### Sporting Department

The big wrestling match at Lincoln last week Wednesday resulted in Keegan, the champion light weight of the world, winning over Robinson, the state champion welterweight, in two straight falls, both times with the scissors and bar arm holds, Time, 44½ and 14½ minutes. While the result was not unexpected, yet the many friends made by Ross Robinson in his visits here could have wished otherwise.

The wrestling match to be held in this city last week between Lee Scott of Ansley and Joe Stecker of Dodge failed to materialize. At a late moment Scott found he could not be here the dated Tuesday night and a later date of Friday night was fixed but this time it was Stecker who had other dates to fill. An effort is being made to get the big chiefs here some time in January and clinch their coming next time.

The boxing match at Grand Island last Thursday night between McCarthy of Ravenna and Montana Jack Sullivan of O'Neill, a 10-round go, resulted in a draw, with both men in good shape to go on. M. C. Mulick and Fritz Bichel went down from here to see the fun and were well repaid in witnessing one of the cleverest bouts ever pulled off in the state. A \$700 to \$800 house greeted the fight. They will meet again about the middle of January at Ravenna to try conclusions and quite a number propose attending from here. Sullivan is a past master in the art, with several years' experience and, in the past, against top notches, but the Ravenna boy is the fastest youngster he has run up against, and it is confidently expected McCarthy will take Sullivan's measure the next time they meet.

### Ready For Parcel Service

New System Will Be Effective January 1st

Any Article May Be Insured

Regulations to cover the workings of the new parcels post system, which is to go into operation on January 1st next, were made publicly by Postmaster General Hitchcock a few days ago. The new system will be effective throughout the entire postal service at the same time and will effect every postoffice, city, rural and railway mail transportation route in the country. Every precaution will be taken by the postoffice department to have the mails moved with the usual dispatch and all postmasters, superintendents and inspectors have been directed to familiarize themselves and their subordinates with every phase of the new system. Mr. Hitchcock expressed the hope that the public would familiarize itself with the nature of the new service before attempting to use it.

Information will be available at any postoffice in the country in a few days. The regulations provide that parcels of merchandise, including farm and factory products (but not books or printed matter) of almost every description up to eleven pounds in weight and measuring as much as six feet in length and girth combined except those calculated to do injury to the mails in transit, may be mailed at any postoffice in the country.

Delivery will be made to the homes of people living on rural and star routes as well as those living in towns where there is delivery by carrier.

The postage rate for the first zone, that is, within distances not exceeding fifty miles, will be 5 cents for the first pound and 3 cents for each additional pound.

The rates increase for each successive one of the eight zones into which the country is divided, the maximum rate being 12 cents a pound, which will carry a parcel across the continent or even to Alaska or the Philippines.

For a fee of ten cents a parcel may be insured and if a parcel is lost in the mails an indemnity to the amount of its value not to exceed \$50 will be paid to the sender.

The law provides for the use of distinctive stamps, and there is now being distributed to postmasters for the use in the parcel post system a set of stamps of twelve denominations. Parcel post maps with accompanying guides are to be sold to the public at their cost—75 cents—through the chief clerk of the postoffice department.

### See Us First

We help you select appropriate gifts not expensive ones. But of the highest quality. You will save minutes and money by visiting our store.

HENRY M. ELSNER

Dr. Emma Wiers, a vital science healer from Grand Island, was here over Sunday treating Mrs. T. D. Wilson, and has several other patients here. Mr. Wilson tells us that she has helped his wife quite perceptibly.

When the Rexall store moves into their new quarters in the Waite block, Jeweler Lou Schwamer will occupy the entire Chase building with his jewelry works and with the addition of pianos and musical instruments. Lou means to give our people an up-to-date jewelry and musical instrument house.

**Road Notice**  
(Smith)

To all whom it may concern: The commissioner appointed to locate a road commencing at a point about 100 rods west of the southeast corner of section three (3) on road No. twenty-three (23) and running thence north following the traveled road and terminating at the county line between Sherman and Valley counties, to be 40 feet wide, all in town sixteen (16) range sixteen (16), is repleated in favor of the establishment thereof, and all objections thereto or claims for damages must be filed in the office of the county clerk on or before noon of the 9th day of February, 1912, or such road will be established without reference thereto.

