Editor Brown was heard to remark that he was "going to open the campaign this week." He is a little slow as the campaign has been opened for some time.

A few democratic politicians want to quit the Philippines, but the great mass of democrats throughout the country, representing the good, husky American spirit, will not follow their lead. And that's what the matter with Bryan.

The Mitchell Monitor took an upper cut punch at the Times last week and landed square on its lack of intelligence bump. There is only one way for Brown to get even with him, and that is to resume his old tactics of looking wise and saying nothing more about that particular subject.

If the Bee is correct the people of Omaha are an unprincipled set. It claims that Mercer's money was dealt out in "large gobs" to secure favorable delegations. This, of course means that the people of that town are willing to sell their votes at any old price. We are inclined to think that the Bee man is a little off. Perhaps Governor Savage has given him too much to think about lately.

President Roosevelt has been obliged to abandon his tour of the west. While on his way he was obliged to undergo a surgical operation at Indianapolis last Wednesday, the result of the trolley accident at Pittsfield, Mass. The injury was just below the left knee and on his arrival at Indianapolis the limb was badly swollen and was giving him great pain, and he was taken to the hospital at once for treatment. He was to have been in Nebraska next Saturday, having made dates for Kearney, Grand Island, Hastings, Fremont and Omaha.

When your Populist and Democratic friends suggests free trade to kill the trusts tell him you do not want to burn down the barn to get rid of the fleas. Then remind him of a few facts and ask him to chew them over; first, that the only law on the statute books to regulate the trusts was passed by the republican Congress; second, that this law was in force during a democratic administration and that not a finger was lifted by the democratic Attorney General to use it against the trusts; third, that a republican administration is using the law and is now proceeding against the beef trust and the Northern Securities merger. Finally, ask your democratic and

populist friends if common sense does not dictate that the republicans have done, can do and will do more to regulate the trusts than the democrats.

It is the fashion of certain populist and democratic politicians to claim that the United States is now maintaining a kind of Negro-like tyranny in the Philippines. Aside from the consideration that the "United States" means the people of this country, who are not tyrants, not negroes, but a pretty good lot of fellows, there is the fact that the American Congress bestowed a bill of rights on the Philippines. That bill of rights is a guarantee of justice from every dweller in the Island. It provides that no man shall be deprived of life, liberty or property without due process of law; that the privilege of the writ of habeas corpus shall be the same as in this country, and as every man knows the writ of habeas corpus is one of the great guarantors of personal justice; that bail shall be allowed; that the accused persons shall have a right for counsel, a speedy trial, the compulsory attendance of witnesses in his behalf; shall not be sejournd for the same offence, and so on, through a long list of benedictions and immunities. The Filipinos never have dreamed of such a measure of liberty. It is certain they would not have received it if the Democratic program of scuttled had been adopted and Aguinaldo permitted to establish his despotism in the Islands.

The Times intimates that the people should support Mr. Mathew for county attorney because he has a large number of cases in court. Suppose he has, at one time he had the Loup City township bond case in court. It is not the number of cases that a lawyer has, but the merit of his cases and his ability to win them that gives him a good record as an attorney. We will admit that he has three to one more cases in court than Mr. Pedler. He has a faculty of working up more cases while Mr. Pedler has a faculty of getting little differences settled out of court, thus, instead of creating large sums of costs, saves the would be litigants much time and money.

The Times says that lawyer Mathew has invested in a new \$10.00 a vol. law library. That was the proper thing to do. He needed it to read up on the bond question and perhaps hundreds of other questions.

Despite the repeated protests of the Bee, congressman Mercer won the hard fought battle at the primaries last Friday, carrying seven out of the nine wards of the city of Omaha and enough of the country precincts to make his nomination sure.

**DYSENTERY CURED WITHOUT THE AID OF A DOCTOR.**

"I am just up from a bad spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Odendahl Bros.

**HIS SIGHT THREATENED.**

"While picnicing last month my 11 year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles. Beware of counterfeits.—Odendahl Bros.

**NOT OVER-WISE**

There is an old allegorical picture of a girl seated at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as safe guards against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This Remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by Odendahl Bros.

**TO MY FRIENDS**

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me. A neighbor had dyspepsia so that he had tried every thing I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body depend on the stomach, and normal activity of the digestive organs. Kodol the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you can eat. Take a dose after meals.—Odendahl Bros.
