J. W. BURLEIGH, Editor and Pub

A letter received by the Northwestern of late date from Congressman Kinkaid, thanking us for our support in the past, conveying his thanks as follows for the very generous support accorded him by the voters of the district, which officially gives him a plurality of 6,236:

My Dear Mr. Burleigh:—Now that the campaign is over and the result generally ascertained, I am writing you to thank you and do thank you most heartily for what you have done both individually as well as thru your Northwestern in behalf of my candidacy. I would be glad if you would thank the voters generally in your county for me, regardless of party, for their very generous support.

My plurality is 6,236; two years ago it was 4,700 and four years ago it was 2,400. With the ballot seven feet long and my name five feet down from the top, the compliment implied by so many thousands coming "across," as it were, for the sole purpose of voting for me individually is too great for due acknowledgment by me. No one could reasonably expect to be more highly honored by a constituency. I am indeed grateful to the people regardless of party for the generous support given me and would esteem it as a personal favor if you would so express me in your valuable paper in substance at least as in this paragraph contained.

Sincerely Yours,
M. P. KINKAID.

A sensational political aftermath was sprung on our people last Friday, when W. J. Fisher, late candidate for county attorney at the hands of the progressives in this county, and who on the face of the returns was defeated by 295 votes, filed papers in contest of the election of his opponent, J. S. Pedler, who received the votes of republicans, democrats and socialists, as their candidate, and who received, according to returns 1075 to Fisher's 780. In the complaint, which covers some twelve pages of closely typewritten copy, it is claimed that the corrupt practices act was violated at both elections, and names numerous and divers persons who are claimed to be the beneficiaries of various amounts not in accordance with the provisions of the above act. The third ground of complaint is that Mr. Pedler was not entitled to the some four and more hundred votes he received from the democratic and socialist voters at the general election. The case will come up at the next session of the district court. It is not in the province of the newspaper to express in advance of the hearing of the case in the district court any opinion regarding the above, either favorable or adverse, and we merely give the facts as taken from the complaint filed without color.

Some three years ago, a man came into the Northwestern office and asked us to send him the paper on time. Supposing him an honest man, we trusted him accordingly. After taking the paper all said time, never offering to pay for same, and being cut off the list, he goes to our contemporary and pays cash for a year's reading of that paper in advance. We are glad to know that our brother is not destined to lose from the same source. However, the man is liable to contract the cash in advance habit hereafter in reading either of the county papers, as his reputation has even penetrated newspaper sanctums.

Our sister town of St. Paul has aroused itself to virtuous indignation against speeding autoists and has pulled off a number of fine stunts on the horseless carriage fellows who have been going to fast for comfort.

Omaha draws the line at 240 saloons and refuses to grant licenses to more.

Our Odd Fellow brothers are at present engaged in putting their new lodge room in fine shape and expect to occupy the same in about two weeks. When completed, it will be one of the finest in the state. The floor will be covered with a costly carpet, and fine upholstered chairs will be placed at the stations of the chief officers, while the balance of the furniture will correspond. The rooms will be lighted with electricity. The local order is out of debt and has money in the treasury. The outlay being made will reach close to \$1000. The three-link boys are among our best people and the best is none too good for them.
