The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case which has resulted in pneumonia, which shows conclusively that it is a certain preventative of that dangerous disease. For liver troubles and constipation there's nothing better in creation than Little Early Risers, the famous little pills. They always effect cures and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally.—Odendahl Bros. A report reaches us from Arcadia to the effect that the large barn of Peter Christensen was completely consumed by fire last Thursday night, together with nine head of horses, 11 thoroughbred cattle, buggies and some hogs. The loss is estimated to be about \$4700. The fire was discovered about 11 o'clock at night, but had gained such headway that it was impossible to check it, or even save the property within. The origin of the fire is a mystery. It did us a world of good to meet and shake hands with our old friend, J. R. It has been about ten years since he has been to Loup City. He informs us that he left Mrs. Scott in very poor health, which her many friends here will be sorry to learn. Mr. Scott says of Loup City and Sherman county, that no doubt, it will afford us a bright future, that we have advantages here which the Territory does not possess, and that of course, where he is located there are many advantages which we do not have, and being pleasantly located where he is, would not care to return.
