## Then Act

Many people plan their whole lives to have a bank account and then leave this world without so much as a start at one. Planning isn't worth anything unless followed by action. Good intentions never land you anywhere. Make your plans to start an account with us this week and back up your plans with action.

 Last Friday, Messrs. W. F. Mason, H. Jenner, S. E. Galloway and Wes Pedler autoed over to Litchfield to take in the Litchfield Woodman Day and Street Carnival, and when they got home reported our sister village having had big crowds and a fine time. However, the gentlemen above named had a much more strenuous time in returning home, as the rain that day made the roads almost impassable and in going over them had the supreme pleasure of getting thoroughly drenched, putting their auto out of commission and having to wait by the side of the road, some five miles out, till a phone message to Wm. Schuman brought that gentleman to their relief with an auto and "fetched" them home.

Some two weeks since, our good friend, F. E. Kennedy of Logan township, who has been having a terrible time for months with his old enemy, rheumatism, went to Eureka Springs, in Missouri, for treatment, and the most encouraging reports are received he is gaining finely. Last week, his good neighbors bunched together and put up his hay crop and did other necessary work about the farm, which had gotten behind because of Frank's almost helpless condition. That is what we call the best Christianity, with a big "C" on earth, and no wonder that Mrs. Kennedy wishes for the Northwestern to extend her heartfelt thanks for the big hearted fellows who came to their assistance and we want to add right here that the boys could not have done the act to a more worthy couple, nor to any who would more heartily appreciate the kindness and good will.

The quarterly conference of the Methodist church of this city was in session Tuesday evening of this week, the reports showing the work in most excellent condition. A resolution was unanimously passed asking the return of Dr. Leeper to this charge for the coming year. This is a handsome acknowledgment of the good work done for the church by the genial pastor. We congratulate the church over the preference of Dr. Leeper and we also congratulate the good doctor over the call to return to continue the work for the coming conference year. Personally, the Northwestern has a very warm regard for Dr. Leeper, who, while deeply interested in the church and its needs and wants, yet finds time to extend the glad hand to the community at large and counts among his friends all with whom he comes in contact.

Some mills cut prices and offer new wheat flour to their trade as soon as it is threshed. We prefer to hold old wheat on hand and have our merchants sell old wheat flour until the new wheat is in condition to grind. This is one reason our flour trade is increasing about 100 per cent each year. You better buy a few sacks of old wheat flour and keep the housewife happy. Special prices on 500 pound lots.
