged illegal extradition of John J. McNamara.

"It is only a question now of whether the federal government or the state authorities can reach certain persons better and bring them to justice more effectively," continued

The latter has been in charge of the gathering of evidence for the prosecution and while his chief, District Attorney Fredericks, was resting on a ranch near Sunday, Ford occupied himself with the details of the Mc-Namara case. He admitted that the prosecuted had under surveillance in other parts of the country some prominent labor leaders alleged to have been involved in the Times explosion, but said that arrests might first be made by the federal government in connection with its investigation.