W. C. DIETERICHS  
County Clerk.

### Loup City on Line of Proposed New Road

And again Loup City is on the map of a proposed new railway, this time mapped out as running from Yankeon, South Dakota, across Nebraska to the Gulf. The proposed new line is called the Midland Continental Railroad Company. It is already incorporated in South Dakota, and has now filed articles of incorporation in Nebraska. The company has a capital stock of \$250,000 and proposes to build a line from Boyd county on the north line of this state to Smith Center, Kansas. The directors are Herbert S. Duncombe, Joseph D. Small, W. E. Jenkins, E. J. Mohr, E. G. McGilton and Frank H. Gains, the two latter being Omaha men, McGilton being formerly lieutenant governor, while Jenkins is the Englishman who is at the head of the exploited Canada-to-the-Gulf road through Kearney. The proposed route of the company, according to published reports, may be either of two, according to its articles, south through Boyd, Holt, Wheeler or Greeley, Sherman or Howard, Buffalo or Hall, Kearney or Adams, Franklin or Webster, to Smith Center, Kansas. Wonder if it might not be another name for or in connection with the Carrington-Kearney-Bellevue-Galveston proposed line? If so, it looks as though Mr. Jenkins was pulling two strings to make the air line turn from Kearney to Carrington sit up and get action in case bonds were asked of these towns.

### Might Have Lost an Eye

Last Saturday afternoon as Mr. John Sinner, who recently moved to Loup City from Iowa, was passing the Keystone Lumber Co.'s office, on his way to his home in the northwest part of the city, accompanied by his 12-year-old daughter, Pauline, the girl was struck in the left eye with a piece of metal, or a shot, probably from a sling shot or air rifle, making a puncture in the lower lid, which had the eye been struck a quarter of an inch higher must have resulted in the loss of the sight. However, as it was, Mr. Sinner took the little girl to the office of the Dr. Bowman, who dressed the eye and thinks no serious consequences will follow. As we understand it, there is an ordinance making a fine of \$10 against anyone using an air rifle or a "nigger shooter" (sling shot) within the corporate limits of the city, and if the injury was received from either of these, it is to be hoped the culprit may be brought to time. We have noticed too many of our small boys lately with the deadly little "nigger shooters" and have taken occasion to admonish the boys about them, and their danger, and have been expecting ere this to hear of some accident from their use. It is to be hoped if the accident to the little girl resulted from one of these, that the boys will destroy these senseless affairs so that no more accidents may result.

### Burlington Won Case Appealed

In the suit brought by the Burlington against Carl Rudolph for collection of \$16.80, the particulars of which were given in this paper (and in the Northwestern) last week, the Burlington was given a judgment for the amount by Judge Peterson last Thursday. The law is such that Judge Peterson found no way of deciding otherwise, there having been a number of cases like this in the state. The railway company claims that it is liable under the law to prosecution for rebating if it does not press suit for collection where there has been an undercharge. Mr. Rudolph, through his attorney, H. F. Allen, has appealed the case to the district court.—Central City Nonpareil.

### Kicked by Horse Skull Fractured

Last week Tuesday evening, about 6 o'clock as Martin Johnson, an old gentleman of 72 years, living alone with his aged wife some ten miles north of Loup City, was attending to his stock, he was kicked on the right side of his head in front and above the ear, by one of his horses, fracturing the skull. His prolonged absence at the stable alarmed his wife who going out to the barn found the old gentleman lying up against the side of the barn in an unconscious condition. She tried to remove him, but was unable to do so. Leaving him, she went to the home of her son, and nearest neighbor, Hans Johnson, a mile away, who telephoned for Dr. Main and hurried back to the scene of the accident. The husband and father was still lying in an unconscious condition and was carried to the house and the wound washed and cared for the best they knew how. Upon the arrival of Dr. Main an examination resulted in finding the skull fractured from just above the cheek bone to an inch and a half above. On Wednesday evening, Dr. Grohan of St. Paul arrived and with Dr. Main operated on the wound, removing the portion of injured bone. Since the operation, the old gentleman has been in a comatose condition most of the time, but rousing Friday and Saturday nights with requests for something to eat, but outside of that seems insensible to pain and inclined to speak of the accident in any way. Up to Monday he was still alive, and it may not be known for a time what the result may be.

