A young man from Sweeden whose name we did not learn and only three days here and who was visiting with his friends on Oak creek had the misfortune to get his arm badly hurt by the discharge of a shot gun last Friday morning. It is stated that Oscar Nehler and John Hansen with the young man in question were about to start out hunting with the guns in the bottom of the sleigh. When the young man jumped into the sleigh the gun accidentally discharged and the shot took effect just below the elbow.

We are called upon to note the death of another early settler of Sherman county, that of Samuel Leininger, who died at his home in Arcadia on Friday, February 14, 1902. Mr. Leininger was well known to all our old settlers having moved to this county in 1877. He was past 63 years old at time of death, and was sick but nine days, having contracted a severe cold which developed into a violent attack of Pneumonia. The funeral services were held last Sunday and the remains were laid to rest in the Arcadia cemetery. Mr. S. G. Leininger of Loup City and nephew of the deceased attended the funeral.

A most distressing accident happened last Thursday afternoon to a young man by the name of Charles Sorrensen, of Dannebrog, but who was, at the time working with a shredder gang on the farm of Mr. Hayes near Austin. It was about quitting time when the gang was finishing up the job Mr. Sorrensen was feeding the machine and it caught his mitten and drew his hand and arm in almost to the elbow, when the belt ran off. It was thought that if the belt had not been thrown that he would have lost his life. The parts which went through the machine were completely torn to pieces, so much so, that it was impossible to find any part of it. Dr. Main of this city and Dr. Groth of St. Paul were immediately summoned to dress the arm and at present the patient is doing as well as could be expected. He is now at the home of Mr. Ogle at Austin.

About seven o'clock Wednesday evening the fire bell rang out the alarm and in less than ten minutes the hose company with cart and hose and nearly a hundred people were at the general store of A. E. Chase, where a fire was fast getting started in the store room and threatened the destruction of the entire building and contents. Mr. Grow, the clerk had been down cellar to examine if any thing had gone wrong there. They soon returned to the store room, only to find the north middle counter and a large amount of cotton batten which was under it on fire. The fire by this time had got a good start and it was by an extra effort on the part of those first on the scene, that the front door was broken open and all of the articles on fire was thrown into the street. This was done almost immediately and before the fire team could get there. Probably \$100.00 will repair all damage done but it was a narrow escape from heavy loss. No possible cause of the fire can be given except that it might have been a house with a match.

B. T. Snyder was arraigned before the county court last Thursday and after pleading guilty to a complaint made by M. Lechinsky charging him with assault, was fined \$3.00 and costs, amounting in all to \$8.05. The cause of all this may be learned from the following:

Mr. Snyder walked into M. Lechinsky's photograph gallery last Wednesday forenoon and the proprietor of that establishment, after learning the callers business took a left handed focus of him and proceeded to re-touch his work. He used red and dark paints, Max got enough paint dabbed on his own face to barely be notice. He says that he thought he had finished the job but at this point it appears that the caller was not pleased with his work and he had to "re-touch him again." Eye witness say that had the deal not been called off a re-action might have set in. It was an artistic job but Max says "I am not proud of it."

As I receive a letter or card almost every day asking me when I will be at Loup City as they can't get their watch or clock fixed so that it will keep time and further they say that "I wish you would come over", so in order to please my many friends and customers in Loup City, I will be at Chase's drug store after February 24, with a full stock of repairs; so bring in your watches, clocks and jewelry and have them repaired in a neat, nice, and mechanical like manner. My optician case you all know is complete.

A. BOONE.

Edison's Advice.

"Don't watch the clock," was Mr. Edison's advice to a young man who recently asked him how to succeed. Profoundly significant is that old joke about the laborer who left his pickax hanging in the air at the stroke of noon. A hanging pickax is the fittest emblem for a confirmed clock-watcher—and the pickax hangs always in the air, never digs out a patch for him to advance upon.
