

Mrs. John La Rue, of 115 Paterson avenue, Paterson, N. J., says: "I was troubled for about nine years, and what I suffered none will ever know. I used about every known remedy that is said to be good for kidney complaint, but without deriving permanent relief. Often when alone in the house the backache has been so bad that it brought tears to my eyes. The pain at times was so intense that I was compelled to give up my household duties and lie down. There were headaches, dizziness and blood rushing to my head to cause bleeding at the nose. The first box of Doan's Kidney Pills benefited me so much that I continued the treatment. The stinging pain in the small of my back, the rushes of blood to the head, and other symptoms disappeared."

CAUGHT BY THE GRIP. RELEASED BY PE-RU-NA.

"The world of medicine recognizes Grip as epidemic catarrh."—Medical Talk.

LA GRIPPE is epidemic catarrh. It spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to la grippe. None are exempt—all are liable.

Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy American to read "grip." Without intending to do so a new word has been coined that exactly describes the case. As if some hideous giant with awful Grip had clutched us in its fatal clasp. Men, women, children,

whole towns and cities are caught in the baneful grip of a terrible monster.

The following letters speak for themselves as to the efficacy of Peruna in cases of la grippe or its after effects.

After Effects of La Grippe Eradicated by Pe-ru-na.

Mrs. Fred Weinberger, Westerlo, Albany County, N. Y., writes: "Several years ago I had an attack of la grippe which left my nerves in a prostrated condition. Then I had another attack of la grippe which left me worse. I had tried three good physicians

Prehistoric Remains.

An Indian territory exchange says there is a ridge of land in the Osage nation covered with car loads of antediluvian remains. The collection of petrified bones covers several acres, and it is estimated that about a hundred car loads of the stony remains of prehistoric animals are lying on the "nogback." Most of the preserved relics of a long past period are larger than the skeletons of the present elephants, and several of the bones are still white. A local scientist suggests that the animals fled to the ridge to escape a flood and died there.

Australian Government Sued.

The Australian government finds itself the defendant in a suit for \$5,000 on account of the most absurd of decisions. The new immigration law declares that an immigrant must submit to an educational test in his native language before he is allowed to land. Not long ago a mate on a ship was arrested for smuggling. When he was released he was ordered to submit to the test or be expelled from the country. It was found that his father was a German and his mother a native of Egypt. He was born in Alexandria. It was decided, however, that his native language was Greek, since Greek is the European country nearest to Egypt. He failed to pass an examination and was condemned to a further imprisonment of six months. Now he is suing for damages, with a fair chance of getting them.

WELL POSTED.

A California Doctor With 40 Years' Experience.

"In my 40 years' experience as a teacher and practitioner along hygienic lines," says a Los Angeles physician, "I have never found a food to compare with Grape-Nuts for the benefit of the general health of all classes of people. I have recommended Grape-Nuts for a number of years to patients with the greatest success and every year's experience makes me more enthusiastic regarding its use. "I make it a rule to always recommend Grape-Nuts and Postum Food Coffee in place of coffee when giving my patients instructions as to diet, for I know both Grape-Nuts and Postum can be digested by anyone. "As for myself, when engaged in much mental work my diet twice a day consists of Grape-Nuts and rich cream. I find it just the thing to build up gray matter and keep the brain in good working order. "In addition to its wonderful effects as a brain and nerve food Grape-Nuts always keeps the digestive organs in perfect, healthy tone. I carry it with me when I travel, otherwise I am almost certain to have trouble with my stomach." Name given by Postum Co., Battle Creek, Mich.

Strong indorsements like the above from physicians all over the country have stamped Grape-Nuts the most scientific food in the world.

but all in vain. I gave Peruna a trial. In a short time I was feeling better and now I am as well as anyone."—Mrs. Fred Weinberger.

Hon. James R. Guill of Omaha.

Hon. James R. Guill is one of the oldest and most esteemed men of Omaha, Neb. He has done much to make it what it is, serving on public boards a number of times. He endorses Peruna in the following words: "I am 68 years old, am hale and hearty, and Peruna has helped me attain it. Two years ago I had la grippe—my life was despaired of. Peruna saved me."—J. R. Guill.

A Relative of Abraham Lincoln.

Mr. Elias S. Lincoln, who resides at 913 I Street, N. W., Washington, D. C., has the honor of being third cousin to Abraham Lincoln. He writes: "I had la grippe five times before using your medicine. Four years ago I began the use of Peruna, since which time I have not been troubled with that disease. I can now do as much work at my desk as I ever could in my life. I have gained more than ten pounds in weight."—E. S. Lincoln.

Pe-ru-na Not Only Cured La Grippe but Benefited the Whole System.

Miss Alice M. Dressler, 1313 N. Bryant Ave., Minneapolis, Minn., writes: "Last spring I suffered from la grippe and was partially cured but the bad after effects remained through the summer and somehow I did not get strong as I was before. One of my college friends who was visiting me asked me to try Peruna and I did so and found it all and more than I had expected. It not only cured me of the catarrh but restored me to perfect health, built up the entire system and brought a happy feeling of buoyancy which I had not known for years."—Alice M. Dressler.

An Actress' Testimony.

Miss Jean Cowgill, Griswold Opera House, Troy, N. Y., is the leading lady with the Aubrey Stock Co. She writes the following: "During the past winter of 1901, I suffered for several weeks from a severe attack of grippe, which left a serious catarrhal condition of the throat and head. "Some one suggested Peruna. As a last resort, after wasting much time and money on physicians, I tried the remedy faithfully, and in a few weeks was as well as ever."—Jean Cowgill.

A Southern Justice Cured.

Judge Horatio J. Goss, Hartwell, Ga., writes: "Some five or six years ago I had a very severe spell of grippe, which left me with systemic catarrh. A friend advised me to try your Peruna which I did, and was immediately benefited and cured. The third bottle completed the cure."—H. J. Goss.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
