ARRESTS DEPUTIES

HUERTA IMPRISONS ONE HUNDRED AND TEN LEGISLATORS.

SIGN RESOLUTION OF WARNING

Cordon of Federal Troops Thrown About Building and Soldiers Invade Chambers.

Mexico City.—One hundred and ten members of the Chamber of Deputies, who had signed resolutions of warning to President Huerta as the result of the disappearance of Dr. Belisario Dominguez and Senator Forchipsas, have been arrested and lodged in the penitentiary. Five other deputies who signed the resolution were absent when a cordon of troops was thrown about the legislative building and several hundred soldiers invaded the chamber.

The arrests followed a demand by President Huerta that the chamber withdraw the resolution, which carried the threat that the deputies would abandon the capital, owing to an alleged lack of guarantee for their personal safety.

Senator Dominguez Eagle made a speech in the senate violently attacking Huerta, saying that not only had nothing been done during Huerta's regime toward the pacification of the country, but that the present situation was infinitely worse than before. He said the currency of Mexico had depreciated, fields had been neglected and towns razed and that famine threatened. He added that the situation was due first and foremost to the fact that the Mexican people could not resign themselves to be governed by Huerta.

Before the hour of the regular opening of the session of the chamber at 4 o'clock the basement and roof of the building had been packed with troops. Scores of police were scattered through the gallery.

When the deputies were in their places, Minister of the Interior Manuel Garza entered the chamber. Simultaneously several hundred federal troops lined up in front of the chamber.

Senator Aldape ascended the platform and read the reply of President Huerta to the resolution warning him to dissolve the deputies' intention to dissolve the parliament and demanding an investigation of the disappearance of Senator Dominguez.
