The consignment of fish were received by Wm. Oden Dahl, last Thursday evening as per mention last week. There were four large cans of them, two being emptied in Dead Horse below the mill and the others in Cob Creek about one mile west of W. O. Brown's.  
Mrs. Davis & Farnsworth of Grand Island, Neb., are prepared to treat all forms of chronic diseases, such as Rheumatism, Stomach disorders, Tumors, Cancers, Paralysis, Kidney diseases, etc. The doctors use, besides medicine and surgery, the x-ray, hot air baths, electricity and massage.  
S. F. Reynolds has within the past few days secured some thirty head of fat young steers for home consumption that are of the finest. It is a fact, and you can not say it of a large per cent of butchers, that Mr. Reynolds's kills only the best of stuffs for his market and lots of it, so you can have your choice of anything in the meat line and plenty of it for your money. He suits us just exactly.  
The first snow and sleet of the season came Tuesday afternoon of this week, followed Tuesday night by a heavy snow, which left the ground covered to the depth of several inches, Wednesday morning, with snow and sleet, continuing, several hours, which, with a high wind prevailing, made pedestrianism next to impossible. Work on the brick building and at the brick yard had to be suspended.  
Auburn (Ind.) Dispatch: "J. I. Depew of Loup City, Neb., is the guest of his father, Wm. Depew, in Jackson township, and other relatives. Mr. Depew is a leading citizen and mayor of his home city. He is now engaged in making the preliminary arrangements for putting on the market an invention of his, consisting of a machine which will tighten or set tires on the wheel without heating or removing the tire from the wheel. He has used it in his shop for two years, where it has proven a success in every particular. At first the machine was not strong enough to set 3-inch tires in this manner, but he has now so strengthened it that this is done successfully. By the use of the machine much time is saved, as by actual count of minutes he has set four tires of a buggy in ten minutes. No doubt he will find ready sale for the machines and we hope it will make him a little fortune."

Miss Minnie Graff of Aurora, Ill., who has been visiting the past three months with her uncle and aunt, Mr. and Mrs. S. F. Reynolds, left for home today over the B. & M. Miss Graff is a pleasant, winsome young lady, who has made a legion of friends during her stay, and who will regret her departure.  
We received a pleasant call yesterday from Mrs. M. T. Kerr of Aurora, and Mrs. N. Johnson of South Omaha. The former lady, accompanied by a sister, Miss Effie Seybold, were visiting their sister, Miss Mary Seybold, popular milliner for A. E. Chase, returning home today, while Mrs. Johnson was looking after her landed holdings some nine miles north and east of Loup City and will remain several days. Mrs. Kerr also visited with Mrs. Dr. Norton and Mrs. McLaughlin, former Aurora friends.

W. T. Gibson leaves next Monday for month's visit to his old Pennsylvania home. He goes by way of St. Louis to visit the exposition. Marshall Ritchie, who has been spending the summer here, returns with him.  
The first of the series of the lecture course arranged for the coming season, will be Oct. 23d at the opera house. Frank McClure Chaffee will be the attraction in his famous lecture entitled "Goblins of Our Grandfathers."  
Troubles never come singly in the family of Albert Klaska. It will be remembered that his boy lost an eye some months ago, and Sunday his 3-year old boy, while playing, fell, breaking both bones of an arm just below the elbow joint. Monday he was brought to Dr. Long's office, who reduced the fracture.  
Waiter Swayzee, who formerly lived in Brown county, and was a reader of the paper we published there, has followed our suit and moved to Sherman county where he is tilling the soil in Washington township, some ten miles northwest of Loup City. Of course he was not entirely happy till last Saturday when he subscribed for this paper, and then felt like old times.  
Dr. Kearns has made arrangements for receiving election returns on the night of Nov. 8th by telephone and a liberal amount has been subscribed by telephone holders in Loup City to that end. At a certain hour on that evening all local business will be suspended and all telephones will be open on central simultaneously and so remain for receipt of returns as they may be received direct from Omaha. This is a pleasant innovation, and will allow of sitting in our offices or homes and receiving direct news of the national and state elections. Undoubtedly the good doctor will give all necessary information pertaining thereto through our columns previous to the evening in question.  
Rev. John Madely has secured the pastorate of the Presbyterian church at Genoa, in the northeastern part of Nance county, and left Tuesday of this week with his household goods for that point. Mrs. Madely will visit with her mother until the reverend gets his goods in place ready for housekeeping. As we have said before, we regret the removal of the reverend gentleman from among us, and while we do so, congratulate the church and people of Genoa over the acquisition of one of the most eloquent pulpit orators in the west, and a royal, Christian gentleman as well, who, with his estimable wife, will make valuable additions to church and social circles of our sister city.  
Rev. W. L. Cowell, the new Methodist minister, with his wife and baby, arrived last week, and have been guests of Mr. and Mrs. W. R. Mellor, pending their establishment in the parsonage. Mr. Cowell delivered his first discourse Sunday morning, and elicited much favorable comment from a critical audience, and we believe will prove a worthy successor to Rev. Madely. He is a comparatively young man, but shows good oratorical ability, coupled with intense earnestness that augurs well for his future ministry in Loup City. We were very favorably impressed with the gentleman in the pulpit, and believe that impression will be augmented by a personal acquaintance, with which we have not so far been favored.

The Balsora school will give a box social at the school house Thursday evening, Oct. 27, for the purpose of raising money to purchase a school library.  
A new boy arrived Sunday evening, Oct. 2, 1904, at the home of Mr. Henry DeWitt. He is a young gentleman of rare intelligence, and we understand is in favor of Teddy Roosevelt for president.  
Mrs. James Eyans is enjoying a visit from her son, Arthur, this week, who is bookkeeper for H. D. Arnold & Co., at Cody, Wyo. He will return to his duties next week.  
L. A. WILLIAMS, Assignee.

**Everybody**

or most everybody, knows the Round Oak Stove. We can give you plenty of testimonials as to its superiority. In its new, up-to-date dress it is the handsomest stove on the market, and in tight fitting, fine workmanship and "business" it excels all others. Do not mistake other stoves for the genuine. Look for the name on the leg, "ROUND OAK." It is the stove you have always heard about. We will be pleased to explain it fully. Respt. yours,  
P. O. REED
