Brown was visiting in Illinois when elected and though he signed an acceptance and sent it to the board, yet they did not see fit to extend the courtesy of waiting until Mr. Brown returned, but filed his place because they had the power, or delegated it to themselves whether they had it or not.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question, the best and only cure for dyspepsia that I have ever come in contact with and I have used many other preparations. John Beam, West Middlesex, Pa. No preparation equals Kodol Dyspepsia Cure as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. Odendahl Bros.

Billy Jacobs and Mr. Mickish of Bristol twp. were in the city Tuesday. Mr. Jacobs tells us that he had 85 acres of spring wheat which the chinch bugs got, and 185 acres of fall wheat which Billy got. Mr. Jacobs reasons very logically on the wheat question: He says we should sow winter wheat if we do have a failure once in a while, simply because winter wheat will yield three fold that of spring wheat and with one crop in three years are just as far ahead. Again when chinch bugs threaten the crop winter wheat is out of the way before they can damage it, and besides this, spring wheat has proven to be little surer than the other one season with another. Billy's head is level.

This part of the state is at this time so completely over run with chinch bugs that very little hope of saving a bushel of grain except rye and winter wheat is had, and corn is being attacked as fast as they get to it. At Arcadia the pests were so numerous that the roads in their track looked like a moving dark blanket. The wagon tracks were quickly filled with them and the others passed over as on a bridge. One farmer adopted the novel method of plowing several deep furrows around his corn field with a lister, and then dragging a log through them every two hours. Our informant said that the furrows looked like a long dark streak for their full length, as the bugs were at least a half inch deep at each operation. We drove to Arcadia last Saturday evening and from the appearance of things we very much doubt if a single bushel of wheat will be saved in that distance, 13 miles.

It contains all of the natural digestants hence must digest every class of food and so prepare it that nature can use it in nourishing the body and replacing the wasted tissues, thus giving life, health, strength, ambition, pure blood and good healthy appetite.—Odendahl Bros.

We notice in the Ravenna News last week, that the Loup City Base Ball team had played a game with the team of that place and that the score stood 25 to 1 in favor of Ravenna. We made inquiry but could not learn that our boys had been away from home. But we did ascertain that a nine had been picked up some 9 miles south of here that played the game referred to. Had our team played that game the score would have most likely been reversed. But the game as it was proved the undoing of the Ravenna team. That team became so puffed up over the above noted signal accident that they tackled the Grand Island team the Sunday subsequent, and we are told, the result was 0 0 0 0 0 0 0 to 38 in favor of G. I. Vanity goeth before a fall.

The racehorses were completely knocked out at their treatment by Ravenna, on the glorious Fourth. They had gathered from far and near, by the persuading influence of a goodly purse (?) well advertised which was to be given to the winner, of course. At the proper time the horses were called to the track and "warmed up" for the joint, when a friendly cloud came skimming along and delivered itself of a heavy dew which, according to the horse-men's story was eagerly and prayerfully watched and waited for by the committee in charge. The dust was nicely laid and the racehorses aforesaid were called up and kindly notified that the races were off and no money would be divided up that day. Ravenna is sleek, oh, she is cute, but the racehorses continue to this day to heap coals of fire upon her devoted head and say cuss words, and the end was not yet.

Little Johnnie Burrows was accidentally shot while playing with a number of young companions near the residence of Peter Rowe, in the east end of town, last Saturday evening, and by sheer good luck was not killed. The particulars seem to be about as follows: Jacob Benschoter had an old 22 caliber revolver which he gave to young Ernest Rowe to shoot away some blank cartridges which he had left over from the Fourth. A boy belonging to T. M. Reed brought a handful of ball cartridges and some were placed in the revolver. By some means the gun was discharged in little Johnnie's direction the ball striking him in the right breast well up. The ball followed a rib some six inches and stopped without penetrating the trunk. The wound was not a severe one as it turned out, if no other complications set in, during this hot weather, yet a fraction of an inch either way the result would most likely have been death. Little Johnnie, at this writing, is getting along very nicely, he is the only son of a widowed mother and the sincere hope for the little fellows speedy recovery is the uppermost desire of every body. The parents of the boy who so nearly caused the death of his little playmate, were completely prostrated by the sad occurrence.

White man Turned Yellow

Great constipation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and kidney troubles. Only 50c. Sold by Odendahl Bros.

The Best Remedy for Stomach and Bowel Trouble.

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFELS" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full months treatment and everything necessary to its perfect use. "SNUFFELS" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD. CATARRH when neglected often leads to CONSUMPTION—"SNUFFELS" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of SNUFFELS the "GUARANTEED CATARRH CURE."

Cure for Cholera Infantum—Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—MRS. CURTIS BAKER, Bookwalter, O. For sale by Odendahl Bros.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. Bear in mind that every bottle is warranted and if it does not prove beneficial the money will be refunded to you. For sale by Odendahl Bros.
