Boyd Burrows blew in on us last Saturday with his smiling face and made dates for his splendid show to be with us Saturday evening of this week for one night only. Boyd is one of the best fellows and showmen on earth and the people of Loup City always show a just appreciation by giving him a tent full of people whenever he appears here, rain or shine.

Mr. and Mrs. J. W. Conger returned Monday evening from their sad errand to St. Louis to the funeral of Mrs. Conger's father, and to prove the old truth that troubles never come singly, Mr. Conger came home quite ill and has been under his physician's care since, but as we go to press is much better, though still confined to his home. Here's hoping he may soon be up and around again as good as ever.

The following short obituary notice has been handed us regarding the late William Cox, whose death we announced last week: "William Cox, was born at Oswego, Illinois, August 11th, 1844, and was married to Clara Henning, at Plano, Illinois, February 23, 1870. To this union were born seven children, three dying in infancy, the other four, with his wife, still live to mourn his loss. The children are: Charles, Fred, Mrs. Hattie Warwick and Loren, all of whom were at his bedside during illness and subsequent death."

On the first page this week is an interesting story of the recovery of an old Bible lost, during the war and which but lately has been recovered by the rightful owner, Mr. Smith of St. Paul, father of our Nelson Smith of the Loup City Mill and Electric Light Co. Nelson was down to St. Paul Monday and saw the Bible just recovered and visited a day with his parents. The fact that it was Nelson's aged father who figures in the story lends local coloring to the story and adds to its interest with our people. Read the story and know that "Truth is stranger than fiction."

In the rush of other matters last week we neglected mention of the splendid reading given at the opera house by Miss Elizabeth Erazim on the 12th instant. The title of the reading was "The Polish Boy," and is the one in which Miss Erazim won the first medal in the interstate contest some time ago. All who heard the talented young lady will agree with us that it was one of the finest, if not really the best reading ever given in our city. In fact, her pose, words, gestures, emphasis and clearness of enunciation were as near faultless as anything of the kind we ever heard, and it is not to be wondered that the judges gave her first place by a number of points.

Expects Roosevelt to Be Republican Candidate in 1916

Lansing, Mich., July 18—Prominent politicians were today discussing with interest the statement of United States Senator Porter J. McCumber of North Dakota, who addressed the state bar association convention last night and who expressed the belief that Colonel Theodore Roosevelt would become a candidate for president on the republican ticket in 1916. "I believe Roosevelt's friends are planning to enter his name in the primaries in the various states and he will become an active candidate for the nomination for president on the republican ticket," said McCumber.
Many lawyers here believe the Colonel realizes he would fare well in the primaries and when the time comes will attempt to amalgamate the progressive and republicans.
Secretly it is said a number of prominent state politicians hold the same opinion as McCumber.

Remember Burrows & Leon's big tent show this coming Saturday evening.

They will give the thrilling war drama, "Friend or Foe," which has all the thrills you could wish. Boyd is sure to be at his best.

Discouraging statistics and a good deal of talk are offered about the immense number of people who reach old age without provision for meeting its needs. Evidences are not lacking that the statement in this direction is overdrawn, since a lack of material possessions does not always prove a state of dependence upon public charity. Many old persons have invested their means in earlier years in sons and daughters that prove an investment capable of paying and that do pay large dividends in love and care Old age without houses and land and stocks and bonds is not always improvident old age. Signs there are of a degree of improvidence in the younger generation that would seem to bode destitute old age; and yet who could be downcast about the situation in the face of the fact that the savings banks of this country have on deposit more than four billions of dollars—proof of thrift—which means hard work and careful savings through self-denial—that discounts to a degree the evidence that this is an extravagant and a thoughtless age.—New Bedford Standard.

OUR OWN MINSTREL

"Mistah Wilgus, wot am de difference 'tween a grass tinted hornascopia—"
"You mean cornucopia, don't you, George?"
"Dat's what I said—hornascopia. Wot am de difference 'tween a grass tinted horniscopia an'—an' a literary woman?"
"I give it up, George; what IS the difference between a grass tinted cornucopia and a literary woman?"
"De one am a greenhorn an' de uthah am a bluestockin'."
"Ladies and gentlemen, after devoting a few moments to killing the depraved author of that wretched conundrum, Prof. Gottenmall Skinnid, the eminent vocalist will sing the pleasing sentimental ballad entitled: "Mother, Dear, Where's the Formaldehyde? I've Been Kissing an Alderman!"

Hope of the Future.

"Strenuous efforts are being made to do away with seasickness on board ship."
"The people who are working with that end in view are true philanthropists."
"Seasickness is a terrible affliction."
"Oh, I wasn't thinking about that so much, but of course if seasickness becomes a thing of the past, so will the jokes about seasickness."

HOW INNOCENT.

"Cora, I was shocked to see young Huggler kiss you as I passed the parlor door last night. Whatever induced him to take such a liberty with you?"
"I don't know, mother, unless it was because I dared him to."
An Outsider.
The early bullsnake goes to bat Along with other pets, But doesn't get the welcome that The early robin gets.

A LITTLE BIT HUMOROUS

All in the Sound.
Many tales might be told that hinge on the sounds of hastily spoken words to unaccustomed ears. The only true one we have heard of late is this:
Last week Charles de Harrack, the well-known pianist, stood in front of a local theater, being polite to a certain society lady. In order to make conversation he said:
"Have you seen 'Julius Caesar' this week?"
"No, I haven't," answered the lady. "Where is she playing?"
Judicial Satire.
Police Justice—Your name is Borus, is it? What is your occupation, Mr. Borus?
Struggling Author (who has been a bit too convivial)—Shooting folly your honor.
Police Justice—Well, you seem to need a better defensive armor; you are about half shot yourself.
Shifted the Burden.
"Her husband's death must have been an awful—shock to her."
"Oh, it was—terrible."
"But she married again?"
"Yes, she found another home."
"Did she recover from her grief, then?"
"Oh, she did. But her second husband is inconsolable."
Quibbling.
"Say, old top—"
"Why old top?"
"Because I'm going to ask you to take a spin with me in my new—"
"No, an invitation like that has a string to it."
Thus it was that the relations between the doctor and the professor became slightly strained.
