About five years ago I was troubled with catarrh of the lower bowels," says C. T. Chisholm, 484 Dearborn Ave., Chicago, and although I consulted several eminent physicians who prescribed for me, I found their remedies failed to in any way relieve me, and the trouble almost became chronic. After suffering several months, I one day concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and I beg to assure you that I was most agreeably surprised to find after taking two doses of the remedy that I was completely relieved of the disease that had cost me so much trouble and annoyance. I am thankful to say that I have not suffered from it since." For sale by Odendahl Bros.

Health and Beauty. A poor complexion is usually the result of a torpid liver or irregular action of the bowels. Unless nature's refuse is carried off it will surely cause impure blood. Pimples, boils and other eruptions follow. This is nature's method of throwing off the poisons which the bowels failed to remove. DeWitt's Little Early Risers are world famous for remedying this condition. They stimulate the liver and promote regular and healthy action of the bowels but never cause griping, cramps or distress. Safepills. Odendahl Bros.

Pneumonia Prevented. Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and the grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thus Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this says: "We recommend Chamberlain's Cough Remedy for the grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of the grippe to result in pneumonia." WERMAN, OF BALTIMORE, SAYS: Baltimore, Md., March 30, 1901. Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and today, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.