### Lucky Escape From Death

About nine o'clock Monday night while Mr. Roberts was running the engine at the light plant the engine began balking, the valve kept sticking and Mr. Roberts thinking the engine just about dead, and that it would not give another explosion, so Mr. Roberts not thinking, removed a cap from the valve cage, just then the engine gave another explosion which blew Mr. Roberts about twenty feet right out the door, the valve struck Mr. Roberts, an the thick part of the leg, cutting a gash about three inches long and quite deep, Mr. Roberts bled a great deal and was unconscious for a short time. The valve which struck him weighed fourteen and a half pounds. Mr. Roberts is getting along as well as could be expected.—Arcadia Champion.

A Des Moines paper states that two auto delivery wagons have been delivered to the postoffice in that city to go into service with the coming of parcel post on the first of January. Undoubtedly the government, in going into the merchandise business, will require these auto wagons in every city of any importance. An indication of what is expected through parcels post is shown in the fact that Sears-Roebuck & Co. of Chicago have made requisition on the Chicago postmaster asking that seventy-five cars be detailed for the use of their house in handling parcels post after January first. To those who have figured that the country merchant is not going to suffer through this character of legislation, the way the mail order houses are preparing to use parcel post is a sure indication of what is coming. manipulator of the "talkee" will be secured.

### Charley Wharton in Big Fire at Lead, S.D.

News has been received here that Charley Wharton was in a big fire at Lead, S. D., on the 14th instant, barely escaping with his life and losing his trunk and all his clothes, save one suit of every day wear. He was working in an undertaking establishment with rooming house above, and was just getting ready for bed, when there was an alarm of fire in the building and so quickly did the flames spread that all had only time to get out themselves, without chance of saving any of their belongings. The fire was of incendiary origin, and the whole structure was destroyed. No fatalities, although some injured in jumping from upper windows.

**Order of Hearing and Notice on Petition for Settlement of Account**  
in the County Court of Sherman county, Nebraska  
Sherman County, Nebraska

To the heirs and all persons interested in the estate of Adolph D. Siefel, deceased:

On reading the petition of Theresa K. Siefel, administratrix of said estate, praying a final settlement and allowance of her account filed in this court on the 21st day of December, 1912, and for decree of distribution and final settlement of estate and for her discharge as administratrix of said estate. It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held in and for said county, on the 25th day of December, A. D. 1912, at one o'clock p. m. to show cause if, any there be, why the prayer of the petition should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Loup City Northwestern a weekly newspaper printed in said county, for three successive weeks prior to said day of hearing.

E. A. SMITH  
County Judge

(SEAL)  
(Last pub. Dec. 26)

### Christmas Exercises At the Churches

At the Swedish Christian church in excellent program was given on Christmas Eve, a number of the scholars deserving great credit for singing and distinct speaking. Some handsome booklets were given those an attendance on the Sunday school faithfully during the year.

At the Presbyterian church there were specially prepared Christmas services last Sunday evening, the regular Christmas program coming Tuesday evening with a short cantata, exercises by the school and distribution of candy to scholars, a large audience being present. Austin also had a nice Christmas entertainment the same evening.

The Christmas exercises by our Methodist friends occurred in their church last Sunday morning and evening, a new innovation here. Sunday morning there were special Christmas exercises in the way of music and especially prepared sermon, a large congregation present, and at the close of Sunday school followed distribution of treats to the children. In the evening the Sunday school, assisted by the choir, gave a nice program of music, recitations, dialogues, marches, etc., the church filled to overflowing.

If you have a horse or a mule to sell, call phone 5-on-88.
