Notes From The Baptist Sunday School.
The Easter entertainment given at the Baptist church Sunday morning was a very interesting as well as pleasing affair. The children exceeded the expectations of the training committee as the attendance at the rehearsals had not been very good.

It was a pleasant sight to see the sparkling eye as the class of little girls sang the Easter hymns. There was one thought advanced by the speakers which would be well for all of us to bear in mind, and that was, "As the Sowing Is, So Will the Reaping Be." We often wonder when we see the young and old, doing and saying what they do, if they ever think of the reaping time. The story of the risen Christ was well told in the songs and recitations and at the close a colored egg was given to all present.

Wm. Skull of Washington township is looking young again. He has a new crop of capilarity on the summit of his cranium. He thinks he will see the doctor about it, and if possible ascertain the cause. Mr Skull has never used any hair vigor, nor can he exactly remember just what he has done to merit the return of this very acceptable gift of nature.

Easter exercises were rendered last Sunday evening at the M. E. Church and children rendered a pleasant program to an over crowded house. The collections at the Sunday school in the morning and at the exercises in the evening amounted in all to over \$45.00. This money was raised for the foreign missionary fund. But very little standing room was left in the church and all seemed interested and pleased with the program.

Ernest Pilger came home last Friday to spend a few weeks with his parents. He has been at Golding Colorado in the employ of the B. & M. railroad Co. Ernest surprised his parents by coming in at the still hours of the night, as they had not been advised of his coming. However the surprise was a pleasant one as he had not been home for several months. He is looking hale and hearty and railroading seems to agree with him.

For liver troubles and constipation There's nothing better in creation Than Little Early Risers, the famous little pills. They always effect cures and save doctor bills.

Little Early Risers are different from all other pills. They do not weaken the System, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally.— Odendahl Bros.
