

Miss Nellie Holmes, treasurer of the Young Woman's Temperance Association of Buffalo, N. Y., strongly advises all suffering women to rely, as she did, upon Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Your medicine is indeed an ideal woman's medicine, and by far the best I know to restore lost health and strength. I suffered misery for several years, being troubled with menorrhagia. My back ached, I had bearing-down pains and frequent headaches. I would often wake from restless sleep, and in such pain that I suffered for hours before I could go to sleep again. I dreaded the long nights as much as the weary days. I consulted two different physicians, hoping to get relief, but, finding that their medicine did not seem to cure me, I tried your Vegetable Compound on the recommendation of a friend from the East who was visiting me. "I am glad that I followed her advice, for every ache and pain is gone, and not only this, but my general health is much improved. I have a fine appetite and have gained in flesh. My earnest advice to suffering women is to put away all other medicines and to take Lydia E. Pinkham's Vegetable Compound."—Miss NELLIE HOLMES, 540 No. Division St., Buffalo, N. Y.

Miss Irene Crosby, prominent in Social Life in East Savannah, Ga., adds her testimonial to the value of Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—"It always gives me pleasure to find an article of real value and unquestioned merit. I have found Lydia E. Pinkham's Vegetable Compound well calculated to relieve and cure the various troubles arising from irregularities and menstrual pains. "Much suffering could be spared if we only paid more attention to proper living and diet, but as long as women do not do this, your Vegetable Compound has come to the front as a true friend in need. I have been very pleased indeed with the relief it has brought me. I find that I have perfect health now, and that my mind is also more clear and active since I used your Vegetable Compound. It has been of great benefit to me, and I gladly recommend it. Very sincerely yours, Miss IRENE CROSBY, 313 East Charlton St., East Savannah, Ga."

Remember that every woman is cordially invited to write to Mrs. Pinkham if there is anything about her case or symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass. Her advice is free, and is cheerfully given to any suffering woman who asks for it.

GEN. ROBB HEARD

BEFORE COMMITTEE ON POST-OFFICES AND POST ROADS.

THE MEASURE HE ADVOCATES

Assistant Attorney General Says He Would Have Been Glad to Have Brought Prosecutions—As to the Case of Perry S. Heath.

WASHINGTON—The senate committee on postoffices and post roads heard Assistant Attorney General Robb of the postoffice department in advocacy of a bill to prohibit guessing contests, carried on by newspapers and circulars. The bill was prepared in the postoffice department and introduced by Senator Penrose.

During the course of Mr. Robb's statement the subject of the postoffice investigation was referred to, Senator Culberson asking if some men had not been protected by the statute of limitation.

Mr. Robb said that he believed that such was the case. Senator Culberson then asked if Perry S. Heath was not one of those protected by the statute.

Mr. Robb answered in the affirmative, adding that on account of the position which Heath occupied, both officially and politically, he would have been glad to have prosecuted him.

Senator Scott, at this juncture, declared that Mr. Robb was going outside his province in making such a statement. He declared that the postmaster general did not authorize him to make any such statement and would disapprove his doing so. Senator Scott moved that all reference to

INSULT THE FLAG.

Rebels Attack U. S. Consulate and Destroy Property.

NEW YORK—Indications now are that the Morales government will win, since the siege of the capital has been raised, says a San Domingo dispatch to the Herald. The Morales forces have, however, met reverses at Guerra and San Pedro de Macoris.

General Zapata of the revolutionists has been caught at Navarrete and has been shot. The insurgents have requested aid and ammunition from Hayti, which was refused. They are now making a forced loan at Azua, levying upon foreign merchants for \$200 and sugar estates for \$1,000.

Americans are requesting that the training ship Hartford be sent there as the insurgents are destroying lives and property. They have even attacked the American consulate. Business has been paralyzed and telegraphic communication interrupted.

WASHINGTON.—President Morales of the Dominican has been refused permission to blockade his own ports to keep out the revolutionists, as shown by the following report of the Navy department, by Captain Miller, commanding the cruiser Columbia.

This morning (February 18) the American three-masted schooner W. R. Perkins came in from the eastward and our boarding boat went alongside. The captain informed me that he had been warned of Macoris, and not allowed to enter by the gunboat Presidente, and was told that he must proceed to this port. Immediately upon receipt of this information I communicated with the minister, requesting him to communicate with President Morales and inform him that I wouldn't recognize his right to block-

the matter be stricken from the record.

The motion was carried by a strict party vote. Senators Culberson and Clay strongly objected to the proposition to strike the statement made by Robb from the record. Subsequently, Mr. Robb stated that what he intended to say was that if the evidence had warranted the indictment of Heath, he "would have been glad to see him take his medicine," on account of the high position he (Heath) held.

Robb also pointed out that in a public document presented to the senate by Senator Hale, it was shown that Mr. Robb expressed the opinion that a suspicion lay against Heath, and that there was not sufficient evidence to warrant an indictment.

PARIS.—The Mentone correspondent of the Associated Press says that he saw Mr. Kruger taking his usual daily walk today and adds that he appeared in excellent health.

Filipino Tobacco Workers.
WASHINGTON.—Secretary Taft Monday submitted to the house the petition of the tobacco workers' guild of the Philippine Islands, praying for a reduction in the tariff on tobacco. The guild is declared to represent 6,000 tobacco workers. The petition states that these workers received twice the wages under Spanish rule that they do now, the daily wage at that time being 50 cents. Prices of the necessities of life, it is stated, have increased threefold under American rule.

ade Macoris and refuse entrance to vessels flying the United States flag. The minister informs me that the president demurred at first, but finally agreed to the fact.

