The post office at Ashton was broken into last Wednesday night and the safe blown open. The robbers only got a few stamps for their trouble but the tremendous concussion almost ruined the safe, totally destroyed the stove and greatly damaged the office furniture.

The Times says "Our readers do not have to read pill ads, while reading the local columns." This may be, but there is one thing its readers does have to do while perusing its local columns, and that is to run on to a lot of vulgar expressions which clearly shows where the editor's mind runs.

Populist papers are getting desperate. The World Herald is making a vicious attack upon Mr. Mickey the republican candidate for governor and the pop papers are quoting it. It charges that he went wrong while treasurer of Polk county. It is strange that if he went wrong, that the people of that county should keep him in office thirteen long years.

The rainfall is not the only agency for prosperity on the farm. The wheat crop was much smaller in 1887 than in 1891 but it did not bring increased price due to its scarcity, because there was a scarcity of labor and wages to purchase wheat bread. In 1895 the wheat crop amounted to 527,684,346 bushels and the farm value of the crop was \$310,602,539. Last year the wheat crop amounted to 748,400,218 bushels and the farm value was \$467,350,156. The oat crop in 1896 amounted to 707,346,404 bushels and its farm value was \$132,485,038. In 1901 the oat crop amounted to 736,808,724 bushels and its farm value was \$293,658,777. While the oat was larger by only thirty million bushels last year the value was more than double that of 1896. These are the conditions on the farm which are embarrassing to the calamity howlers. They find that Nature and the Dingley law are co-operating this year and giving calamity a back seat.

E. H. Kittell, populist candidate for representative was at the county seat last Monday fixing up his political fences. Mr. Kittell, thus far, is making a good clean canvass, and if it were not for the fact that so many of the here-to-fore populists have seen enough of populist principles and the utter failure of populist legislative officers to carry out their promises, he would stand a good chance for a heavy vote. In such times as these, Mr. Kittell, is much better liked than his politics. Everybody recognizes him to be a good citizen but they have lost faith in the principles his party advocates. His opponent, Mr. Clark, on the republican ticket is equally as good a citizen and represents the principles that has safely land the ship of state and nation into a prosperous, healthy and wealthy condition. In choosing a representative we should look well to the principles which the candidate represents, for by them the laws of our state are enacted.

SCIENCE VS. EDUCATION.

The game of the week at the bowling alley, between the village and the school boards came off last Tuesday night as previously announced, and an exciting chase it was. There were four old players on the village side and only one or two who had ever done any bowling at all, on the school board side. The game was led by mayor Hayhurst and moderator O'Bryan, Mr. Hayhurst playing from a scientific standpoint and Mr. O'Bryan playing from an educational standpoint. Both gentlemen led out in a manner that gave their supporters much encouragement. But from the start in the first game the school board got the best of the score and held it all through the game and the educational side of the contest ended the first round with glory enough for one night. Each member of the winning side, in his turn, behaved nicely and made a very creditable score. Editor Benschoter, who was the hindmost man up to the eighth frame ended the struggle with two handsome strikes and a few extra balls, giving him a pretty fair score for a new beginner. At the close of the first game the municipal officers were somewhat crestfallen and mayor Hayhurst was heard to remark that there was "no use of science trying to play against luck," evidently forgetting that education had something to do with it. But some of his associates seemed to think that there was still a show for them to win out and they tackled the second game with all the strength at their command, and succeed in winning it with a handsome lead to their credit. James Depew, A. M. Bennett, Henry Ohlsen and even the mayor did well. Odendahl, too, having quite recovered from the effects of having a foul called on him, started in the second game right. His old time scientific method of scooting the ball down the center of the track without sticking his fingers in the holes, seemed to return to him, and he came in on the home stretch with a record to be proud of. Benschoter started into the second game with a strike and great was his enthusiasm, but it came near being all he did get in this turn as the following score will show, although he picked up right smart in the third. S. N. Sweetland, J. B. O'Bryan and W. S. Waite, of the educational force, played a steady and even game, Mr. Sweetland leading his side with the handsome total of 351. Judge Hunter, like Benschoter, had a faculty of getting, alternately, one straight and one crooked ball, but at times he would make a play that helped out like sin.

On the whole the game was interesting and pleasing to both players and spectators, but it ended up rather unexpectedly, without a complete overthrow of this municipality. Following is the score:

Table with columns: Names, 1st, 2nd, 3rd, Total. Rows include E. S. Hayhurst, C. J. Odendahl, J. I. Depew, A. M. Bennett, H. Ohlsen, J. B. O'Bryan, G. W. Hunter, G. E. Benschoter, T. N. Sweetland, W. S. Waite.

