Every several days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. LOUP CITY VS. WIGGLE CREEK.

Saturday's game of base ball between the Wiggle Creek Club and our home team was closely contested and very interesting from the first, but wound up with a complete victory for the visitors. The Loup City boys were first to the bat and for two innings neither side was permitted to make a score. At the end of the fourth inning Loup City boys were credit four scores while the visitors had to content themselves with four goose eggs. On the fifth inning the visitors began to play ball in earnest and after placing another goose egg to the credit of the Loup City side of the score card, went to the bat and held possession until they were five to four in the lead. From this on they seemed to say good bye to their opponents, and kept in the lead with an occasional gain to the end. The score stood: Wiggle Creek 13, Loup City 9, the last half of the 9th not being played by the winners. The game, all the way through was very even with exception of the fifth inning, when the Loup City boys did some wild throwing and the visitors took advantage of every opportunity. The Wiggle Creek club was composed of Ralph Emory, catcher; Homer Hughs, pitcher; James Hughs Tom McFadden, Hugh McFadden, Frank Daddow, Jim Emery, Randle Emery and Ira Daddow. The Loup City boys were: E. Ogle, catcher; Lonie Rentrow, pitcher; Will Mullick, Perry Reed, J. I. Depew, Chris Johanson, Emery Kaligt, Clarence Zink, and Fred Winkelman.

The German measles which have so thoroughly peppered the town, are of a mild form. The fact, however, of having had the regular old measly measles, offers no protection against the German measles, and so young and old are having them.

The entertainment given at the Pilger opera house by Cyrus Brownlee Newton was quite well attended, and was greatly appreciated by all. As an entertainer Mr. Newton is first class. He kept the audience in an uproar of laughter from start to finish. The efforts of Prof. Mead and Superintendent Hendrickson to get Mr. Newton here are greatly appreciated by all who attended.