SAN DOMINGO.—United States Minister Powell has been informed that the insurgents at San Pedro de Macoris have secured the tugboat Barro, belonging to the Clyde Line of New York, and armed it. The Clyde Line steamer Cherokee has gone to Azua de Compostella, conveyed by the United States training ship Hartford. Many arrests have been made here, and several politicians were sent out of the country today on board the steamer Julia, of the Cuba line.

E. C. Reed, United States consular agent at San Pedro de Macoris is said to be in danger. Minister Powell has taken steps to secure the protection of all interests. The situation here remains unchanged.

DIES AT AGE OF 132 YEARS.
Enlisted in the United States Navy in 1805.

NEW BRUNSWICK, N. J.—Noah Raby died Tuesday in the Piscataway poor house, of which he had been an inmate for the past forty years. If he had lived until April 1 next, according to his own statement, he would have been 132 years old. He retained his memory and would recall many incidents of his long career until very recently.

He is said to have been born in Eatontown Gates county, North Carolina, on April 1, 1772. In 1805 he enlisted in the navy and served on the ship Constitution and the frigate Brandywine, on the latter of which Farragut was a lieutenant.

Bail for Anarchist Turner.
WASHINGTON.—In the supreme court of the United States Monday an order was issued for the release of John Turner on bail and setting the hearing of his case by the court for April 4 next. Turner is a British subject who was taken into custody upon arrival in New York last October on the charge of being an anarchist, and his deportation ordered. He was detained at Ellis Island and instituted habeas corpus proceedings in the circuit court for the southern district of New York.

DOCTORS FALL IN LINE.

Practicing Physicians recognize the unfailing reliability of Doan's Kidney Pills by Prescribing them for Backache, Kidney, Bladder, and Urinary Disorders—a tribute won by no other Proprietary Medicine. Four cases cited from "Notes of His Practice," by Dr. Leland Williamson, of Yorktown, Ark.

FOSTER-MILBURN Co., Buffalo, N. Y. YORKTOWN, ARK., Mar. 1, 1904.

Gentlemen—I have been engaged in the practice of medicine in this section for ten years. This is a very sickly climate, on the Bayou Bartholomew, near the Arkansas River. It is particularly malarious and miasmatic; we meet with many and various abnormal conditions of the human family, prominent among the cases in which I have been called upon to prescribe is kidney disease. Many of these disorders manifest themselves by pains in the back, often extending to other parts of the body; sometimes headache is present, caused by uramic or chronic uric acid poisoning, soreness in region of kidneys, cloudy, thickened and foul-smelling urine, discharges of pus or corruption; inflammation of the kidneys, extending to the bladder, is caused by excess of uric acid and decomposition of the urine. Hemorrhage is sometimes met with, caused by high state of inflammation or congestion.

There is no class of diseases a doctor is called oftener to treat than the variety of kidney diseases, in many of which the patient will have chills or rigors, followed by fever, a result of the kidneys failing to eliminate the uric acid poison from the system. Such cases require the kidneys restored to their natural functions, then the poison and foreign substances are removed—shock to the nervous system averted, and natural health restored.

I have, for some time, been using Doan's Kidney Pills in these many manifestations and with uniform success, curing most cases. I can further say that even in hopeless cases where they have waited too long, Doan's Kidney Pills afford much relief and prolong life. I can recommend the pills in conditions of excessive or deficient secretion of urine, as also in convalescence from swamp-fever and malarial attacks, as verified by the following cases in my practice.

CASE 1.
THOS. OXBELL, Bear, Ark., age 60. Pain in back for several weeks, then chills, irregular sometimes, severe rigors followed by fever. Gave good purgative of calomel and padoph, and Doan's Kidney Pills. After taking four boxes of the pills, patient up and enjoying good health for one of his age.

CASE 2.
Mrs. SMITH, Tarry, Ark., age 29, mother of four children. Had female complaint and kidney trouble, manifested by pain in back and urine irregular; sometimes very clear, changing to cloudy, and with much sediment on standing in chamber. Gave local treatment for female complaint and prescribed Doan's Pills; after using six boxes she regards herself as cured.

CASE 3.
BROWN EAKS, Wynne, Ark., age 21. Had severe case of malarial hematuria or swamp fever. Gave necessary liver medicine, calomel and padoph, and morph. sulph., to relieve pain, and ordered Doan's Pills for the high state of congestion and inflammation of the kidneys. Recovery resulted in two weeks. Prescribed Doan's Kidney Pills, to be continued until the kidneys were thoroughly strengthened and all pain in back subsided.

CASE 4.
ELIJAH ELLIOTT, Tarry, Ark., age 34. Pain in back and legs and headache. Uric acid poisoning. Prescribed Doan's Kidney Pills. After taking several boxes pain subsided—urine became normal, or natural, and patient able to resume his work.

These are a few of the typical cases in which I have used Doan's Kidney Pills. In a great many instances I use them alone with curative results, while with some others indicated remedies are associated.

I believe that by the judicious use of Doan's Pills many serious complications are arrested and many hopeless and incurable cases of Bright's disease prevented.

I have often found that one box of the pills is all that is required to effect a cure, but in some cases I continue their use until all symptoms are entirely absent and the cure effectual and permanent. Yours truly,

Dr. Leland Williamson, YORKTOWN, ARK.
