Ashton, Nebraska.

## LOCAL NEWS.

—A dance will be held in the hall on April 18th.

—The editor was at Loup City Friday on legal business.

—Ed. Arthaud spent Saturday and Sunday at Loup City.

—H. Smelser was a business visitor to Loup City Tuesday.

—Frank Luoehewski moved into the brick Wilson house Tuesday.

—Dr. Bogan returned from Omaha Monday, looking hale and hearty.

—Three section hands were put to work on the section here last week.

—Mr. Brown, of the Times-Independent was at Ashton Saturday doing business.

—Mrs. Jamrog and son Lewis were at Grand Island last week having dental work done.

—Mrs. E. G. Taylor visited Mr. and Mrs. Charles Brown, at Farwell the fore part of last week.

—Mr. McKenna has raised some fine broods of chickens by the incubator and brooder process.

—John Zink closed up his business here and moved to his farm. Now Ashton has no barber shop.

—A photographer took several views of Ashton's business houses last week and everybody got a free "look."

—A. N. Conklin left for the Black Hills region, Monday. He intends to take in two cattle conventions on the way before returning.

—Emil Shumann went to the county seat last Monday with a bunch of cattle for the market. We learn that he intends to build a new brick house on his farm.

—The Ashton base ball club is again organizing and will doubtless put up some good games during the coming season. Ashton has some pretty good base ball material.

—Rev Radka received a telegram announcing the death of his father at Milwaukee, Wis., Monday, but owing to pressing Easter duties, Father Radka could not attend the funeral.

—The annual Village election held in Ashton last Tuesday was a hot one. 53 votes were cast, the largest in years. I. M. Polski was re-elected and Theo. Ojendyk was the newly elected member of the board.

—J. W. Carter and S. C. Smith have purchased three quarter sections about two and a half miles from Ashton, and known as the Applegate land. They have recently come on to improve it and are going to do some building this year.

—The Ashton young folks are going to engage in stylish athletics the coming year. A lawn tennis club has been formed. The youth of town have all put on the boxing gloves, the base ball boys are ready for base ball and everybody feels the strenuous life must be the real thing.

—The annual voters meeting of Ashton township was held Tuesday with a good attendance and general business was transacted. It having been brought before the meeting that Ashton has had no legally qualified justice of the peace, the present two members of the board was instructed to appoint said officer at the next regular meeting.

The farmers had a big elevator meeting in Ashton last week. Over 50 have already taken stock and it looks like a big success. They have incorporated under the title of "The Farmers Co-operative Grain and Live Stock Association," and has for its present board of directors: John G. Badura, Lawrence Peters, Fred Wickman, E. G. Taylor and H. Smelser. Andrew Gorstka was elected President; Wm. Jefferies, Treasurer and Frank Badura, Secretary. It is the purpose of this association to build a nice large elevator here as soon as the necessary stock has been subscribed.

## VILLAGE BOARD PROCEEDINGS.

—The village board met in regular session Tuesday night, all the members being present the following applications for saloon license were read: For Frank L. Jezewski, Joe Kwiatkowski, Andrew Garstka and S. Golczewski. On motion they were ordered advertised.

—Sidewalk petitions were many and numerous.

—The original petition for a walk from the postoffice to Rapp's corner, thence east, was acted on and allowed.

—A village road overseer was appointed and measures taken for the grading of Ashton streets.

One of the most amusing things that has happened for a long time was the way in which the Times outfit got out a rag sheet last week in the attempt to offset the page, which we announced two weeks ago, that we were going to put on for Ashton. The rag sheet in question was a blank on one side and the most prominent part of the other was a three column wide railroad ad. If Mr. Brown thinks for a minute that such a rag, or any other kind of balley-rag proposition will interfere in the least with us he is mistaken. The Ashton field has long been open to him to do something in a substantial way, but he has failed to avail himself of the opportunity. Had he done so we would not have interfered in any way, but would have complimented him on the enterprise. Instead of showing us the courtesy due from one publisher to another, this Christian gentleman comes out with the one sided blank rag and sneeringly comments upon our work. But this page has come to stay and is not to be side tracked by a rag-tag opponent.

No legal notice, can by law, be published in a supplement, and stand in case of contest, consequently the Ashton rag, gotten up by the Times-Independent last week, evidently intended to crush our substantial enterprise will not, nor cannot give that town a good service in all its printing. If legal notices from Ashton are to be inserted in the Times and stand in case of contest, they could not appear in the supplement, consequently in this it is no better service than he has been giving them here-to-fore. And then again a supplement may be folded into simply the Ashton, and perhaps a few other adjoining town lists, but with a permanent page as we are giving Ashton there can be no question about their not getting the full benefit of our entire circulation.

