COUNTY TICKET.

- For County Attorney, **J. S. PEDLER.**
- For Representative, **ALVIN CLARK.**

Did you notice the editorials in Times last week written by Mr. Mathew, for himself and about himself? One would really think that he was afraid that "our Joe," was getting a lead on him.

With Judge Wall for senator and A. Clark for representative the republican legislative ticket in Sherman county is one that every loyal republican should support. It adds strength to the ticket from top to bottom.

"Our Joe," the "widows friend" is making a splendid canvas. His campaign is clean and in no way abusive. He desires it so and will continue to use his influence as far as possible to keep it so to the end of the contest.

Alvin Clark should be elected representative of Sherman county. He is a bright fellow and will be an important factor in bringing about legislation that will be of special benefit to the Western Nebraska farmer. Mr. Clark is a logical reasoner and able to express his ideas in a clear manner. Give him your support.

The young men of Sherman county are, in many instances rallying to the support of the republican ticket. The progressive young men are the ones to carry the grand old party to success. There will be quite a number of young men who will cast their first vote this fall and it is not surprising to find the majority of them in the republican column.

Bryan said at the fusion state convention that he would stump the state this fall in the interest of that ticket and wouldn't charge for his services. Why don't he come forth? We are sure that the people are dying to hear of some more of his prophecies. The republicans especially would like to hear of him taking a few gray hound scoots across the state. He should get a hump on himself. The time is short.

The Times scoffs at the terms "our Joe" and the "widows friend" when reference is made to J. S. Pedler, but the facts are that these are terms that have been used in reference to him for years past. Everybody knows and recognizes him to be one of the truest friends to widows and orphans we have ever had in this community. He is always ready to lend a helping hand to the distressed. Mr. Pedler's good deeds speak louder than the sneers and jeers of the Times.

Send Judge Wall to the senate this year and Sherman county will have a representative in that body that will be heard from, and one that will make an able and impressive member. There can be no doubt about his ability to carry a meritorious bill to a successful termination. Mr. Wall is well versed with the laws of Nebraska and is competent to tell wherein some of them are defective. He will take pride in making for the people of the state a good servant and for himself a good record.

The board of trustees and local preacher of the M. E. church at Ord, who, by the way are all pops, gave Mr. Mickey, the republican candidate for governor a very unbecoming cut while conference was being held there last week. Mr. Mickey was at Ord when conference was in session, and a messenger was sent to him at his hotel, inviting him to come before the conference and make a report in regard to the Wesleyan University of Lincoln, of which he is now, and has been president of for many years. As everybody knows this University is one of the main factors in building up the Methodist ministry, and such a report from its president, would have been very appropriate on that occasion. On first invitation Mr. Mickey hesitated to go, but later a second and more urgent invitation was extended, as the members of the conference were anxious to know what the University was doing for the cause. Mr. Mickey then consented to make a brief report, but when the chairman was about to introduce him to the audience of about four hundred people the local minister got up and objected to his talking, claiming that it was too much savor of politics. Under the circumstances Mr. Mickey could only bow his acknowledgment and withdraw.

The next day, however, one of the field workers of the University was in attendance at the conference and he was given an opportunity to make a report of the doings of the University. It is said that in such report he stated that the University was now on a solid financial footing and was doing a great work for the churches of the state and especially in the education of young students for the ministry, thanks to Mr. Mickey who has been the main supporter and foundation of it all. Why, he said, a few years ago when the institution was not self supporting, and had no funds to carry on the good work, Mr. Mickey went east and borrowed \$2500.00, pledging his own individual property as security. This money was paid to teachers, instructors and helpers at the University. He further stated that it was a shame and an outrage to treat Mr. Mickey as they had done, when he had done so much for them.

The affair has caused a great deal of trouble in church matters at Ord, and many of its members say that unless the present board of trustees, who it seems, instructed the local minister to object to Mr. Mickey's report, apologize to him, they will never darken the door of the church again, so long as it is run under its present management.

They openly state that when Mr. Johnson, the populist candidate for county attorney made the address of welcome at the opening of that same conference it did not seem to those trustees that it smacked of politics. No objection was made to his talk. But when Mr. Mickey, the man who is the foundation of the very institution that is so materially aiding them in their work, appears by special invitation to make a brief statement, because he, too, happens to be a candidate, why, that is "too much savor of politics."

The people of Ord have just cause to feel indignant and the insult will not only re-act in Ord, but it will be keenly felt and rebuked in every part of the state.

W. J. Bryan and the Times-Independent are trying to make another grand stand play entitled "Beef trust," and are doing a great amount of beefing, but it is a noticeable fact that they never slude to the handsome prices that our farmers are getting for their cattle and hogs. If this so called trust is such a bad thing for our farmers why is it that the prices for cattle and hogs are kept up, and that the consumption of meat is almost a half greater than it was in 1895 when Bryan predicted that if the gold standard was maintained, prices would go clear down to the bow wows. At that time they were beefing about the "gold standard," the "trouth," Coxey's army, "soup houses," then "imperialism," etc. etc. Now they are beefing about the "beef trust."

But the main cause for good prices for the farmers products was fully expressed by our beloved martyred president when he said, in August, 1896 to his old comrades-in-arms: "I do not know what you think about it, but I believe it is a good deal better to open up the mills of the United States to the labor of America than to open up the mints of the United States to the silver of the world." Well, the mills have been opened up and the capacity of factories is everywhere overtaxed, Coxy's army has gone to work, every mother son of them that would work; the highways of commerce bear a mightier traffic than was ever known before; trade balances in the world are in our favor, and everybody is working; hands at big wages, are hard to get. This vast army of laborers must have meat. When they were idle they could do with very little, but now they are hard at work and are buying, and consuming pounds where, under the democratic administration, they could only buy and consume penny weights. And this is about the extent of the "beef trust" that the Times would have you believe is crippling the western farmer.

DYSENTERY CURED WITHOUT THE AID OF A DOCTOR.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Odendahl Bros.

HIS SIGHT THREATENED.

"While picnicing last month my 11 year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, I. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles. Beware of counterfeits.—Odendahl Bros.

NOT OVER-WISE

There is an old allegorical picture of a girl seared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as safe guards against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This Remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by Odendahl Bros.
