DR. BLACKBURN'S ATTRACTION.

It is safe to say that never since the opera house was completed has there been such crowds therein as are attending performances being given this week by Dr. W. M. The performances are of the vaudeville variety composed of songs, dances, impersonations, trapeze performances, character sketches, farces and classical singing. Everything is of a clean and humorous character calculated to keep people laughing continuously with nothing of a degrading or immoral nature. Dr. Blackburn carries a full line of electrical appliances and electric belts which he sells to the people in the audience after an interesting talk on various diseases to which the human family is heir. Each night there is given away free several pieces of beautiful silverware, glassware etc., to parties holding proper drawings. The engagement closes tomorrow night and next week the company will be in Broken Bow. They are all right and Broken Bow people can count upon a very entertaining attraction.—Grip. Alliance Neb.

Li Hung Chang's Wit.

When the late Li Hung Chang visited Germany a few years ago the Kaiser asked him, "How do our women compare with those of China?" "I really cannot tell," said Li, slyly, fastening his eyes on the corsage of a lady who was present; "we never see half as much of our women as you do of yours."

The Best Remedy for Croup.

This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost in case of croup as a revolver is sure to be lost, in case of burglars. There used to be an old fashioned remedy for croup known as hive syrup and told out some modern mothers say that Chamberlain's Cough Remedy is better and don't cost so much. It causes the patient to "throw up the phlegm" quicker and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by Odendahl Bros.

THE DRAUGHT'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Draught's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The Draught's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Draught's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used The Draught's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.
