The county supervisors, at their meeting last week, discussed the advisability of placing a telephone in the court house, and decided not to do so by the chair deciding a tie vote. At this day, when the wires tap nearly every town in the state there being over 30 thousand miles in operation at this time, it seems only like a matter of economy that one should be placed there and thus obviate the necessity of the county officers running to the central station to answer calls upon their time. Economy of course should be the main object of our supervisors, and since the national system of wires have come to our door, there is little doubt but that it will be economy to place one in the court house. Time will prove this shortly and then if the business demands it of course it will be done.

A number of the friends of Mr. and Mrs. Geo. After dinner we were entertained by Mrs. Lee and daughters with music and singing and by playing games and at 4 o'clock the guests took their departure after having spent a most enjoyable day. A Physician Testifies.
"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did," says County Physician Geo. W. Scroggs of Hall County, Ga. "Being a physician I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting, but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our soul reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by Odendahl Bros.

The District Sunday School Convention for this the 11th district of Nebraska held at Loup City Nov. 15, 16, and 17, was to say the least very successfully conducted. There were not so many schools represented as was expected, but those present took hold of the work in hand with a will and from the start it became interesting and instructive. Among those from abroad who took active part in the program were Rev. Louis Humphrey, president; Mrs. C. S. Willard, formerly of Chicago, Mrs. Eva Hill, Rev. J. N. Fund, and Hon. B. D. Hayward of St. Paul, Mr. and Mrs. Hoover of Boelus and Mrs. J. E. Howard, of Greeley county. Rev. Gladely, J. A. Angier, Mrs. Ed. Ainger, Mr. and Mrs. C. J. Tracy, and others assisted by the church choir were among the local workers.

The convention opened Friday afternoon and continued until Sunday evening. The Sabbath School on Sunday morning was conducted by B. D. Hayward, superintendent of the St. Paul Sunday School. The church was well filled with adults as well as children. Mr. Hayward's method of conducting Sunday School is up to date. He has a way of getting everyone interested from the start and all who attended could not help but think that St. Paul must have a Sunday School, which ranks among the best in the state, with such as him as its superintendent.

The Sunday afternoon and evening services were largely attended when the program was concluded.

ARE YOU DEAF? ANY HEAD NOISES?
ALL CASES OF **DEAFNESS OR HARD HEARING ARE NOW CURABLE** by our new invention. Only those born deaf are incurable. **HEAD NOISES CEASE IMMEDIATELY.**
F. A. WERMAN, OF BALTIMORE, SAYS:
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.
Our treatment does not interfere with your usual occupation.
