DOCTOR ADVOCATED OPERATION— PE-RU-NA MADE KNIFE UNNECESSARY.

MkS. EVA BARTHO, 133 East 12th St., New York City, N. Y., writes: "I suffered for three years with leuorrhea and ulceration of the womb. The doctor advocated an operation which I dreaded very much, and strongly objected to go under it. Now I am a changed woman. Peruna cured me; it took nine bottles, but I felt so much improved I kept taking it, as I dreaded an operation so much. I am to-day in perfect health and have not felt so well for fifteen years."—Mrs. Eva Bartho.
