You are requested to take well filled baskets and everyone is asked to bring a lemon. This is to be the picnic of the season. If you miss it you will miss a jolly good time. Mr. Tracy desires us to say that a number of farmers have consented to take their teams out of the field in order to have plenty of conveyances and he wants all wagons well filled. So take a day of and go to the picnic.

**Population of the World.**

During the last seventy years the population of Europe has risen in round numbers from 216,000,000 to 400,000,000; that of Asia and Africa has probably increased a little more slowly; that of America has become more than three and a half times as great as it was in 1830. Altogether, the world's population is now about 1,600,000,000, and was 847,000,000 in 1833.

**The Foundation of Health.**

Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all food into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Despepsia, and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by Oden-dahl Bros.

**How We Celebrated.**

A very pleasant Fourth of July was experienced by those of our people who remained at home. The day was all that could be desired, and although there were no preparations made for celebrating, there were many in from the country and the town seemed to be full of life and pleasure. Some families remained at their residence and enjoyed a social family gathering while others visited with relatives. All enjoyed the usual fill of ice cream, lemonade and such other dainties as the heart desired. In the evening a beautiful display of fire works was sent up from nearly every part of the City.

**Teacher's Institute.**

The annual session of Sherman County Teacher's Institute will convene at the high school building in this city, August 8th, 1903. The superintendent has not as yet informed us as to who the instructors will be or with any particulars of the program, nevertheless we will try and get on to a few facts for our next issue.

With few exceptions every town in the state celebrated the Fourth of July this year and throughout all the land the people enjoyed the contents of a full dinner psal. W. J. Bryan and the Times rag to the contrary notwithstanding.

**A Gambling Omen.**

An Englishman, who is an habitue of the Monte Carlo tables, came over from Mentone in the same compartment with five negroes. He instantly accepted the occurrence as an omen, determined to risk five louis on black at the fifth table, leaving his stake for a run of five. As luck would have it his inspiration proved good. Black turned up five times, enriching him to the extent of \$620.

**Sharks as Vermin.**

Every once in awhile you come across a man who sports a walking cane made of a shark's backbone. The Nicaraguans are experts in taking sharks, and under the laws of the country the "tigers of the sea" are caught and destroyed as vermin. There is no duty on any industrial product derived from them. The skins are used in the manufacture of leather for sword grips and numerous fancy articles.

**Catarrh of the Stomach.**

When the stomach is overloaded; when food is taken into it that fails to digest, it decays and enfames the mucous membrane, exposing the nerves and causes the glands to secrete mucus instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I have suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure. J. R. Rhea Copprill, Tax. Sold by Oden-dahl Bros.

**His Last Hope Realized.**

[From the Sentinel, Gelo, Mont.]

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors bought his one small bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The reason for bowel disorders being at hand suggests this item.—For sale by Oden-dahl Bros.
