Among the attractions of the Carnival, which seemed to appeal most strongly to the rising generation, was that of the merry-go-round, owned by Mr. J. F. Fredericks of St. Paul. Generally speaking, the merry-go-round proves a good deal of a nuisance, but in this case, and under control of Mr. Fredericks, it was a merry-go-round of pleasure. We are pleased to thus commend Mr. Fredericks, who has made a good amusement for the people.

LOUP CITY'S CARNIVAL.

The Carnival just concluded in our city will go down in history as one of its brightest and happiest pages. The opportunity is seldom afforded to take part in a more enjoyable event than the one just closed. For three full days and nights our streets were thronged with merry-makers. Every afternoon all business houses were closed and men, women and children hid themselves away to the fair grounds just on the south edge of town, and as one passed off the streets toward the race track, he moved among a halo of flags and bunting. Thousands of yards of gaily colored decorations lined the streets in every direction. Poles and columns had been erected only to be burdened with flags, lanterns and decorations. Words of welcome were suspended to attract the eye of the visitor. Refreshment stands loaded with fruits, etc., were met on every corner. The proverbial cane rack was abundantly in evidence. The shooting gallery, with its mechanical orchestra was surrounded by eager crowds waiting to take a shot at the galloping menagerie. A mammoth Merry-go-round, with its melodious pipe organ, caught the fancy of the younger people, and the rag baby and kindred attractions were also well patronized.
Soon after noon the vast crowd was transferred almost as by magic to the fair grounds. On both sides of the race track, in the infield and about the judges' stand, hundreds of people of all classes gathered to see the racers. Yes, and they saw them, too. The little, beautiful thoroughbred birds cavorted about the starting place, too anxious to be off, their slender legs looking like polished bars of steel, and their veins standing out like whip cords. "Steady! Go back again!" said Starter Moore, in tones dignified but commanding. And back again they went until the word "Go!" was finally given. The earth trembled beneath their long, terrible strides. They looked like ghosts pursuing the fleeting wind. Up the back stretch they go around the upper turn, and are headed into the stretch for home. Every rider's face is pale with excitement. Out flies the stinging lash, and the hoof beats come harder and harder. The white foam flies from the wet sides and they are past you, Little May, Jimmie Hicks and Sundance. It was a race fit for a king, and the eager throng testifies to it by the acclaim of hundreds of voices. And so for the three afternoons race followed race in rapid succession. Looking up in the judges' stand we saw Adam Conhiser of Sargent, Ed Munn of Hazard and Ed Miner of Ravenna. These gentlemen, together with Starter Moore, managed the races to the entire satisfaction of every one. We must qualify that statement a few lines farther on. We want to say that every race was a genuine contest of speed. The fastest horse got the money. Through the entire meet there was but one little case of the rider's arms being over strong. In that case the judges ordered the horse taken to the stable. He was a magnificent animal and should be in better hands.
Prof. Rice gave some of the most successful balloon ascensions that it has ever been our good fortune to witness. Mr. Frolich, the high diver, leaping from a hundred foot ladder into a net at the bottom, was a feat challenging admiration. The base ball, trap shooting and tennis contests and the races in detail have special mention elsewhere.
Space forbids giving but partial details of principal events, and but little mention of minor affairs.
"Oh! I am coming again, next year," was an expression heard on every hand from the best dressed and best behaved throngs of people ever in Loup City.
The gambler and the tough were not present.
We heard nothing but praise; not a complaint nor an ugly word reached our ears in the three days. Loup City will speed the day when as happy and jolly a throng of Nebraska's best people shall again come as her visitors on any occasion.
The Racing.
The lovers of good racing and the attending excitement thereto, surely had their full quota of it all. Although the track was slow on account of the recent rains, and the speed necessarily lessened, yet the competition was such as to lend extra enthusiasm to the races. Our report of this department of the Carnival interest has of necessity been taken from the secretary's books, there having been no courtesies extended to the press to enable them to witness the races "Johnny-on-the-spot" and they were obliged to take a bird's-eye view of the same, like other "keep-away-from-the-judges'-stand" mortals, and were thus deprived of writing the races from a personal touch with the autocrats of the races. However, the press is assured that hereafter ample accommodations will be prepared for local and visiting reporters, that the races may be reported from the press, and no "hand-me-downs" will go.
Following will be found the official record of the races as reported by the secretary, speed not given us:

NOTES.
The attendance was not quite up to expectations but the boys all had a good time and went away satisfied.
Considering the small amount of practice the boys have had the scores made were good.
The score was ably and efficiently kept by Doctor Allen, of this city, to whom all the shooters extend thanks, as the position of score-keeper is an enviable one.
Some of the home boys had never shot back of the 16 yd mark and had some difficulty hitting the targets in the handicap event.
Campbell did some good work at the traps and won high average.
The handicap on Reed and John O'Bryan was too severe which accounts for their low score in the handicap event. They should have been on the 16 yd. mark.
Frank Grow won the club medal last week by breaking 21 out of the last 25 in the handicap. The last 25 targets were to be for the medal and was only contested for by the club members.
P. O. Reed won the hunting coat on Thursday by a score of 61 out of a possible 55 targets, being the highest average of the three events.
G. J. Campbell of Broken Bow won the cleaning rod and hand protector, on Friday and Saturday shoots, having the best averages.
Base Ball at Carnival.
There were many base ball enthusiasts at the carnival and the three games played were witnessed by large crowds. The first and third games were not overly interesting, but the game on the second day, between the Ord and Grand Island nines, was exciting. Following we give the score:

Loup City, 1 0 0 0 2 0 1 0 0—4

Tennis Tournament.

Three towns were represented in the tennis tournament held here on August 4th and 5th: St. Paul, Litchfield and Loup City.
George Pyne and Dr. Webster Nunn represented St. Paul. Both of these gentlemen have played tennis for several years and have defeated some of the best teams in the state.
Litchfield sent over six or seven of her players, Dr. Rydberg and Mr. Potter comprising her team.
Robert Mathew and Neal Hoyer were the Loup City players.
St. Paul defeated Litchfield 6-2 6-3 on courts located on the enclosed base ball grounds, in the northwest part of town, and defeated Loup City 8 6 6-4 6-3 on the afternoon and evening of August 4th. A crowd of about fifty visitors and Loup City people watched these games and cheered their respective teams.
George Pyne won the individual championship defeating Robert Mathew 6-3, 3-6, 6-4. Dr. Nunn defeated Dr. Rydberg 6-3, 2-6, 6-4. Second place in the individual championship was indefinitely postponed on account of the rain. This lies between Dr. Nunn and Robert Mathew.