HIS SIGHT THREATENED.

"While picnicking last month my 11 year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles. Beware of counterfeits.—Odendahl Bros.

NOT OVER-WISE

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as safe guards against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This Remedy is every where recognized as the most prompt and reliable medicine in use for these diseases. For sale by Odendahl Bros.

AN EXPLANATION

EDITOR NORTHWESTERN:

Dear Sir.—Please allow us a few lines in your paper in explanation to the editorial in the Times-Independent which said that "the republicans were seen posting bills for the socialists"

Mr. Pedlar as a personal friend of the secretary of the Ashton Local did post up some bills for us, i. e. announcing that the Rev. G. E. Bigelow would speak at Loup City on the subject.

Of course Mr. Times editor may draw inferences and comment on Mr. Pedlar's action in posting up our bills as he may see fit, to suit his own political side of the question. Mr. Pedlar may have done right or may have done wrong. But would it not look better to use the space in the Times, given to Mr. Pedlar by announcing that a self confessed socialist-populist or populist socialist is running for office on the populist ticket. We are socialists, still we do not consider it a crime to do any one a favor, by posting up a few bills, whether they be populist, democrats, or republicans, and will gladly return the favor at any time our opponents in politics may see fit to send us posters. We, as socialists, are not fighting populists, republicans, democrats or indulging in personalities. We are fighting the system under which such parties are made. We thank Mr. Pedlar for posting our bills. We also thank Mr. Times editor for graciously giving us socialists the notoriety he did in that editorial.

Respectfully, JOHN F. SMITH, Secretary.

TO MY FRIENDS

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me. A neighbor had dyspepsia so that he had tried every thing I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo W. Fry, Viola, Iowa. Health and strength of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you can eat. Take a dose after meals.—Odendahl Bros.

PROPOSED CONSTITUTIONAL AMENDMENT

The following proposed amendment to the Constitution of the State of Nebraska, as heretofore set forth in full, is submitted to the electors of the State of Nebraska, to be voted upon at the general election to be held Tuesday, November 4, A. D. 1902.

A Joint resolution proposing to amend section one of Article fifteen, of the Constitution of the State of Nebraska, relative to the manner of submitting and adopting amendments to the Constitution of the State of Nebraska.

Be it Resolved and Enacted by the Legislature of the State of Nebraska:

Section 1. That section one of Article fifteen of the Constitution of the State of Nebraska be amended to read as follows:

Section 1. Either branch of the legislature may propose amendments to this Constitution, and if the same be agreed to by three-fifths of the members elected to each house, such proposed amendments shall be entered on the Journals, with the yeas and nays, and published at least once each week in at least one newspaper in each county where a newspaper is published, for thirty days immediately preceding the next election of senators and representatives, at which election the same shall be submitted to the electors for approval or rejection, and if a majority of the electors voting at such election on such proposed amendment, shall vote to adopt such amendment the same shall become a part of this Constitution. When more than one amendment is submitted at the same election, they shall be so submitted as to, enable the electors to vote on each amendment separately.

All ballots used at such election on such amendment or amendments shall have written or printed thereon the following: For proposed amendment to the Constitution relating to (here insert the subject of the amendment) and against proposed amendment to the Constitution relating to (here insert the subject of the amendment) and the vote of each elector voting on such amendment or amendments shall be designated by the elector by making a cross with a pen or pencil in a circle or square to be placed at the right of the lines the words "For or Against" the proposed amendments, as he shall desire to vote thereon, or by indicating his preference on a voting machine when such machine is in use.

I, Geo. W. March, Secretary of State of the State of Nebraska, do hereby certify that the foregoing proposed amendment to the Constitution of the State of Nebraska is a true and correct copy of the original enrolled and engrossed bill, as passed by the Twenty-seventh session of the legislature of the State of Nebraska, as appears from said original bill on file in this office, and that said proposed amendment is submitted to the qualified voters of the State of Nebraska for their adoption or rejection at the general election to be held on Tuesday the 4th day of November, A. D. 1902.

In testimony whereof, I have hereunto set my hand and affixed the great seal of the State of Nebraska, Done at Lincoln this 23rd day of July, in the year of our Lord One Thousand Nine Hundred and Two, of the Independence of the United States the One Hundred and Twenty-seventh, and of this state the Thirty-sixth.

GEO. W. MARCH, Secretary of State.

DYSENTERY CURED WITHOUT THE AID OF A DOCTOR.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Odendahl Bros.