Another thing which the Ashton people should take into consideration is that this so called "Ashton News Times Supplement" is only a little four column wide sheet, and blank on side, while we are giving them a full sized, six column page, with plenty of space for all legal work, news, advertising, etc.

This is postively all the comment that we shall make, on this page at any time, concerning what may, or may not be done by our opponents in the matter of giving this service to our Ashton friends. The page will be entirely devoted to the interests of Ashton, free of personalities, and politics, and with the aid of our local writer will try to merit your support and patronage.

Publisher.

**Inventor Dies in Poverty.**

Karl Klesewetter, the inventor of the Swedish safety match, died some time ago in Romania, aged more than 90 years, in great poverty. He withdrew from the Jonkoping factories forty years ago with a great deal of money, but lost it all in railroad speculations.

**Enormous Prices for English Cattle.**

American cattle breeders import most of their prize stock from England and sometimes enormous prices are paid. Last week quite a number of bulls and cows were purchased for Americans and the prices paid range from \$2,100 to \$6,250 per head.

## Bill Has Little Chance.

The bill introduced in the Virginia house of delegates to prohibit promiscuous kissing will hardly become a law. There are too many bachelors and married men, not to mention widowers, among the members of the legislature.

## Large Christmas Candles.

Christmas candles are made of enormous size. The largest, known as "altar staffs," are sometimes 6 feet long. They weigh nearly 40 lbs. and are worth \$25 apiece, being made of the purest beeswax.

## The Best He Could Do.

A kind-hearted clergyman was lately compelled to dismiss a gardener who used to poison his fruit and vegetables. "For the sake of his wife and family he gave him a letter of recommendation and this is how he worded it: "I hereby certify that A—B— has been my gardener for over two years and that during that time he got more out of my garden than any man I ever employed."

## Would Not Commit Himself.

When Keir Hardie, the radical member of the British parliament, was arrested in Brussels on suspicion that he had something to do with the attempt on King Leopold's life he was asked to give some account of himself. The prisoner replied that he was a member of the house of commons. "And what is that?" asked the excited commissary of police. "It's a sort of a parliament," was Mr. Hardie's reply, and this is believed to be the first conservative statement he ever made in his life.

## The First Christmas Card.

In 1844 it occurred to Mr. W. C. T. Dobson, R. A., to make a little sketch symbolical of the season's joys, and send it to a friend. The latter was so delighted that next year Mr. Dobson lithographed his card and sent out thirty copies.

## Seek New Fishing Grounds.

As the seal fishery in the Behring sea has been a failure this year, the Canadian sealers are turning their attention to the Falkland islands, in the South Atlantic, where seals are stated to be plentiful.

## LICENSE NOTICE.

Notice is hereby given that on the 7th day of April, 1903, Andrew Garstka filed his application and petition with the Board of Trustees of the Village of Ashton, Sherman county, Nebraska, praying that a license may be issued to him to sell malt, spirituous and vineous liquors in the Village of Ashton, Sherman county, Nebraska, from the first Tuesday in May, 1903, and terminating on the first Monday in May, 1904. DID YOU DO IT?  
Take a day off and think what

### LIQUID KOAL

is doing?

Every assertion made by its manufacturers is being proven true by true testimonials of the thousands of users of this great germ destroyer all over this land. If it is doing good for them, it will do good for you. Give it a trial and be convinced.

Read What Others Say:  
Coleridge, Neb., Dec. 13, 1902. I have been using Liquid Koal since June, a year ago and have not had a sick hog since. I am sure it is all right and I think if a man will use it as directed, he will never have sick hogs. I will not be without it. Yours, JOHN HINTZ.

Lansel, Neb., Dec. 13, 1902. NATIONAL MEDICAL CO. Dear Sirs.—Will just say that your Liquid Koal is a good thing and I will not do without it. It is a good all around remedy. Every one ought to use it if he has only one or two hogs. It is a good germ destroyer. Yours, STANLEY MARTIN.

Randolph, Neb., Dec. 12, 1902. Your Liquid Koal is just the stuff for sick hogs. At least, I have found it so. I have been using it for most a year and it has not gone back on me yet. My hogs are all right and I am going to keep them so with Liquid Koal, and don't you forget it. E. E. BASST.

LOUP CITY, NEBR.

### THEODORE'S BLACK-DRAUGHT

#### THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Theodore's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Theodore's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Theodore's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor. Mullins, S. C., March 10, 1901. I have used Theodore's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. C. LEWIS.
