If people only knew what we know about Kodol Dyspepsia Cure, it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or water brash, caused by indigestion or dyspepsia. The Uncle Tom's Cabin show arrived here on scheduled time last Monday and gave their show in the big tent in the evening. The memorial services at the M. E. Church last Sunday was well attended and the sermon preached by Rev. Madely was a most excellent one. At 10 o'clock a m. members of Shiloh Post and Ladies of the Circle gathered at G. A. R. hall and then marched to the church. The room was beautifully decorated with flags, bunting and flowers and presented a fine and pleasant appearance. Mr. Madely preached an hour and 15 minutes and held his audience in rapt attention from the beginning. His closing remarks to the old soldiers and the ladies of the Grand Army was eloquent, commendable and pathetic, and brought tears to the eyes of many of his hearers.

The old Board of education elected teachers the past week for our city schools for the subsequent year. The same corps of teachers as last year were employed with the exception of Miss Young, whose place will be filled by Miss Nettie Conger. The teachers are all good, able instructors and we were pleased to hear of the selection, but why Miss Young should be turned down, after the perfect satisfaction she gave the patrons last year, can only be accounted for by that word which is a curse to our public institutions, "favoritism." Miss Conger was chosen after nearly or quite a hundred ballots and speaking in political parlance, was the "dark horse." But it made matters perfectly plain why some of the board have been throwing out feelers and making slight insinuations apparently for the purpose of prejudicing Miss Young's case before the people. In the matter of our spread of small-pox, which we refer to, Miss Young was not to blame, but rather blame the parties who told her to open her room personally instead of hiring a substitute for a couple of weeks.

Rev. J. Madely and wife and Mrs. G. E. Behschoter went out to Cobb creek last Tuesday afternoon to try their luck fishing. They joined brother Brown of the Times-Independent, who was found wondering up and down the bank trying to persuade some foolish member of the finny tribe to swallow the hook, but instead they kept nibbling at his bobber. When he was joined by the party above mentioned the two gentlemen took up the fishing net and succeeded in capturing one small cat-fish and two bass while the ladies describe their experience about as follows:

As we sat perched upon the land, The fishes all in sight; We had our fishing poles in hand, The flukes took their flight. We saw them going up the stream, 'Twas getting on towards night. We sat and fished, and fished, and fished, And never got a bite.

"Something New Under the Sun."
All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucus membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFELS" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for full months treatment and everything necessary to its perfect use. "SNUFFELS" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.
CATARRH when neglected often leads to CONSUMPTION—"SNUFFELS" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of SNUFFELS" the "GUARANTEED CATARRH CURE."
