

Remember that to comply with the law it is necessary for all applicants for a saloon license or druggist permit to publish the notice in a legal newspaper and of the largest circulation in the county. The NORTH WESTERN claims this distinction.

We were asked a few days ago why we publish the notices for a saloon license if we were opposed to them. The law recognizes a legal newspaper only as such and a legal newspaper is supposed and must give legal service to all matters which comes to it in a legal form. It is questionable whether or not an action could be brought against the publisher in case of refusal. We do not wish to be understood as having sacrificed principal for the small fee paid for such work, for we believe that in all cases every man's rights should be respected.

The Ashton News is a new publication just started and has for its publisher and editor in chief J. C. L. Wisley, and for its local editor, John F. Smith. It is a neat and newsy paper and is well patronized by the business men of the town. The paper as published last week did not define its politics but judging from the fact that both its editors are of the socialist persuasion we should think that in due time it will naturally drift in that channel. Mr. Wisley is now located, at Sargent Neb., and is editor of the New Era, a red hot socialist paper. The Ashton News is his third or fourth venture in establishing a few publications on the side, which have, so far as fully developed, proved to be of the socialist order.

The Ord Quiz came out last week and celebrated its twenty-first anniversary by coming out in a new dress and spring bonnet of the latest fashion. Its pants are cut a little short but the frill around the edges and the make up of the goods gives it a very neat appearance. The style adopted by editor Haskell was no doubt taken from one of the very latest fashionable magazine publications and we infer from his "how" to the public that he intends filling its pages with all sorts of pretty pictures as soon as he can get his codsack in operation. Be that as it may, the Quiz is a first class publication and this new and novel change from the old style of running a country newspaper, to a neat three column, 32 page magazine will no doubt be appreciated by its long list of subscribers.

A very pleasant surprise was given Mr. and Mrs. John Shrove and Mr. and Mrs. August Bechthold by the A. O. U. W. and D. of H. lodges of this city. These people have been valuable and helpful members of the order and on the eve of their departure it was quietly arranged to give them a pleasant surprise by meeting at the hall and carrying out a program suitable to the occasion. We are sorry to lose these citizens from our midst. That the two lodges above mentioned deeply feel the loss of these presents as workers in the order was plainly manifest in the manner in which the farewell party was given and the separation of true friends, for a time at least, of their brothers and sisters who are about to settle on the prairie lands of Northern Nebraska Mr. and Mrs. Shrove and Mr. and Mrs. Bechthold leave Tuesday for Springfield, Keya Paha county, Nebraska.

Dignity of Schwab's Coachman. President Schwab of the billion dollar steel trust says that he was driving through a little town near Pittsburg the other day with his colored man seated beside him, when he heard one woman say to another: "There's the great Mr. Schwab." "Which one?" said the other, evidently impressed with the colored man's dignity.

SKILLED IN MANY SPORTS.

Left-Handed People Are Proficient in Ways That Astonish One.

It is not wise to poke fun at a left-handed boy or girl. They may develop qualities that are unattainable by those who use their right hands preferably. Children who have fallen into this habit of using their left hands should not be taught to do violence to a strongly implanted instinct and use the right hand whether they will or no. Such a training not only inflicts upon the child a useless amount of hardship and inconvenience, but may do him serious injury, even to depriving him of the power of speech. According to the latest scientific discoveries all manner of havoc may be wrought with the brain by the adoption of this mistaken method of teaching left handed children to use the right-hand. This discovery is the result of experiments lately made at the University of Chicago, which has gone more deeply into the modern subject of "child study" than most of the universities. It is Professor Smedley, director of the department of pedagogical investigation, who has made the most fruitful experiments with the left-handed. He discovered that by far the greater majority of mothers looked upon left-handedness as a defect to be overcome at any cost and that the child was in consequence forced into a most uncongenial system of training. The greater number of children so trained, says Professor Smedley, are defective in speech. By endeavoring to substitute the use of the right hand the nice balance of the brain is disturbed and besides producing far less manual dexterity the power of speech may also be impaired. It is also a matter of record that left-handed persons are in games of skill more proficient than those who are right-handed.—Chicago Chronicle.

German University Students. In Germany the proportion of university students to the whole population has doubled in thirty years. The total number in 1870 was 17,761, which gave 8.83 students to every 10,000 German males, while in 1900 it was 46,520, or 16.78 to every 10,000.

Has Voted Many Years. John C. Strunk of Stroudsburg, Pa., 33 years old, failed to vote at the fall election for the first time since he became of age, and then only because his son was unable to drive with him on election day to the polling place, which is 14 miles from his home.

And this is the way that an exchange tells of the meeting of youth and beauty in the dining room of a hotel:

'At a table in a hotel, A youth and a maiden sat; They didn't know each other, But what of that? The youth picked up the sugar, With a smile you seldom meet, And passed it to the girl saying: "Sweets to the sweets." She picked up the crackers, And scorn was not lacking, As she passed them to him saying, "Crackers to the cracked."

British "Conscience Money." "Conscience money" in Great Britain now amounts to thousands of pounds annually. The first sum noticed was on March 30, 1789, when £360 was carried to the public account in consequence of a note received by the chancellor. The writer with troubled soul implored him, "as an honest man, to consider the money the property of the nation, and to be so just as to apply it to the use of the state in such manner that the nation may not suffer by its having been detained, and thus to ease the conscience of an honest man."

ARE YOU DEAF? ANY HEAD NOISES? ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY. F. A. WERMAN, OF BALTIMORE, SAYS: BALTIMORE, Md., March 30, 1901. Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 726 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 586 LA SALLE AVE., CHICAGO, ILL.
