Mr. Abbott was here with a view to settling, in some manner the canal or irrigation suit with the Arcadia milling company. Just what kind of a settlement he wishes to make, we did not learn. Mr. Abbott is representing the milling company which was defeated in the supreme court not long ago. On being questioned as to whether or not the people of this valley would be able to get any water for use this season, Mr. Abbott said that we would not get a drop. This would indicate that the milling company was either running a bluff or intended to commence a new suit or to make another attempt to re-open the old one. The last application for a new trial was flatly refused by the supreme court and it would seem that they had no further ground to stand on.

A leading business man who recently visited Omaha and stopped at the Millard Hotel, remarked after his return home: "I am glad I put up at the Millard. Great improvements have been made in the hotel. The rooms have been newly furnished, some of them very expensively. I have never seen down to a better hotel table. It only cost me \$2.00 per day on the American plan. I could have had a higher priced room, but the room assigned to me was good enough for anybody. The service throughout the hotel was first class in every respect. The location of the hotel suits me exactly. It is just between the wholesale and retail districts, convenient to the banks, express and telegraph offices, and all street car lines. I shall always stop at the Millard when I go to Omaha. Some stop at the Millard on the European plan at \$1.00 and up per day. A cafe adjoins the dining room for these guests, and the prices are reasonable. I went on to Lincoln on business and had an excellent dinner at the Lincoln. It is the only first-class hotel in Lincoln, and is most conveniently situated opposite the depot. The rates there are \$2.00 and up per day."

SAVED HIM FROM TORTURE.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. De Witt's Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding bleeding piles and could find nothing to help me until I used De Witt's Hazel Salve. A few boxes completely cured me." Beware of counterfeits. For sale by Odendahl Bros.

Some unknown parties with rather peculiar ideas of practical joking, visited Adolph Kocherscheidt's home during the absence of the family a week ago last Sunday, and drove a lot of pigs into the kitchen, and shut the door. When the Kocherscheidt family returned home in the evening they found the pigs in the kitchen, a sack of flour torn open, a pail of water upset, and a dough wallow formed in the middle of the floor, and the swine were making themselves entirely at home.—Ravenna News.

Now that the storm season is here and there will be much danger from lightning, you should think about Lightning Rods. If you have none, or your old ones are out of repair, better write to "Nebraska's resident dealer" W. E. Drake, Grand Island Nebr., who does an honest business and is fast reclaiming the fallen reputation of this line of work, which has suffered much by the abuse of unprincipled traveling "fakirs," who have greatly abused the grand discovery of Franklin. Read his advertisement elsewhere in this paper.
