Woman Declared Legally Dead. In the eyes of the law of the state of Nebraska, Emma Booshe is a dead woman, though no certificate of death has ever been filed with the officers charged with keeping the mortality records. Judge Cornish of the district court signed a decree to the effect that "the legal presumption is that she is now dead." The decree of the court was granted upon the petition of Gerd H. Booshe, who was married to Emma many years ago. In his petition filed in district court a few weeks ago he alleged that Mrs. Booshe left him in 1904 with the avowed intention of going to her old

We like to defend our indulgencies and habits even though we may be convinced of their actual harmfulness. A man can convince himself that whiskey is good for him on a cold morning, or beer on a hot summer day -when he wants the whiskey or beer. It's the same with coffee. Thou-

sands of people suffer headache and nervousness year after year but try to persuade themselves the cause is not coffee-because they like coffee. "While yet a child I commenced using coffee and continued it." writes a Wis. man, "until I was a regular coffee fiend. I drank it every morning
