A Physician Testifies.
"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did." says County Physician Geo. W. Scroggs of Hall County, Ga. "Being a physician I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting, but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. Never fails.—Odendahl Bros.

A Village Blacksmith Saved His Little Son's Life.
Mr. H H Black, the well-known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our soul reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by Odendahl Bros.

The Old Story
You know the old story about the camel—how three philosophers heard of this animal and determined to investigate. The Englishman hunted through the folios of the British Museum to find out what had been said concerning the beast; the German entered his study, locked himself up, lit his pipe, and began to evolve a conception of the animal from his inner consciousness; the Frenchman went down to Sahara to see.

ARE YOU DEAF? ANY HEAD NOISES?
ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, SAYS:
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I wish to give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,
F. A. WERMAN, 739 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
